Whiteness Visible The Meaning Of Whiteness In American Literature

Katharine S. Bullard

Whiteness Visible The Meaning Of Whiteness In American Literature:

Whiteness Visible Valerie M. Babb, 1998-09-01 In *Whiteness Visible* Valerie Babb investigates the history values rituals and shared consciousness that created whiteness in the United States as well as the representations that sustain its influence on both cultural and literary vision Babb formulates an understanding of whiteness by tracing its literary and cultural evolution enlisting diverse sources from among others the Han dynasty Aristotle's *Politica* and excerpts from the recollections of white indentured servants Babb's textual analysis begins by surveying the construction of whiteness in early American writings and material culture and continues through literature of the nineteenth century surveying whiteness in texts commonly acknowledged as standards in U S literature *The Last of the Mohicans* and *Moby Dick* She then investigates representations of whiteness in a variety of late nineteenth and early twentieth century cultural creations among them immigrant autobiographies World's Fair expositions and etiquette books Babb convincingly illustrates the ways in which a variety of cultural creations combine to help shape the concept of universal whiteness *Whiteness Visible* boldly claims that we can only understand the full significance of race and the ways in which it influences cultural understanding and cultural creation in the United States when we interrogate whiteness and make it visible [Whiteness Visible](#) Valerie M. Babb, 1998-09 Babb English Georgetown U discusses theories of racial formation the depiction of white identity in American literature an instance in *Moby Dick* where white identity is deconstructed and early 20th century immigrant autobiography as a guide to exploring some of the cultural agents world's fairs settlement houses public schooling and etiquette books that codified representations of an ideal white identity Annotation copyrighted by Book News Inc Portland OR **Multicultural American Literature** A. Robert Lee, 2003 Table of contents [The Routledge Companion to Masculinity in American Literature and Culture](#) Lydia R. Cooper, 2021-12-26 Recently the U S has seen a rise in misogynistic and race based violence perpetrated by men expressing a sense of grievance from incels to alt right activists Grounding sociological historical political and economic analyses of masculinity through the lens of cultural narratives in many forms and expressions *The Routledge Companion to Masculinity in American Literature and Culture* suggests that how we examine the stories that shape us in turn shapes our understanding of our current reality and gives us language for imagining better futures Masculinity is more than a description of traits associated with particular performances of gender It is more than a study of gender and social power It is an examination of the ways in which gender affects our capacity to engage ethically with each other in complex human societies This volume offers essays from a range of established global experts in American masculinity as well as new and upcoming scholars in order to explore not just what masculinity once meant has come to mean and may mean in the future in the U S it also articulates what is at stake with our conceptions of masculinity **The Oxford Handbook of American Immigration and Ethnicity** Ronald H. Bayor, 2016-06-01 Scholarship on immigration to America is a coin with two sides it asks both how America changed immigrants and how they changed America Were the

immigrants uprooted from their ancestral homes leaving everything behind or were they transplanted bringing many aspects of their culture with them Although historians agree with the transplantation concept the notion of the melting pot which suggests a complete loss of the immigrant culture persists in the public mind The Oxford Handbook of American Immigration and Ethnicity bridges this gap and offers a comprehensive and nuanced survey of American racial and ethnic development assessing the current status of historical research and simultaneously setting the goals for future investigation Early immigration historians focused on the European migration model and the ethnic appeal of politicians such as Fiorello La Guardia and James Michael Curley in cities with strong ethno political histories like New York and Boston But the story of American ethnicity goes far beyond Ellis Island Only after the 1965 Immigration Act and the increasing influx of non Caucasian immigrants scholars turned more fully to the study of African Asian and Latino migrants to America This Handbook brings together thirty eminent scholars to describe the themes methodologies and trends that characterize the history and current debates on American immigration The Handbook's trenchant chapters provide compelling analyses of cutting edge issues including identity whiteness borders and undocumented migration immigration legislation intermarriage assimilation bilingualism new American religions ethnicity related crime and pan ethnic trends They also explore the myth of model minorities and the contemporary resurgence of anti immigrant feelings A unique contribution to the field of immigration studies this volume considers the full racial and ethnic unfolding of the United States in its historical context

