White Lotus Teachings In Chinese Religious History:

The White Lotus Teachings in Chinese Religious History B. J. ter Haar, 1992 It is argued that the name White Lotus Teachings was used by officials and literati as a derogatory label since 1525 until the late Qing The label originated in the autonym of a popular lay Buddhist movement from the Southern Song and Yuan that enjoyed general respect at the time among all layers of society

The White Lotus Teachings in Chinese Religious History Barend ter Haar, 2021-09-13 This book provides a new hypothesis for understanding the real nature of the term White Lotus Teachings The author argues that there are actually two different phenomena covered by similar terms from c 1130 until 1400 a real lay Buddhist movement existed which can be called the White Lotus movement It enjoyed the respect of contemporary literati and religious elites The movement used the autonym White Lotus Society which came to be prohibited in the early Ming and was discarded as a result After 1525 the name reappeared in the form White Lotus Teachings but now only as a derogatory label used by officials and literati rather than by believers themselves As a result of this hypothesis the history of the White Lotus Teachings changes from one of religious groups and magicians into one of elite ideology and religious persecution The book is therefore important both for historians and anthropologists of Chinese religion and society and for comparative historians interested in the ideological and social construction of heterodoxy

Zhipan's Account of the History of Buddhism in China Thomas Jülch, 2023-09-14 The *Fozu tongji* by Zhipan ca 1220 1275 is a key text of Chinese Buddhist historiography The core of the work is formed by the *Fayun tongsai zhi* an annalistic history of Buddhism in China which extends through *Fozu tongji* juan 34 48 Thomas J lch now presents a translation of the *Fayun tongsai zhi* in three volumes This third volume covers the annalistic display concerning the Song dynasty Offering elaborate annotations J lch succeeds in clarifying the backgrounds to the historiographic contents which Zhipan presents in highly essentialized style Regarding the historical matters addressed in the material translated for the present volume the *Fozu tongji* is often the earliest source In several cases inaccuracies in Zhipan's account can however still be discerned and J lch succeeds in employing other sources to reveal and correct those errors

Encyclopedia of Chinese History Michael Dillon, 2016-12-01 China has become accessible to the west in the last twenty years in a way that was not possible in the previous thirty The number of westerners travelling to China to study for business or for tourism has increased dramatically and there has been a corresponding increase in interest in Chinese culture society and economy and increasing coverage of contemporary China in the media Our understanding of China's history has also been evolving The study of history in the People's Republic of China during the Mao Zedong period was strictly regulated and primary sources were rarely available to westerners or even to most Chinese historians Now that the Chinese archives are open to researchers there is a growing body of academic expertise on history in China that is open to western analysis and historical methods This has in many ways changed the way that Chinese history particularly the modern period is viewed The *Encyclopedia of Chinese History* covers the entire span of Chinese history from

the period known primarily through archaeology to the present day Treating Chinese history in the broadest sense the Encyclopedia includes coverage of the frontier regions of Manchuria Mongolia Xinjiang and Tibet that have played such an important role in the history of China Proper and will also include material on Taiwan and on the Chinese diaspora In A Z format with entries written by experts in the field of Chinese Studies the Encyclopedia will be an invaluable resource for students of Chinese history politics and culture

Buddhism, Diplomacy, and Trade Tansen Sen, 2015-09-11 Relations between China and India underwent a dramatic transformation from Buddhist dominated to commerce centered exchanges in the seventh to fifteenth centuries The unfolding of this transformation its causes and wider ramifications are examined in this masterful analysis of the changing patterns of the interaction between the two most important cultural spheres in Asia Tansen Sen offers a new perspective on Sino Indian relations during the Tang dynasty 618 907 arguing that the period is notable not only for religious and diplomatic exchanges but also for the process through which China emerged as a center of Buddhist learning practice and pilgrimage Before the seventh century the Chinese clergy given the spatial gap between the sacred Buddhist world of India and the peripheral China suffered from a borderland complex A close look at the evolving practice of relic veneration in China at Famen Monastery in particular the exposition of Mount Wutai as an abode of the bodhisattva Ma jushi and the propagation of the idea of Maitreya's descent in China however reveals that by the eighth century China had overcome its complex and successfully established a Buddhist realm within its borders The emergence of China as a center of Buddhism had profound implications on religious interactions between the two countries and is cited by Sen as one of the main causes for the weakening of China's spiritual attraction toward India At the same time the growth of indigenous Chinese Buddhist schools and teachings retrenched the need for doctrinal input from India A detailed examination of the failure of Buddhist translations produced during the Song dynasty 960 1279 demonstrates that these developments were responsible for the unraveling of religious bonds between the two countries and the termination of the Buddhist phase of Sino Indian relations Sen proposes that changes in religious interactions were paralleled by changes in commercial exchanges For most of the first millennium trading activities between India and China were closely connected with and sustained through the transmission of Buddhist doctrines The eleventh and twelfth centuries however witnessed dramatic changes in the patterns and structure of mercantile activity between the two countries Secular bulk and luxury goods replaced Buddhist ritual items maritime channels replaced the overland Silk Road as the most profitable conduits of commercial exchange and many of the merchants involved were followers of Islam rather than Buddhism Moreover policies to encourage foreign trade instituted by the Chinese government and the Indian kingdoms contributed to the intensification of commercial activity between the two countries and transformed the China India trading circuit into a key segment of cross continental commerce

