Corley, 2002 Kathleen Corley challenges the assumption that Jesus himself fought patriarchal limitations on women Rather the analysis of his authentic teaching suggests that while Jesus critiques class and slave free distinctions in his culture his critique did not extend to unequal gender distinctions **Her Story** Barbara J. Christian Origins Richard Horsley, 2010-03-01 Dealing with a time when Christians were moving towards separation from the movement s Jewish origins this inaugural volume of A People s History of Christianity tells the people s story by gathering together evidence from the New Testament texts archaeology and other contemporary sources Of particular interest to the distinguished group of scholar contributors are the often overlooked aspects of the earliest Christian consciousness How for example did they manage to negotiate allegiances to two social groups How did they deal with crucial issues of wealth and poverty What about the participation of slaves and women in these communities How did living in the shadow of the Roman Empire color their religious experience and economic values *Mariam, the Magdalen, and the Mother* Deirdre Joy Good, 2005 Revelatory essays on the Mary figures of the Bible **Women in Christian History** Carolyn DeArmond Blevins, 1995 For much of Christian history the role of women in the life of the church both local and universal has been downplayed overlooked or simply denied Such a state of affairs of course also denies the testimony of the church s

Scriptures regarding the key role women played in Jesus own ministry and that of the early church It denies or deliberately overlooks the significant role of women in the life of the church throughout the church s history down to and including the present day In recent years such denial of the significant place of women in Christian history of course has been addressed But nowhere is there available a more comprehensive bibliography than the present one compiled by Carolyn Blevins The reach of Blevins s bibliography is wide from the earliest church to present times across every ethnic and national boundary and throughout virtually every segment of the church Catholic and Protestant and stripes in between or beyond This is in many ways but a beginning place Yet with the help of Blevins s good work students teachers researchers historians and all other seekers after the significant place of women in Christian history have indeed a place to make a good beginning