Civilizing the Child Katharine S. Bullard, 2013-11-26 In Civilizing the Child Discourses of Race Nation and Child Welfare in America Katherine S Bullard analyzes the discourse of child welfare advocates who argued for the notion of a racialized ideal child This ideal child limited to white often native born children was at the center of arguments for material support to children and education for their parents This book illuminates important limitations in the Progressive approach to social welfare and helps to explain the current dearth of support for poor children Civilizing the Child tracks the growing social concern with children in the nineteenth and early twentieth centuries The author uses seminal figures and institutions to look at the origins of the welfare state Chapters focus on Charles Loring Brace Jacob Riis residents of the Hull House Settlement and the staff of U S Children's Bureau analyzing their work to unpack the assumptions about American identity that made certain children belong and others remain outsiders Bullard traces the ways in which child welfare advocates used racialized language and emphasized the civilizing mission to argue for support of white native born children This language focused on the future citizenship of some children as an argument for their support and protection

Approaches to Teaching

Gaines's The Autobiography of Miss Jane Pittman and Other Works John Wharton Lowe, Herman Beavers, 2019-08-01 Offers pedagogical techniques for teaching the novels and short stories of Ernest Gaines in college literature classrooms including considerations of race gender sexuality ethnicity influences slavery Jim Crow black power the black arts movement humor folk culture film adaptations and criminal law Includes information on reference works and online resources **New**

Faces in a Changing America Loretta I. Winters, Herman L. DeBose, 2003 *New Faces in a Changing America* is a comprehensive penetrating authoritative and provocative examination of what it means to be multiracial in this country With contributions by the leading thinkers activists and researchers on the subject it admirably links theory and the powerful lived experiences of mixed race people This book will be the most important reference source on the subject for many years James P Allen California State University Northridge Not since the work of Root has there been as important of an anthology as *New Faces in a Changing America* This book explores the reality of multiracial people from a variety of theoretical and conceptual perspectives It is a must read for anybody who want to understand the multiracial movement and the multiracial people who lead that movement Any teacher who wants to introduce the concept of multiraciality to his her class must also have this book Winters and Debose are to be commended for putting together this first rate academic examination of an important social phenomenon George Yancey University of North Texas How multiracial people identify themselves can have major consequences on their positions in their families communities and society Even the U S Census has recognized the rapidly increasing numbers of those who consider themselves multiracial adding a new racial category to the 2000 Census form two or more races *New Faces in a Changing America* Multiracial Identity in the 21st Century examines the multiracial experience its history and the political issues and consequences surrounding biracial and multiracial identity bringing together top names in the field to give readers cutting edge views and insights gained from contemporary research This important new text follows the trail blazed by Maria Root who contributes its opening chapter An introduction places the issues of multiracial identity into context via a discussion of U S Census data and debates providing an overview of the varied readings to come covering such topics as Race as a social rather than biological construction The Multiracial Movement Racial Ethnic Groups in America and Beyond Race Gender human service professionals including psychologists counselors social workers and school personnel and importantly multiracial individuals themselves *Critical Essays on the Writings of Lillian Smith* Tanya Long Bennett, 2021-11-01 Contributions by Tanya Long Bennett David Brauer Cameron Williams Crawford Emily Pierce Cummins April Conley Kilinski Justin Mellette and Wendy Kurant Rollins As a white woman of means living in segregated Georgia in the first half of the twentieth century Lillian Smith 1897 1966 surprised readers with stories of mixed race love affairs mob attacks on outsiders and young female campers exploring their sexuality *Critical Essays on the Writings of Lillian Smith* tracks the evolution of Smith from a young girls camp director into a courageous artist who could examine controversial topics frankly and critically while preserving a lifelong connection to the north Georgia mountains and people She did not pull punches in her portrayals of the South and refused to obsess on an idealized past Smith took seriously the artist s role as she saw it to lead readers toward a better understanding of themselves and a more fulfilling existence Smith s perspective cut straight to the core of the neurotic behaviors she observed and participated in To draw readers into her exploration of those behaviors she created compelling stories using carefully chosen literary techniques in

