Dyer,1998-10-07 Lives of great men all remind us We can make our lives sublime And departing leave behind us Footprints on the sands of time Footprints that perhaps another Sailing o'er life's solemn main A forlorn and shipwrecked brother Seeing shall take heart again Henry Wadsworth Longfellow In his inspiring new book Wisdom of the Ages bestselling author Dr Wayne W Dyer poses the question What do our ancestral scholars whom we consider the wisest and most spiritually advanced have to say to us today The answer lies in this powerful collection of writings poems and sayings by some of the greatest thinkers of the past twenty five centuries In succinct original essays Dyer sets out to explain the meaning and context of each piece of wisdom and most important to explain how we can actively apply these teachings to our modern lives From sixty ancestral masters Buddha Michelangelo Rumi Whitman Jesus Emily Dickinson and Emerson among others here are treasured passages on a variety of subjects including solitude time and passion Among the contributions are words on inspiration from Pantanjali c 1st to 3rd century b c author of the Hindu classic Yoga Sutras teachings about the power of prayer from 13th century monk St Francis of Assisi and thoughts about the importance of action written by Mother Teresa The voices collected here cut across a wide range of historical eras and cultures yet they communicate universal truths about the human experience Wisdom of the Ages provides us with a marvelous dual opportunity to receive guidance from our great ancestors and to recognize our own potential for greatness

Return of the Revolutionaries Walter Semkiw,2025-09-12 Two hundred and twenty five years ago a political revolution took place in this country which swept power from the English monarchy and gave it to the people of the New World Today a spiritual revolution is underway in which spiritual power and responsibility are passing from institution to individuals You'll be

shocked to learn that the same people are at the heart of both world changing movements John Adams Thomas Paine Samuel Adams the justices of the first Supreme Court and numerous other American Revolutionaries have been reincarnated as the political and spiritual leaders of today including George W Bush Bill Clinton Al Gore Marianne Williamson Shirley MacLaine and others Semkiw presents ample evidence that physical appearance character traits modes of thinking and expression as well as family and karmic groups often stay the same from lifetime to lifetime He s also included photographs demonstrating the startling physical similarities the individuals of the American Revolution share with today s revolutionaries As further support of the basic premise and reality of reincarnation Semkiw has included Dr Ian Stevenson s groundbreaking findings of children who report past lives as well as other case studies of individuals who have researched and written on their own past lives Discusses new research into using DNA to prove reincarnation Find out how physical appearance character traits synchronistic events karmic groups and spiritual guidance can be used to detect one s past lives Includes numerous black white photographs dramatically illustrating the similar physical appearance of revolutionaries past and present

*Off the Hook* Earl Wayne Heflinger, 2018-03-15 The author uses his own personal story of being born into a Christian fundamentalist family with extreme beliefs to paint a vivid picture of what life is like in toxic ideologies such as fundamentalist religion The book has three parts The first describes the spiritual abuse of his childhood due to stifling rules and restrictions inflicted by his parents caught up in their church s teachings on his thought processes and behavior The remarkably poignant stories show in painful detail how his self esteem was crushed how he was never intended to think for himself and how he was made to feel different and totally out of place in the world all by loving but misguided parents During his school days his social life was severely stunted because he felt like an outsider everywhere but in church The second part discusses his lifelong struggle with spiritual healing and his transition from a spoon fed belief system to a personally chosen worldview He thoughtfully muses about all the significant elements of religious spiritual belief systems God Jesus the Bible sin morality science life after death marriage divorce and others and contrasts his evolving beliefs with those of organized religion This is presented to give the reader a comprehensive illustration of how one particular seeker has constructed a personalized belief system through continual rethinking and updated understanding The third part calls on the author s advanced education and professional experience in business and government in analyzing and developing systems and procedures It describes with a wealth of tips and checklists the process by which he escaped a toxic ideology and came to feel intellectually free and off the hook It ends with heartfelt encouragement for anyone similarly affected by repression to accept all available helpful resources and muster the determination to claim their personal power
