Winning Legally Managers Marshal Resources:

Winning Legally Constance E. Bagley, 2005-11-10 The rash of corporate scandals in recent years underscores a fact too often ignored in the business world flouting the law holds serious consequences Indeed all it takes is one rogue trader one greedy executive or one misinformed manager to place an entire organization at risk But respected legal expert Constance E Bagley argues that staying out of trouble is only part of the picture when it comes to legality in business In *Winning Legally* Bagley shows how managers can proactively harness the power of the law to maximize corporate value marshal human and financial resources and manage risk Through scores of classic and contemporary examples across the business landscape this no nonsense guide completely re frames the relationship of law to business Bagley explains how managers can use the law as a strategic tool to help select and work effectively with legal advisers spot legal issues before they become problems weigh the legal risks of specific opportunities and more Ultimately the responsibility for making tough business decisions lies with managers not with lawyers This timely book shows how managers can combine business audacity and vision with integrity and respect for the law to build truly great and enduring firms Constance E Bagley is an associate professor of business administration at Harvard Business School She was formerly a partner of Bingham McCutchen LLP and co author of *The Entrepreneur s Guide to Business Law*

Communication juridique et judiciaire de l'entreprise Hugues Bouthinon-Dumas, Nathalie Cheynel, Charlotte Karila-Vaillant, Antoine Masson, 2016-02-10 Tous les juristes savent que le droit n'est pas seulement une affaire de savoir et de savoir faire mais aussi de faire savoir La communication est omniprésente dans l'activité quotidienne des juristes qu'ils soient avocats juristes d'entreprises ou magistrats Ils sont ainsi de plus en plus souvent amenés à travailler avec des experts en communication et à cotoyer les médias Encore faut-il savoir bien communiquer Il y a des choses à ne pas dire et il y a des moments où il vaut mieux se taire Quand on prend la parole il faut connaître les bons médias et avoir une idée claire du message que l'on veut faire passer au service de sa stratégie Il faut trouver les bons mots et parfois cerner les mots pour les remplacer par des supports visuels En bref il faut maîtriser l'art de la communication juridique et judiciaire Au sein des entreprises la mise en place d'outils de communication adaptés permet de faire circuler efficacement l'information entre les équipes juridiques et les opérationnels La communication juridique interne apparaît

comme une clé de la performance de la fonction juridique. En externe, certaines décisions juridiques relatives notamment aux politiques de responsabilité sociale ou de corporate governance menées par l'entreprise peuvent être utilisées comme des instruments de communication à l'égard des tiers. Le droit peut ainsi devenir un élément majeur de la communication institutionnelle et des stratégies marketing des entreprises. Cet aspect des procès constitue des éléments minime-ment stratégiques. L'choix médiatique qui leur est donné peut être recherché et lorsque les justiciables subissent un procès, il est toujours possible d'en minimiser les effets à travers une communication judicieuse voire de transformer une affaire judiciaire en opportunité médiatique. Reunissant les contributions de juristes, d'experts en communication, de journalistes et de sociologues, cet ouvrage décrit et analyse donc le rôle de la communication dans l'activité juridique et judiciaire.

Proactive Law for Managers George Siedel, Helena Haapio, 2016-04-22 Savvy managers no longer look at contracts and the law reactively but use them proactively to reduce their costs, minimize their risks, secure key talent, collaborate to innovate, protect intellectual property and create value for their customers that is superior to that offered by competitors. To achieve competitive advantage in this way, managers need a plan. *Proactive Law for Managers* provides this plan. The Manager's Legal Plan™ George Siedel and Helena Haapio first discuss the traditional reactive approach used by many managers when confronted with the law, then contrast it with a proactive approach that enables the law and managers' legal capabilities to be used to prevent problems, promote successful business and achieve competitive advantage. *Proactive Law for Managers* shows how to use contracts and the law to create new value and innovate in often neglected areas and implement ideas in a profitable manner.
