Toward A Christian Theology Of Religious Pluralism:

Toward a Christian Theology of Religious Pluralism Jacques Dupuis, 1997 The results from a lifetime of study reflection and experience in both Europe and Asia is this comprehensive examination of Christian theological understandings of world religious pluralism Copyright Libri GmbH All rights reserved Christianity and the Religions Jacques Dupuis, 2002 In this incisive and important volume Jacques Dupuis offers new insights on the most important issue facing Christian theology today giving an account of Christian faith as Christians go more deeply along the road of dialogue and collaboration with the followers of other religious traditions His task is to square a dogmatic circle How does one do justice to the Gospel claim that Jesus the Christ is the final and universal savior of all humankind in every age while also doing justice to the experience that truth grace holiness and power are experienced in other religious traditions In the first six chapters Dupuis reviews the history of the Western Christian tradition s teaching on other religious Ways through the breakthrough at Vatican Council II In chapters 7 and 8 he reviews the critical issues of uniqueness of Christ and Christian proposals to account for the mediation of salvation in other religious Ways He discusses also the relationship between the Reign of God the Church and the Religions In chapter 9 he explores the nature and role of dialogue in a pluralistic society In chapter 10 offers sage reflections on interreligious prayer *An Introduction to the Theology of Religions* Veli-Matti Kärkkäinen, 2009-08-20 How does Christianity relate to other religions Beginning with a consideration of the biblical perspective Veli Matti Kärkkäinen offers a detailed and comprehensive survey of the diverse explanations proposed by teachers of the church down through the ages This indispensable guide is for anyone seeking to grasp Christianity s relationship to world religions The Myth of Christian Uniqueness John Hick, Paul F. Knitter, 2005-01-25 A new model of Christian theology the pluralistic model is taking shape moving beyond the traditional models of exclusivism Christianity as the only true religion and inclusivism Christianity as the best religion toward a view that recognizes the possibility of many valid religions In this volume a widely representative group of eminent Christian theologians Protestant and Catholic male and female from East and West First and Third Worlds explores genuinely new attitudes toward other believers and traditions expanding and refining the discussion and debate over pluralistic theology Contributors are Gordon D Kaufman John Hick Langdon Gilkey Wilfred Cantwell Smith Stanley J Samartha Raimundo Panikkar Seiichi Yagi Rosemary Radford Ruether Marjorie Jewitt Suchocki Aloysius Pieris Tom F Driver and Paul F Knitter **Toward a Christian Theology of Religious Pluralism** Jacques Dupuis, 1997 The results from a lifetime of study reflection and experience in both Europe and Asia is this comprehensive examination of Christian theological understandings of world religious pluralism *Encountering Religious Pluralism* Harold Netland, 2001-08-14 Harold Netland traces the emergence of the pluralistic ethos that challenges Christian faith and mission interacting heavily with philosopher John Hick and providing a framework for developing a comprehensive evangelical theology of religions **The Trinity and the Religions** , Loe Joo Tan, 2018-09-15 Will the

followers of other religions who have not heard of the gospel be saved Since the Second Vatican Council the Catholic church has been grappling with this question culminating in a recent document *Dominus Iesus* in 2000 In the post DI climate the British theologian Gavin D Costa has been described as a representative post DI theologian of religions And with good reason since other theologians such as Jacques Dupuis whose work along the lines of neo Rahnerianism have been curtailed by DI D Costa s work has spanned the past three decades and is aimed at developing a theology that echoes developments within the Catholic church s efforts to grapple with the existence of other religions In doing so he has appropriated the doctrine of the Trinity by reasoning it provides the very resources for interacting with Others and developed a form of Trinitarian inclusivism Based on the work of patristic theologians such as Lewis Ayres and Michel Barnes and their conception of a Pro Nicene theological matrix this book is an attempt to assess whether D Costa s utilization of trinitarian resources for contemporary concerns is faithful to the tradition The book concludes that while there is much to commend in D Costa s system there remain some features not fully consonant with classical Trinitarianism

