Who Is Phaedrus? Marshall Bradley, 2012-11-06 Who Is Phaedrus This book delivers answers Many have said Phaedrus is the most intriguing of Plato's works Phaedrus is certainly one of the most difficult to follow and fathom In part this is because the title figure Phaedrus himself has remained a mystery Who Is Phaedrus takes us on a tour of this intricate dialogue a work of philosophy and history and a work of art In Who Is Phaedrus we see how and why Phaedrus became involved in the most sensational scandals both religious and political in ancient Athens and yet we see Phaedrus come across as a person remarkably contemporary someone who could walk through a time seam and be wholly understandable as a soul in the twenty first century Perplexed as well as perplexing Phaedrus in the final analysis needs Socrates timeless philosophy as a salve and therapy and we follow along as Socrates delivers **Socrates and Self-Knowledge** Christopher

Moore, 2015-10-09 The first systematic study of Socrates interest in selfhood examining ancient philosophical ideas of what constitutes the self *Twin Peaks and Philosophy* Richard Greene, Rachel Robison-Greene, 2018-08-07 2017 saw the triumphant return of the weird and haunting TV show Twin Peaks with most of the original cast after a gap of twenty five years Twin Peaks and Philosophy finally answers that puzzling question What is Twin Peaks really about Twin Peaks is about evil in various forms and poses the question What's the worst kind of evil Can the everyday evil of humans in a small mountain town ever be as evil as the evil of alien supernatural beings Or is the evil of non humans actually less threatening because it's so strange and unaccountable And does the influence of uncanny forces somehow excuse the crimes committed by regular folks Some Twin Peaks characters try to confine evil by sticking to their own moral code as in the case of Albert Rosenfeld who refuses to disguise his feelings and upsets everyone by his forthright honesty Twin Peaks is about responsibility both legal and moral Who is really responsible for the death of Laura Palmer and other murder victims Although Leland has been revealed as Laura's actual killer the show suggests that no one in town was without some responsibility And was Leland even guilty at all if he was not in control of his own mind or body Twin Peaks is about the quest for self knowledge and the dangers of that quest as Agent Cooper keeps learning something new about himself as well as about the troubled townspeople The Buddhist Cooper has to confront his own shadow side culminating in the rite of passage at the Black Lodge at the end of Season Two Twin Peaks is about madness sanity the borderline between them and the necessity of some madness to make sense of sanity The outwardly super normal if somewhat eccentric Agent Dale Cooper is the inspired deranged and dedicated shaman who seeks the truth by coming to terms with the reality of unreason partly through his dreams and partly through his existential encounters with giants logs outer space and other unexpected sources Cooper challenges official law enforcement's over reliance on science Twin Peaks is about the imagination run wild moving from metaphysics to pataphysics the discipline invented by Alfred Jarry which probes the assumption that anything can happen and discovers the laws governing events which constitute exceptions to all laws **The Phaedrus of Plato**

Phaedrus by Plato Plato, 2012-02-27 Collectors edition In Phaedrus Plato records the conversation of love and rhetoric between Socrates and Phaedrus Socrates uses love as a metaphor for rhetoric by categorizing the differences between love and lust as well as the differences between a philosopher who pursues divine truth and a poet who forgoes truth for ostentations Then Socrates and Phaedrus eventually

conclude the requirements for being a dialectician In the course of defending proper love and truth Socrates points out that beauty and truth are divine Whoever pursues reality would worship beauty and truth with reverence and his admirations of divinities yield pleasures Then in order to receive the blessing from gods the proper lover and the philosopher must overcome desires with reasoning Conversely those commoners who are tempted by earthy imitations of the reality would be trapped by carnal or linguistic pleasures as the improper lover and the poet who lack reasoning would drown in the momentary enjoyments of their own wantonness *Phaedrus* Plato, 1973 Set in the idyllic countryside outside Athens the *Phaedrus* is a dialogue between the philosopher Socrates and his friend Phaedrus inspired by their reading of a clumsy speech by the writer Lysias on the nature of love Their conversation develops into a wide ranging discussion on such subjects as the pursuit of beauty the immortality of the soul and the attainment of truth and ends with an in depth consideration of the principles of rhetoric Probably a work of Plato's maturity the *Phaedrus* represents a high point in his achievement as a writer This volume also contains two of his letters which discuss his involvement in politics in particular his role as adviser to Dionysius II of Syracuse which are crucial documents for our understanding of Plato's life and career
