Toward Excellence With Equity An Emerging Vision For Closing The Achievement Gap:

Toward Excellence with Equity Ronald F. Ferguson, 2007 For more than a decade economist Ronald F Ferguson has investigated the myriad factors that combine to create racial disparities in academic performance ranging from school policies and practices to informal interactions between children and their parents and peers *Toward Excellence with Equity* brings together Ferguson's most important articles and most recent thinking on these ideas Taken together these essays show that closing achievement gaps is more urgent today than ever before and that dramatic success is possible This book issues an urgent call to action to anyone concerned about the lagging success rates among minority children in American schools and the repercussions for our country's future Ronald Ferguson not only surveys the bleak terrain surrounding the achievement gap but provides all of us with a road map to reach higher ground Geoffrey Canada President and CEO Harlem Children's Zone *Toward Excellence with Equity* is an important book written by one of the nation's foremost experts on education and economic development Ronald Ferguson's pioneering work on black white disparities in student skill levels and achievement test scores has significant public policy implications This book is a must read for anyone concerned about narrowing the racial gap in educational attainment and earnings William Julius Wilson Lewis P and Linda L Geyser University Professor Harvard University This book combines high quality research judicious insights brilliant speculation and common sense to set forth strategies to reduce the achievement gap dramatically It is particularly compelling in calling for a comprehensive social movement that will not only transform schools but establish strong communities effective parenting and powerful peer cultures Henry M Levin William H Kilpatrick Professor of Economics and Education Teachers College Columbia University Ferguson conducts an authoritative review to show that disparities in academic performance can be closed by strong parental engagement and by parents working in partnership with schools around a shared vision of success for their children The reality is that educators can't do it alone This highly intelligent book gives policymakers educators and parents essential tools for closing achievement gaps between high performing and low performing schools Susan Zelman Superintendent of Public Instruction Ohio Department of Education *Toward Excellence with Equity* is essential reading for any businessperson who cares about the well being of children and the future quality of the American workforce Bridgette Heller Chairman of the Executive Leadership Council and Global President of Johnson Johnson's Baby Kids and Wound Care Division Ronald F Ferguson is the faculty cochair and director of the Achievement Gap Initiative at Harvard University and the founder and director of the Tripod Project for school improvement *Guiding Teams to Excellence With Equity* John Krownapple, 2016-10-28 Guide your school through its cultural proficiency transformation Despite the best efforts of equity leaders our schools suffer from persistent inequities *Guiding the Journey to Excellence with Equity* is a must read for anyone who supports professional learning in our schools It defines a process of inside out growth that helps develop culturally proficient educators with the facilitation skills needed to navigate the obstacles that arise during equity transformations

Written with an equity lens this book Includes a powerful vignette that illustrates common challenges and solutions Focuses on mental models for managing group energy Is grounded in a systems model for personal and organizational transformation Provides tools for planning culturally proficient learning experiences Gaining on the Gap Palma Strand, Robert G. Smith, Tim Cotman, Cheryl Robinson, Martha Swaim, Alvin Crawley, 2011-09-28 Gaining on the Gap Changing Hearts Minds and Practice serves as a guide along the journey taken by six individuals who each played a role in moving a school system along a path where race would not be a predictor for academic success Join us as we share insights to challenges and victories as well as a close look at our own personal and professional growth **Implicit Bias and Philosophy** Michael

Brownstein, Jennifer Mather Saul, 2016 Most people have implicit biases they evaluate social groups in ways that they are unconscious of or cannot control and which may run counter to their conscious beliefs and values This volume explores the themes of moral responsibility in implicit bias structural injustice in society and strategies for implicit attitude change

