Cha, David C. Kang, 2018-09-11 Victor D Cha and David C Kang s Nuclear North Korea was first published in 2003 amid the outbreak of a lasting crisis over the North Korean nuclear program It promptly became a landmark of an ongoing debate in academic and policy circles about whether to engage or contain North Korea Fifteen years later as North Korea tests intercontinental ballistic missiles and the U S president angrily refers to Kim Jong un as Rocket Man Nuclear North Korea remains an essential guide to the difficult choices we face Coming from different perspectives Kang believes the threat posed by Pyongyang has been inflated and endorses a more open approach while Cha is more skeptical and advocates harsher measures though both believe that some form of engagement is necessary the authors together present authoritative analysis of one of the world s thorniest challenges They refute a number of misconceptions and challenge the faulty thinking that surrounds the discussion of North Korea particularly the idea that North Korea is an irrational actor Cha and Kang look at the implications of a nuclear North Korea assess recent and current approaches to sanctions and engagement and provide a functional framework for constructive policy With a new chapter on the way forward for the international community in light of continued nuclear tensions this book is of lasting relevance to understanding the state of affairs on the Korean peninsula Korea North Country Study Guide Volume 1 Strategic Information and Developments IBP, Inc., 2015-04-13 Korea North

South Korean Popular Culture and North Korea

Youna Kim, 2019-01-17 Over recent decades South Korea's vibrant and distinctive populist culture has spread extensively throughout the world. This book explores how this Korean wave has also made an impact in North Korea. The book reveals that although South Korean media have to be consumed underground and unofficially in North Korea they are widely watched and listened to. The book examines the ways in which this is leading to popular yearning in North Korea for migration, defecting to the South or for people to just become more like South Koreans. Overall the book demonstrates that the soft power of the Korean wave is having an undermining impact on the hard constraining cultural climate of North Korea.

Historical Dictionary of Democratic People's Republic of Korea James E. Hoare, 2019-09-04 As Kim Jong Un approaches the seventh anniversary of his coming to power he has pushed the military back. The modified Constitution adopted in 2016 saw the demotion of the National Defense Council in favor of a new State Affairs Council which was a more party and government dominated body. He has put his own men and women into positions of authority. Sanctions are an irritant yet are already weakening as a result of first ever meeting between a DPRK leader and a U.S. president took place in June of Singapore as well as a string of North-South meetings covered issues such as family reunions and railway and road connections. Military talks also led to the demilitarization of Panmunjom. Since then Japan wants to talk and even the Pope may visit. This second edition of Historical Dictionary of Democratic People's Republic of Korea contains a chronology, an introduction and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Democratic People's Republic of Korea.

Contemporary Slavery

Annie Bunting, Joel Quirk, 2018-05-15 This volume brings together a cast of leading experts to carefully explore how the history and iconography of slavery has been invoked to support a series of government interventions, activist projects, legal instruments, and rhetorical performances. However well intentioned these interventions might be, they nonetheless remain subject to a host of limitations and complications. Recent efforts to combat contemporary slavery are too often sensationalist, self-serving, and superficial and therefore end up failing the crucial test of speaking truth to power. The widely held notion that antislavery is one of those rare issues that transcends politics or ideology is only sustainable because the underlying issues at stake have been constructed and demarcated in a way that minimizes direct challenges to dominant political and economic interests. This must change. By providing an original approach to the underlying issues at stake, Contemporary Slavery will help readers understand the political practices that have been concealed beneath the popular rhetoric and establishes new conversations between scholars of slavery and trafficking and scholars of human rights and social movements. Contributors: Jean Allain, Jonathan Blagbrough, Roy Brooks, Annie Bunting, Austin Choi-Fitzpatrick, Andrew Crane, Rhoda Howard-Hassmann, Fuyuki Kurasawa, Benjamin Lawrance, Joel Quirk, and Darshan Vigneswaran.

Providing an interdisciplinary overview of Korean culture and society, this Handbook is an essential read for undergraduate and postgraduate students as well as scholars in Korean Studies, Cultural Studies, Sociology, Anthropology and Asian Studies in general.

Belonging in a House Divided Joowon Park, 2022-11-22 *Belonging in a House Divided* chronicles the everyday lives of resettled North Korean refugees in South Korea and their experiences of violence, postwar citizenship and ethnic boundary making. Through extensive ethnographic research, Joowon Park documents the emergence of cultural differences and tensions between Koreans from the North and South as well as new transnational kinship practices that connect family members across the Korean Demilitarized Zone. As a South Korean citizen raised outside the peninsula and later drafted into the military, Park weaves in autoethnographic accounts of his own experience in the army to provide an empathetic and vivid analysis of the multiple overlapping layers of violence that shape the embodied experiences of belonging. He asks readers to consider why North Korean resettlement in South Korea is a difficult process despite a shared goal of reunification and the absence of a language barrier. The book is essential reading for anyone interested in anthropology, migration and the politics of humanitarianism.