The Song-Yuan-Ming Transition in Chinese History Paul Jakov Smith, Richard von Glahn, 2020-03-23 This volume seeks to study the connections between two well studied epochs in Chinese history the mid

imperial era of the Tang and Song ca 800 1270 and the late imperial era of the late Ming and Qing 1550 1900 Both eras are seen as periods of explosive change particularly in economic activity characterized by the emergence of new forms of social organization and a dramatic expansion in knowledge and culture The task of establishing links between these two periods has been impeded by a lack of knowledge of the intervening Mongol Yuan dynasty 1271 1368 This historiographical black hole has artificially interrupted the narrative of Chinese history and bifurcated it into two distinct epochs This book aims to restore continuity to that historical narrative by filling the gap between mid imperial and late imperial China The contributors argue that the Song Yuan Ming transition early twelfth through the late fifteenth century constitutes a distinct historical period of transition and not one of interruption and devolution They trace this transition by investigating such subjects as contemporary impressions of the period the role of the Mongols in intellectual life the economy of Jiangnan urban growth neo Confucianism and local society commercial publishing comic drama and medical learning

The History of the Renaissance World Susan Wise Bauer, 2013-09-23 A lively and fascinating narrative history about the birth of the modern world Beginning in the heady days just after the First Crusade this volume the third in the series that began with *The History of the Ancient World* and *The History of the Medieval World* chronicles the contradictions of a world in transition Popes continue to preach crusade but the hope of a Christian empire comes to a bloody end at the walls of Constantinople Aristotelian logic and Greek rationality blossom while the Inquisition gathers strength As kings and emperors continue to insist on their divine rights ordinary people all over the world seize power the lingayats of India the Jacquerie of France the Red Turbans of China and the peasants of England New threats appear as the Ottomans emerge from a tiny Turkish village and the Mongols ride out of the East to set the world on fire New currencies are forged new weapons invented and world changing catastrophes alter the landscape the Little Ice Age and the Great Famine kill millions the Black Death millions more In the chaos of these epoch making events our own world begins to take shape Impressively researched and brilliantly told *The History of the Renaissance World* offers not just the names dates and facts but the memorable characters who illuminate the years between 1100 and 1453 years that marked a sea change in mankind's perception of the world

The Ritual and Mythology of the Chinese Triads Barend ter Haar, 2021-11-15 The extensive ritual and mythological lore of the Chinese Triads form the scope of this new paperback in Brill's Scholar's List In it the reader will find a critical evaluation of the extant sources together with a true wealth of context The core of the book is formed by a close reading of the initiation ritual including the burning of incense the altar the enactment of a journey of life and death and the blood covenant Different narrative structures are also presented These include the messianic demonological paradigm political legitimation and the foundation of myth Triad lore is placed in its own religious and cultural context allowing radically new conclusions about its origins meanings and functions This book is of special interest to social historians anthropologists and students of Chinese religious culture

Stumbling Giant Timothy Beardson, 2013-05-21 A thoughtful reconsideration of China's actual place in

the new world order based on reality rather than fanciful speculation Kirkus Reviews Can anything prevent China surpassing the United States and becoming the world's top superpower While predictions that China's rise to global supremacy is a near certainty have resulted in this belief becoming almost conventional wisdom this book boldly counters such widely held assumptions Investment strategist Timothy Beardson brings to light the daunting array of challenges that today confront China as well as the inadequacy of the policy responses Threats to China come on many fronts Beardson shows and by their number and sheer weight these problems will thwart any ambition to become the world's Number One power Drawing on extensive research and experience living and working in Asia over the last 35 years the author spells out China's situation and an inexorable demographic future of a shrinking labor force relentless aging extreme gender disparity and even a falling population Also the nation faces social instability a devastated environment a predominantly low tech economy with inadequate innovation the absence of an effective welfare safety net an ossified governance structure and radical Islam lurking at the borders Beardson's nuanced firsthand look at China acknowledges its historic achievements while tempering predictions of its imminent hegemony with a no nonsense dose of reality