Implicit Bias and Philosophy, Volume 2 Michael Brownstein, Jennifer Saul, 2016-04-01 There is abundant evidence that most people often in spite of their conscious beliefs values and attitudes have implicit biases Implicit bias is a term of art referring to evaluations of social groups that are largely outside conscious awareness or control These evaluations are typically thought to involve associations between social groups and concepts or roles like violent lazy nurturing assertive scientist and so on Such associations result at least in part from common stereotypes found in contemporary liberal societies about members of these groups Implicit Bias and Philosophy brings the work of leading philosophers and psychologists together to explore core areas of psychological research on implicit or unconscious bias as well as the ramifications of implicit bias for core areas of philosophy Volume 2 Moral Responsibility Structural Injustice and Ethics is comprised of three sections Moral Responsibility for Implicit Bias contains chapters examining the relationship of implicit biases to concepts that are central to moral responsibility including control awareness reasons responsiveness and alienation The chapters in the second section Structural Injustice explore the connections between the implicit biases held by individuals and the structural injustices of the societies in which they are situated And finally the third section The Ethics of Implicit Bias Theory and Practice contains chapters examining strategies for implicit attitude change the ramifications of research on implicit bias for philosophers working in ethics and suggestions for combatting implicit biases in the fields of philosophy and law This volume can be read independently of or in conjunction with Volume I Metaphysics and Epistemology which addresses key metaphysical and epistemological questions on implicit bias including the effect of implicit bias on scientific research gender stereotypes in philosophy and the role of heuristics in biased reasoning **The Price of Paradise** David Dante Troutt, 2013 Many American communities especially the working and middle class are facing chronic problems fiscal stress urban decline environmental sprawl failing schools mass incarceration political isolation disproportionate foreclosures and severe public health risks In The Price of Paradise David Dante Troutt argues that it is a lack of what he calls regional equity in our local

decision making that has led to this looming crisis now facing so many cities and local governments Unless we adopt policies that take into consideration all class levels he argues the underlying inequity affecting poor and middle class communities will permanently limit opportunity for the next generations of Americans Arguing that there are structural flaws in the American dream Troutt explores the role that place plays in our thinking and how we have organized our communities to create or deny opportunity Through a careful presentation of this crisis at the national level and also through on the ground observation in communities like Newark Detroit Houston Oakland and New York City that all face similar hardships he makes the case that America s tendency to separate into enclaves in urban areas or to sprawl off on one s own in suburbs gravely undermines the American dream Troutt shows that the tendency to separate also has maintained racial segregation in our cities and towns itself cementing many barriers for advancement A profound conversation about America at the crossroads The Price of Paradise is a multilayered exploration of the legal economic and cultural forces that contribute to the squeeze on the middle class the hidden dangers of growing income and wealth inequality and environmentally unsustainable growth and consumption patterns Provided by publisher

Handbook of Individual Differences in Reading Peter Afflerbach, 2015-08-11 The central unifying theme of this state of the art contribution to research on literacy is its rethinking and reconceptualization of individual differences in reading Previous research focused on cognitive components of reading signaled the need for ongoing work to identify relevant individual differences in reading to determine the relationships of individual differences to reading development and to account for interactions among individual differences Addressing developments in each of these areas this volume also describes affective individual differences and the environments in which individual differences in reading may emerge operate interact and change The scant comprehensive accounting of individual differences in reading is reflected in the nature of reading instruction programs today the outcomes that are expected from successful teaching and learning and the manner in which reading development is assessed An important contribution of this volume is to provide prima facie evidence of the benefits of broad conceptualization of the ways in which readers differ The Handbook of Individual Differences in Reading moves the field forward by encompassing cognitive non cognitive contextual and methodological concerns Its breadth of coverage serves as both a useful summary of the current state of knowledge and a guide for future work in this area

