Noel B. Salazar, 2010-11-01 As tourism service standards become more homogeneous travel destinations worldwide are conforming yet still trying to maintain or even increase their distinctiveness Based on more than two years of fieldwork in Yogyakarta Indonesia and Arusha Tanzania this book offers an in depth investigation of the local to global dynamics of contemporary tourism Each destination offers examples that illustrate how tour guide narratives and practices are informed by widely circulating imaginaries of the past as well as personal imaginings of the future **Momentous Mobilities** Noel B. Salazar, 2018-07-20 Grounded in scholarly analysis and personal reflection and drawing on a multi sited and multi method research design *Momentous Mobilities* disentangles the meanings attached to temporary travels and stays abroad and offers empirical evidence as well as novel theoretical arguments to develop an anthropology of mobility Both focusing specifically on how various societies and cultures imagine and value boundary crossing mobilities elsewhere and drawing heavily on his own European lifeworld the author examines momentous travels abroad in the context of education work and spiritual quests and the search for a better quality of life **Envisioning Eden** Noel B.
