Monster Culture in the 21st Century Marina Levina, Diem-My T. Bui, 2013-05-23 In the past decade our rapidly changing world faced terrorism global epidemics economic and social strife new communication technologies immigration and climate change to name a few These fears and tensions reflect an evermore interconnected global environment where increased mobility of people technologies and disease have produced great social political and economical uncertainty The essays in this collection examine how monstrosity has been used to manage these rising fears and tensions Analyzing popular films and television shows such as *True Blood* *Twilight* *Paranormal Activity* *District 9* *Battlestar Galactica* and *Avatar* it argues that monstrous narratives of the past decade have become omnipresent specifically