Christianity and Religious Plurality Wilbert R. Shenk, Richard J. Plantinga, 2016-10-11 Over the past two centuries the Christian faith has spread to all continents Although more global than ever Christians are religious minorities in most societies Religious freedom is hardly universal In the past fifty years millions of people have been uprooted from their traditional homelands in Asia Africa and Latin America Some have emigrated to Western Europe and North America The West has become the scene of cultural linguistic and religious variety on a scale unimagined in 1900 Today the full range of faiths and religious practices from all continents are present in Europe and North America Christians are challenged to come to terms with this changed situation These developments have intensified religious plurality Christians all over the world are being urged to understand and engage with this new situation This volume highlights this new reality and specifies some sources for engagement not least among them the Judeo Christian scriptures fundamental to all Christianities that emerged out of religious plural contexts On the basis of their faith in the Triune God disclosed in this text all followers of Jesus Christ must interact with these opportunities in today s radically context sensitive world

Christian Theology in a Pluralistic Context Steven L. Wiebe, 2007 Original Scholarly Monograph

A Christian Theology of Suffering in the Context of Theravada Buddhism in Thailand Satanun Boonyakiat, 2020-06-30 In this book Satanun Boonyakiat elucidates a Christian theology of suffering relevant to the context of Theravada Buddhism in Thailand Grounding his work in a trinitarian comparative theology of religions Boonyakiat explores the ways in which Buddhist teachings on suffering specifically the Four Noble Truths can challenge enrich and deepen a Christian perspective Ultimately Dr Boonyakiat suggests a Christian theology of suffering relevant to the people of Thailand both Christian and Buddhist alike must move beyond a traditional western emphasis on theodicy to address a practical response to suffering s lived reality a response rooted firmly in Scripture and grounded in a theology of the cross

The Pluralism of Paul Knitter and the Pluralistic Inclusivism of Jacques Dupuis James Shyamol Gomes, 2010 Acknowledging the

contemporary challenges of religious pluralism this study emerges from the following new situations and the experiences of the diversity of religions and cultures There has been renewed discussion on Christianity's relation to other religious traditions We cannot deny also the transforming effect of Vatican II and the renewed importance of the presence of truth and holiness in other faiths In this situation the manyness of religious ways at the Christian doorsteps and theologians are seeking how to make sense of these other religious paths The place and role of Christianity in the midst of many religious ways demand serious Christian commitment and renewed theological reflection This study is inspired by the publications of Paul Knitter's pluralism and Jacques Dupuis inclusive pluralism to continue to wrestle with the question of God's one saving plan for all and Christianity's relation with religious others They are calling for a greater sensitivity toward an urgent attention to and a serious dialogue with the diverse religious and cultural realities of Asia or other parts of the world The author shows that Knitter develops a theology of religious form from the pluralist position 1 a move away from insistence on the superiority or finality of Christ and Christianity and 2 toward a recognition of the independent validity of other religious ways By contrast Dupuis pluralistic inclusivism upholds both 1 the universal constitutive character of the Jesus Christ event in the order of salvation and 2 the positive saving significance of the religious within the single manifold plan of God for humankind

Rethinking the Trinity and Religious Pluralism Keith E. Johnson, 2011-09-02 Founding his argument on a close reading of St Augustine's *De Trinitate* Keith Johnson critiques four recent attempts to construct a pluralistic theology of religions out of the orthodox doctrine of the Trinity

Towards a Christian Theology of African Ancestors Thomas Ochieng Otanga, 2023-04-21 This book examines the similarities and relationship between Christian saints and African ancestors Further it analyzes the deep cultural roots of African peoples and the ancestral frame as a point of departure for developing an indigenous African theology Questions dealt with include Does the conversion of Africans to Christianity require a break with their African cultural heritage Who is an African ancestor Is syncretism a good thing for an African Christian What contribution can the African church make to the universal church The author argues that rather than being antithetical to formal Christianity an African Christian theology of ancestors is an example of how an indigenous African tradition can best express Christianity as well as make considerable impact on world Christianity