powerful ways With words as her medium she drew maps of her fictionalized southern places revealing literally and metaphorically society's disfunctions Through carefully crafted points of view she offers readers an intimate glimpse into her own childhood as well as the psychological traumas that all southerners experience and help to perpetuate Comprised of seven essays by contemporary Smith scholars this volume explores these fascinating aspects of Smith's writings in an attempt to fill in the picture of this charismatic figure whose work not only was influential in her time but also is profoundly relevant to ours

Rethinking the Color Line Charles A. Gallagher, 2022-01-20 Rethinking the Color Line helps make sense of how race and ethnicity influence aspects of social life in ways that are often made invisible by culture politics and economics Charles A Gallagher has assembled a collection of readings that are theoretically informed and empirically grounded to explain the dynamics of race and ethnicity in the United States Students will be equipped to confidently navigate the issues of race and ethnicity examine its contradictions and gain a comprehensive understanding of how race and ethnic relations are embedded in the institutions that structure their lives User friendly without sacrificing intellectual or theoretical rigor the Seventh Edition has been thoroughly updated to reflect the current debates and the state of contemporary U S race relations

Ethical Complications of Lynching A. Sims, 2010-03-29 In an increasingly globalized economy Sims argues that Ida B Wells's fight against lynching is a viable option to address systemic forms of oppression More than a century since Wells launched her anti lynching campaign an examination of her work questions America's use of lynching as a tool to regulate behavior and the manner in which public opinion is shaped and lived out in the private sector Ethical Complications of Lynching highlights the residual effects of lynching as a twenty first century moral impediment in the fight to actualize ethical possibilities

The Face of the Deep Catherine Keller, 2003-12-16 This is a groundbreaking highly original work of postmodern feminist theology from one of the most important authors in the field The Face of the Deep deconstructs the Christian doctrine of creation which claims that a transcendent Lord unilaterally created the universe out of nothing Catherine Keller's impassioned graceful meditation develops an alternative representation of the cosmic creative process drawing upon Hebrew myths of creation from chaos and engaging with the political and the mystical the literary and the scientific the sexual and the racial As a landmark work of immense significance for Jewish and Christian theology gender studies literature philosophy and ecology The Face of the Deep takes our originary story to a new horizon rewriting the starting point for Western spiritual discourse

Black Shakespeare Ian Smith, 2022-09-29 Race may dominate everyday speech media headlines and public policy yet still questions of racialized blackness and whiteness in Shakespeare are resisted In his compelling new book Ian Smith addresses the influence of systemic whiteness on the interpretation of Shakespeare's plays This far reaching study shows that significant parts of Shakespeare's texts have been elided misconstrued or otherwise rendered invisible by readers who have ignored the presence of race in early modern England Bringing the Black American intellectual tradition into fruitful dialogue with European thought this urgent

