Witchcraft Today Two Rites Of Passage Bk 2:

Between the Worlds Siân Lee MacDonald Reid, 2006 Neopaganism is the fastest growing new religion in the West Between the World Readings in Contemporary Neopaganism provides an engaging and well rounded introduction to this often misunderstood spiritual tradition This provocative new volume breaks away from the negative doomsday cult focus of existing books on new religious movements and provides a clear focus on feminist spirituality women and religion and goddess worship It offers a spiritual context for paganism and introduces the language of paganism and earth religions This book examines contemporary paganism not just the streams from the 1970s and 1980s but also the increasingly important streams of Druidry and Heathenry For the first time ever this book unites essential readings by leading academics and well known practitioners from all over the world including Canada It features the work of Starhawk Ronald Hutton Michael York Graham Harvey Helen A Berger and Wendy Griffith alongside contemporary Canadian scholars including Lucie Marie Mai DuFresne Lori G Beaman and Barbara Jane Davy **Cyberhenge** Douglas E. Cowan, 2005 Cyberhenge examines the use of Internet technology in shaping religious traditions and rituals Cowan asks how and why Neopaganism has embraced the Internet in such an innovative and imaginative way **Voices from the Pagan Census** Helen A. Berger, Evan A. Leach, Leigh S. Shaffer, 2021-11-24 A compelling portrait of an emerging religious group Voices from the Pagan Census provides unprecedented insight into the expanding but largely unstudied religious movement of Neo Paganism in the United States Helen A Berger Evan A Leach and Leigh S Shaffer present the findings of The Pagan Census which was created and distributed by Berger and Andras Corban Arthen of the Earthspirit Community Analyzing the most comprehensive and largest scale survey of Neo Pagans to date the authors offer a portrait of this emerging religious community including an examination of Neo Pagan political activism educational achievements family life worship methods experiences with the paranormal and beliefs about such issues as life after death A collection of religious groups whose practices evolved from Great Britain s Wicca movement of the 1940s Neo Paganism spread to the United States in the 1960s While the number of people who identify themselves with the religion has continued to rise quantitative study of Neo Paganism has been difficult given the movement s lack of centralized leadership and doctrine and its development as scattered independent groups and individuals Endorsed by all major Neo Pagan leaders The Pagan Census generated a demographically diverse response In contrast to most previous surveys which were limited to Neo Pagan festivals this survey incorporates input from the large population of practitioners who do not participate in such events Keenly anticipated by the academic and Neo Pagan communities the results of the census provide the most in depth information about the group yet assembled Comparing Neo Pagans with American society at large Berger Leach and Shaffer show that although the two groups share certain statistical characteristics there are differences as well The scholars also identify variations within the Neo Pagan population including those related to geography and to the movement s multiple spiritual paths **Folklore Forum** ,1998 **Untaming**

Girlhoods Cristina Santos, 2023-03-31 This is an interdisciplinary examination of depictions of girlhoods through a comparative study of foundational fairy tales revised and reimagined in popular narrative film and television adaptations The success of franchises such as The Hunger Games Twilight and Divergence have re-presented the young heroine as an empowered female and often a warrior hero in her own right Through a selection of popular culture touchstones this empowerment is questioned as a manipulation of feminist ideals of equality and a continuation of the traditional vision of female awakening centering on issues of personal choice agency physical violence purity and beauty By investigating re-occurring storytelling frameworks and archetypes Untaming Girlhoods examines different portrayals of girlhoods in the 20th and 21st century Anglo American cultural imaginary that configure modern girlhoods beyond the fairy tale princess or the damsel in distress into refigurations that venture away from the well trodden path for a new breakaway path to authentic selfhood This will be a useful and enlightening text for students and researchers in Girlhood Studies Gender Studies Film Studies Popular Culture and Media Studies
