Witches Of Satan And Their Cauldron Pots:

From Melting Pot to Witch's Cauldron Ernesto Caravantes, 2010-04-27 From Melting Pot to Witch's Cauldron explores what can happen when good intentions go askew Ernesto Caravantes points out that the original wishes of the founders of the American Republic as well as the desires of modern luminaries like Dr Martin Luther King Jr and Cesar Chavez have not been realized Caravantes traces this problem to the radical activism of the 1960s which introduced the notion of multiculturalism In so doing that activism completely erased all chances of seeing the dreams of these activists being brought into fruition The author points out that the true and original aim of the multiculturalism movement was to have people of divergent ethnic backgrounds become unified by their differences yet what is occurring is just the opposite xenophobia and ethno centrism have developed among the different ethnic groups in the United States This book is a must read for students of multicultural studies in colleges and universities *Power Must Change Hands - Prayer Points* 1995-2010 DR.D. K. OLUKOYA, 2014-10-15 This is a compilation of monthly Power Must Change Hands programs for the last 16 years This book contains prayers for every situations financial marital spiritual ministerial educational emotional and health Each prayer program comes with bible passages confession and prayer points the prayer points in this book are Holy Ghost anointed A must have for every christian who desire to live a victorious life *The Salazar Documents* Gustav Henningsen, 2004 A bilingual edition of eye witness reports on an early 17th century witch panic or dream epidemic in the Basque country written by a Jesuit a Bishop and a Spanish Inquisitor who analysed the phenomenon empirically from psychological and anthropological standpoints **Invoking the Akelarre** Emma Wilby, 2019-08-02 With their dramatic descriptions of black masses and cannibalistic feasts the records generated by the Basque witch craze of 1609/14 provide us with arguably the most demonologically stereotypical accounts of the witches sabbath or akelarre to have emerged from early modern Europe While the trials have attracted scholarly attention the most substantial monograph on the subject was written nearly forty years ago and most works have focused on the ways in which interrogators shaped the pattern of prosecutions and the testimonies of defendants Invoking the Akelarre diverts from this norm by employing more recent historiographical paradigms to analyze the contributions of the accused Through interdisciplinary analyses of both French and Spanish Basque records it argues that suspects were not passive recipients of elite demonological stereotypes but animated these received templates with their own belief and experience from the dark exoticism of magical conjuration liturgical cursing and theatrical misrule to the sharp pragmatism of domestic medical practice and everyday religious observance In highlighting the range of raw materials available to the suspects the book helps us to understand how the fiction of the witches sabbath emerged to such prominence in contemporary mentalities whilst also restoring some agency to the defendants and nuancing the historical thesis that stereotypical content points to interrogatorial opinion and folkloric content to the voices of the accused In its local context this study provides an intimate portrait of peasant communities as

they flourished in the Basque region in this period and leaves us with the irony that Europe's most sensationally demonological accounts of the witches sabbath may have evolved out of a particularly ardent commitment on the part of ordinary Basques to the social and devotional structures of popular Catholicism