In the Crossfire John P. Spencer, 2012-08-16 As media reports declare crisis after crisis in public education Americans find themselves hotly debating educational inequalities that seem to violate their nation's

ideals Why does success in school track so closely with race and socioeconomic status How to end these apparent achievement gaps In the Crossfire brings historical perspective to these debates by tracing the life and work of Marcus Foster an African American educator who struggled to reform urban schools in the 1960s and early 1970s As a teacher principal and superintendent first in his native Philadelphia and eventually in Oakland California Foster made success stories of urban schools and children whom others had dismissed as hopeless only to be assassinated in 1973 by the previously unknown Symbionese Liberation Army in a bizarre protest against an allegedly racist school system Foster s story encapsulates larger social changes in the decades after World War II the great black migration from South to North the civil rights movement the decline of American cities and the ever increasing emphasis on education as a ticket to success Well before the accountability agenda of the No Child Left Behind Act or the rise of charter schools Americans came into sharp conflict over urban educational failure with some blaming the schools and others pointing to conditions in homes and neighborhoods By focusing on an educator who worked in the trenches and had a reputation for bridging divisions In the Crossfire sheds new light on the continuing ideological debates over race poverty and achievement Foster charted a course between the extremes of demanding too little and expecting too much of schools as agents of opportunity in America He called for accountability not only from educators but also from families taxpayers and political and economic institutions His effort to mobilize multiple constituencies was a key to his success and a lesson for educators and policymakers who would take aim at achievement gaps without addressing the full range of school and nonschool factors that create them

Racialized Identities Na'ilah Nasir, 2011-09-21 This book explores how various constructions of identity can influence educational achievement for African American students both within and outside of school Culturally Relevant Arts Education for Social Justice Mary Stone Hanley, Gilda L Sheppard, George W. Noblit, Thomas Barone, 2013-08-21 A groundswell of interest has led to significant advances in understanding and using Culturally Responsive Arts Education to promote social justice and education This landmark volume provides a theoretical orientation to these endeavors Examining a range of efforts across different forms of art various educational settings and diverse contexts it foregrounds the assets of imagination creativity resilience critique and cultural knowledge working against prevailing understandings of marginalized groups as having deficits of knowledge skills or culture Emphasizing the arts as a way to make something possible it explores and illustrates the elements of social justice arts education as a way out of no way imposed by dominance and ideology A set of powerful demonstrations shows how this work looks in action Introductions to the book as a whole and to each section focus on how to use the chapters pedagogically The conclusion pulls back the chapters into theoretical and pedagogical context and suggests what needs done to be done practically empirically and theoretically for the field to continue to develop

Handbook of Research on Family Literacy Practices and Home-School Connections Fox, Kathy R., Szech, Laura E., 2022-06-24 Research has shown that families and schools that partner together improve literacy outcomes for their

students Family literacy includes homework and shared book reading but goes beyond these school to home activities to encompass family generated practices These literacies include family connections around activities such as cooking play religion social and community groups Further study on the importance of the partnership between the home and school is required to implement best practices and provide students with the best possible education The Handbook of Research on Family Literacy Practices and Home School Connections seeks to understand the connections made and new information learned during the COVID 19 pandemic surrounding family literacy and shares updated practices and new perspectives on what it means to partner with families and embrace diverse family literacies in this new world The book also provides teachers perspectives on how future relationships between the school and home can be shaped through both narrative and research based chapters Covering key topics such as parenting homework and social distancing this major reference work is ideal for administrators school faculty academicians scholars practitioners instructors and students

A Community of Voices on Education and the African American Experience Hazel Arnett Ervin, Lois Jamison Sheer, 2016-02-29 This book offers a history of African American education while also serving as a companion text for teachers students and researchers in cultural criticism American and African American studies postcolonialism historiography and psychoanalytics Overall it represents essential reading for scholars critics leaders of educational policy and all others interested in ongoing discussions not only about the role of community family teachers and others in facilitating quality education for the citizenry but also about ensuring the posterity of a society via equal access to and attainment of quality education by its constituents of color Particularly this volume fills a void in the annals of African American history and African American education by addressing the vibrancy of an education ethos within Black America which has unequivocally served as cultural historical political legal and theoretical references
