Publishing, Bowker, 1999-12 The British National Bibliography Arthur James Wells, 1994 **THE CHINESE FAIRY BOOK - 73 Chinese children's stories** Anon E. Mouse, 2017-08-17 The fairy tales and legends of olden China are as ancient as the land itself They have an oriental glow which can only be found in the orient They glitter like precious stones shine like gold and shimmer like multicoloured silks fluttering in the breeze They contain oriental wealth of fantastic and supernatural action not too dissimilar to the tales in the Thousand and One Nights The 73 stories herein embrace Nursery Fairy Tales Legends of the Gods Tales of Saints and Magicians Nature and Animal Tales Ghost Stories Historic Fairy Tales and Literary Fairy Tales Like the Arabian Nights they will fascinate the young reader and amply repay the attention of the older generations as well Some are exquisitely poetic such as The Flower Elves The Lady of the Moon or The Herd Boy and the Weaving Maiden others like How Three Heroes Came By Their Deaths Because Of Two Peaches carry us back dramatically and powerfully to the Chinese age of Chivalry The summits of fantasy are scaled in the quasi religious dramas of The Ape Sun Wu Kung and Notscha or the weird sorceries unfolded in The Kindly Magician Delightful ghost stories with happy endings such as A Night on the Battlefield and The Ghost Who Was Foiled are paralleled with such idyllic love tales as that of Rose of Evening or such Lilliputian fancies as The King of the Ants and The Little Hunting Dog It is quite safe to say that these Chinese fairy tales will give equal pleasure to the old as well as the young They have been retold simply with no changes in style or expression beyond such details of presentation which differences between oriental and occidental viewpoints at times compel It is the writer's hope that others may take as much pleasure in reading them as he did in their translation 33% of the net profit from the sale of this book will be donated to charities **Come to the Desert with Me** Mary C. Reid, 1991

Crossing Textual Boundaries in International Children's Literature Lance Weldy, 2011-01-18 As the first part of

the title indicates my interest in looking at intertextuality and transformation still maintains a prominent place throughout this book as well If we believe that no text is an island then we will understand that the relationships between and within texts across the years become a fascinating place for academic inquiry I included the word boundaries into the title because we never get tired of voicing our opinions about texts which traverse relegated boundaries such as genre or medium Not only am I interested in discussing what these changes across boundaries mean socially historically and culturally but also what they mean geographically which accounts for the second part of my title I am very excited that this book will be placing even more emphasis on children s literature in an international scene than my first book did in the sense that I have added more scholars on an international level I hesitate to list the nationalities of all of the contributors here because quite a few have themselves crossed international boundaries in different ways by either studying abroad or finding permanent residency in foreign countries Nevertheless the writers have lived extensively in or identify as being from Australia Canada England Finland Germany Greece Iceland Ireland Israel Norway Spain Sweden Turkey the United States of America and Wales