The Cultural Practices of Modern Chinese Buddhism Francesca Tarocco, 2007 Buddhism in China during the late Qing and Republican period remained a powerful cultural and religious force Francesca Tarocco is a rising star in this field and offers an innovative high quality piece of work that presents a new perspective on the influence of Buddhism on Chinese culture Drawing on scarcely analyzed historical and archive sources including photographs and musical scores Tarocco adeptly argues that Chinese Buddhism played a more vital role in shaping Chinese culture than previously assumed This enlightening study fills a significant gap in the field of Chinese Buddhist history Focusing on the cultural side of Buddhism it adds breadth and balance to studies in Buddhism as a whole appealing to professionals and academics with an interest in Buddhism and Chinese Buddhist history

The Encyclopedia of Political Revolutions Jack A. Goldstone, 2015-04-29 The Encyclopedia of Political Revolutions is an important reference work that describes revolutionary events that have affected and often changed the course of history Suitable for students and interested lay readers yet authoritative enough for scholars its 200 articles by leading scholars from around the world provide quick answers to specific questions as well as in depth treatment of events and trends accompanying revolutions Includes descriptions of specific revolutions important revolutionary figures and major revolutionary themes such as communism and socialism ideology and nationalism Illustrative material consists of photographs detailed maps and a timeline of revolutions

Precious Volumes Daniel L. Overmyer, 2020-08-25 Precious volumes or pao ch an were produced by popular sects in the Ming and early Qing dynasties These scriptures were believed to have been divinely revealed to sect leaders and contain teachings and ritual instructions that provide valuable information about a lively and widespread religious tradition outside mainstream Confucianism Taoism and Buddhism Largely neglected until now they testify to the imagination and devotion of popular religious leaders This book the most detailed and

comprehensive study of pao ch an in any language studies 34 early examples of this literature in order to understand the origins and development of this textual tradition Although the work focuses on content and structure it also treats the social context of these works as well as their transmission and ritual use **Handbook of Christianity in China** Gary

Tiedemann,2009-12-02 This second volume on Christianity in China covers the period from 1800 onwards up to the present divided into three main periods and dealing with the complexities of both Catholic and Protestant aspects Also in this volume the reader will be guided to and through the Chinese and Western primary and secondary sources by carefully selected major scholars in the field Produced with financial support from the Ricci Institute at the University of San Francisco Center for the Pacific Rim Contested Modernities in Chinese Literature C. Laughlin,2005-06-03 This book is a significant gathering of

ideas on the subject of modern Chinese literature and culture of the past several years The essays represent a wide spectrum of new approaches and new areas of subject matter that are changing the landscape of knowledge of modern and contemporary Chinese culture women s literature theatre performance film graphic arts popular literature as well as literature of the Chinese diaspora These phenomena and the approaches to them manifest interconnected trajectories for new scholarship in the field the rewriting of literary history the emergence of visual culture and the quotidian apocalypse the displacement of revolutionary romanticism and realism as central paradigms for cultural expression by the perspective of private everyday experience Powerful Arguments ,2020-03-02 The essays in Powerful Arguments reconstruct the

standards of validity underlying argumentative practices in a wide array of late imperial Chinese discourses from the Song through the Qing dynasties The fourteen case studies analyze concrete arguments defended or contested in areas ranging from historiography philosophy law and religion to natural studies literature and the civil examination system By examining uses of evidence habits of inference and the criteria by which some arguments were judged to be more persuasive than others the contributions recreate distinct cultures of reasoning Together they lay the foundations for a history of argumentative practice in one of the richest scholarly traditions outside of Europe and add a chapter to the as yet elusive global history of rationality *Practicing Scripture* Barend ter Haar,2014-11-30 Practicing Scripture is an original and detailed history of one of the most successful religious movements of late imperial China the Non Action Teachings or