interdisciplinary work offers a deep revealing and incisive analysis of individual plays including Othello The Merchant of Venice and Hamlet Demonstrating how racial illiteracy inhibits critical practice Ian Smith provides a necessary anti racist alternative that will transform the way you read Shakespeare **Masculinities and Literary Studies** Josep M. Armengol, Marta Bosch Vilarrubias, Àngels Carabí, Teresa Requena, 2017-02-03 If much of the existing masculinity scholarship has traditionally been grounded in a specific discipline this project provides an innovative methodological approach to the subject of literary masculinities by proving the applicability of interdisciplinary masculinity scholarship namely sociology social work psychology economics political science ecology etc to the literary analysis bridging the traditional gap between the Social Sciences and the Humanities in radically new and profound ways **The Cambridge Companion to Race and American Literature** John Ernest, 2024-06-27 A comprehensive study of how American racial history and culture have shaped and have been shaped by American literature *Troping Oroonoko from Behn to Bandele* Susan B. Iwanisziw, 2018-01-18 This volume of essays invites the reader to assess literary texts from within the frame of the texts cultural history which includes issues of authorship and literary or stage convention as well as the social and political institutions that shaped and marketed that literature The collection initiates just such an in depth and focused analysis of the complex literary and social history of the royal slave Oroonoko All eight essays address elements in the evolution of Oroonoko from Behn s 1688 novella to Southerne s 1696 dramatic adaptation and thence to the adaptations by Hawkesworth 1759 Gentleman 1760 Anonymous 1760 Ferriar 1788 Bellamy 1789 and Bandele 1999 who serially expropriated the play as a platform to debate responsibility in matters of slavery and colonialism Perhaps unique among literary creations Oroonoko and his entourage with their distinctive race class and gender attributes came into popular consciousness as tropes gauging important shifts in English values during the course of the transatlantic slave trade Accordingly this study aims to provide a specific exemplum of rigorous focused research on a single complex and controversial topic but also to complicate some of our received notions about Oroonoko slavery and abolition with a view to encouraging a more rigorous analysis of the cultural history underpinning literary texts *Reconsidering American Political Thought* Saladin Ambar, 2019-11-11 Filling in the missing spaces left by traditional textbooks on American political thought Reconsidering American Political Thought uses race gender and ethnicity as a lens through which to engage ongoing debates on American values and intellectual traditions Weaving document based texts analysis with short excerpts from classics in American literature this book presents a re examination of the political and intellectual debates of consequence throughout American history Purposely beginning the story in 1619 Saladin Ambar reassesses the religious political and social histories of the colonial period in American history Thereafter Ambar moves through the story of America with each chapter focusing on a different era in American history up to the present day Ambar threads together analysis of periods including Thomas Jefferson s aspiration to create an Empire of Liberty the ethnic racial and gender based discourse instrumental in creating a Yankee industrial state between

1877 and 1932 and the intellectual cultural and social forces that led to the political rise of Ronald Reagan and Barack Obama in recent decades In closing Ambar assesses the prospects for a new more invigorated political thought and discourse to reshape and redirect national energies and identity in the Trump presidency Reconsidering American Political Thought presents a broad and subjective view about critical arguments in American political thought giving future generations of students and lecturers alike an inclusive understanding of how to teach research study and think about American political thought

Postcolonial Literature Pramod K. Nayar,2008

Wallace's Dialects Mary Shapiro,2020-05-14 Mary Shapiro explores the use of regional and ethnic dialects in the works of David Foster Wallace not just as a device used to add realism to dialogue but as a vehicle for important social commentary about the role language plays in our daily lives how we express personal identity and how we navigate social relationships Wallace s Dialects straddles the fields of linguistic criticism and folk linguistics considering which linguistic variables of Jewish American English African American English Midwestern Southern and Boston regional dialects were salient enough for Wallace to represent and how he showed the intersectionality of these with gender and social class Wallace s own use of language is examined with respect to how it encodes his identity as a white male economically privileged Midwesterner while also foregrounding characteristic and distinctive idiolect features that allowed him to connect to readers across implied social boundaries

Melville and the Idea of Blackness Christopher Freeburg,2012-08-27 By examining the unique problems that blackness signifies in Moby Dick Pierre Benito Cereno and The Encantadas Christopher Freeburg analyzes how Herman Melville grapples with the social realities of racial difference in nineteenth century America Where Melville s critics typically read blackness as either a metaphor for the haunting power of slavery or an allegory of moral evil Freeburg asserts that blackness functions as the site where Melville correlates the sociopolitical challenges of transatlantic slavery and US colonial expansion with philosophical concerns about mastery By focusing on Melville s iconic interracial encounters Freeburg reveals the important role blackness plays in Melville s portrayal of characters arduous attempts to seize their own destiny amass scientific knowledge and perfect themselves A valuable resource for scholars and graduate students in American literature this text will also appeal to those working in American African American and postcolonial studies
