Yellowstone Country The Photographs Of Jack Richard Mark Bagne:

Yellowstone Country Mark Bagne, Bob Richard, 2002-07-29 A regional pioneer of photojournalism Jack Richard photographed in the Yellowstone area from the 1940s to the 1980s where his crisp superbly composed images captured the Western way of life This book presents more than 150 black and white photographs from stunning landscapes to tender portraits and chronicles the American West from the end of the frontier era to the age of tourism industry and large scale ranch operations YellowstoneCountry breaks down Richard s work into nine separate themes from landscapes and wildlife in Yellowstone National Park to careful still lifes created in the studio The photographs selected from this book culled from over 160 000 images held in the McCracken Research library at the Buffalo Bill Historical Center in Cody not only represent the best of his work but also tell the story of a unique place and its people and the photographer who cherished them both

Community Newspapers and the Japanese-American Incarceration Camps Ronald Bishop, 2015-06-03 Though much has been said about Japanese American incarceration camps little attention is paid to the community newspapers closest to the camps and how they constructed the identities and lives of the occupants inside Dependent on government and military officials for information these journalists rarely wrote about the violation of the evacuees civil rights Instead they concentrated on the economic impact the camps and the evacuees who would replace workers off to enlist in the military and work for defense contractors would have on the areas they covered Newspapers like the Cody Enterprise and Powell Tribune in Wyoming the Lamar Daily News and the Casa Grande Dispatch regularly published overly optimistic updates on the progress of construction the size of the contractor payrolls and the amount of materials used to build the camps Ronald Bishop and his coauthors reveal how journalists positioned the incarceration camps as a potential economic boon and how evacuees were framed as another community group there to contribute to the region s economic well being Community Newspapers and the Japanese American Incarceration Camps examines the rhetoric and journalistic approach of the local papers and how they informed the communities just outside their walls This book will appeal to scholars of history and journalism *Greater Yellowstone Public Lands* Alice Wondrak Biel, 2006 *Annals of Wyoming*, 2004 **The Publishers**