Wuweijiao from its beginnings in the late sixteenth century in the prefectures of southern Zhejiang to the middle of the twentieth century when communist repression dealt it a crippling blow Uncovering important data on its beliefs and practices Barend ter Haar paints a wholly new picture of the group which despite its Daoist sounding name was a deeply devout lay Buddhist movement whose adherents rejected the worship of statues and ancestors while venerating the writings of Patriarch Luo fl early sixteenth century a soldier turned lay Buddhist The texts written in vernacular Chinese and known as the Five Books in Six Volumes mix personal experiences religious views and a wealth of quotations from the Buddhist canon Ter Haar convincingly demonstrates that the Non Action Teachings was not messianic or millenarian in orientation

and had nothing to do with other new religious groups and networks traditionally labelled as White Lotus Teachings. It combined Chan and Pure Land practices with a strong self identity and vegetarianism and actively insisted on the right of free practice. Members of the movement created a foundation myth in which Ming 1368-1644 emperor Zhengde bestowed the right upon their mythical forefather. In addition they produced an imperial proclamation whereby Emperor Kangxi of the Qing 1645-1911 granted the group similar privileges. Thanks to its expert handling of a great number and variety of extant sources, *Practicing Scripture* depicts one of the few lay movements in traditional China that can be understood in some depth both in terms of its religious content and history and its social environment. The work will be welcomed by China specialists in religious and Buddhist studies and social history. *The Middle Kingdom and the Dharma Wheel*, 2016-06-15. The matter of sa gha state relations is of central importance to both the political and the religious history of China. The volume *The Middle Kingdom and the Dharma Wheel* brings together for the first time articles relating to this field covering a time span from the early Tang until the Qing dynasty. In order to portray also the remarkable thematic diversity of the field, each of the articles not only refers to a different time but also discusses a different aspect of the subject. Contributors include Chris Atwood, Chen Jinhua, Max Deeg, Barend ter Haar, Thomas J. I. Albert Welter and Zhang Dewei. *Christian Heretics in Late Imperial China*, Lars Peter Laamann, 2013-05-13. Following the prohibition of missionary activity after 1724, China's Christians were effectively cut off from all foreign theological guidance. The ensuing isolation forced China's Christian communities to become self-reliant in perpetuating the basic principles of their faith. Left to their own devices, the missionary seed developed into a panoply of indigenous traditions with Christian ancestry as the common denominator. Christianity thus underwent the same process of inculturation as previous religious traditions in China such as Buddhism and Judaism. As the guardian of orthodox morality, the prosecuting state sought to exercise all pervading control over popular thoughts and social functions. Filling the gap within the discourse of Christianity in China and also as part of the wider analysis of religion in late Imperial China, this study presents the campaigns against Christians during this period as part and parcel of the campaign against heresy and heretical movements in general. **The Cambridge Companion to Religion and War**, Margo Kitts, 2023-05-11. This Companion offers a global comparative history of the interplay between religion and war from ancient times to the present. Moving beyond sensationalist theories that seek to explain why religion causes war, the volume takes a thoughtful look at the connection between religion and war through a variety of lenses: historical, literary and sociological, as well as the particular features of religious war. The twenty-three carefully nuanced and historically grounded chapters comprehensively examine the religious foundations for war: classical just war doctrines, sociological accounts of religious nationalism and featured conflicts that illustrate interdisciplinary expressions of the intertwining of religion and war. Written by a distinguished international team of scholars whose essays were specially commissioned for this volume, *The Cambridge Companion to Religion and War* will be an indispensable resource for students and scholars of the history and sociology of

religion and war as well as other disciplines **What Happened After Mañjuśrī Migrated to China?** Jinhua Chen, Guang Kuan, Hu Fo, 2022-02-23 The chapters in this book explore the transcultural multi ethnic and cross regional contexts and connections between the Buddh vata saka s tra Mount Wutai and the veneration of Ma ju r that contributed to the establishment and successive transformations of the cult centered on Mount Wutai and reduplications elsewhere The contributions reflect on the literature architecture iconography medicine society philosophy and several other aspects of the Wutai cult and its significant influence across several Asian cultures such as Chinese Japanese Tibetan Mongolian and Korean This book is a significant new contribution to the study of the Wutai cult and will be a great resource for academics researchers and advanced students of Religion Philosophy History Architecture Literature and Art The chapters in this book were originally published in the journal Studies in Chinese Religions

White Lotus Teachings In Chinese Religious History Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free White Lotus Teachings In Chinese Religious History PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free White Lotus Teachings In Chinese Religious History PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms

offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of White Lotus Teachings In Chinese Religious History free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About White Lotus Teachings In Chinese Religious History Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. White Lotus Teachings In Chinese Religious History is one of the best book in our library for free trial. We provide copy of White Lotus Teachings In Chinese Religious History in digital format, so the resources that you find are reliable. There are also many Ebooks of related with White Lotus Teachings In Chinese Religious History. Where to download White Lotus Teachings In Chinese Religious History online for free? Are you looking for White Lotus Teachings In Chinese Religious History PDF? This is definitely going to save you time and cash in something you should think about.
