Why Humanae Vitae Is Still Right Janet Smith, 2018-07-11 Paul VI's genius proved prophetic he had the courage to stand against the majority to defend moral discipline to exercise a brake on the culture to oppose present and future neo Malthusianism Pope Francis Of all the paradoxical fallout from the Pill perhaps the least understood today is this the most unfashionable unwanted and ubiquitously deplored moral teaching on earth is also the most thoroughly vindicated by the accumulation of secular empirical post revolutionary fact The document in question is of course *Humanae vitae* Mary Eberstadt Author Adam and Eve after the Pill After half a century how has the teaching of Pope Paul VI on marriage and birth control presented in his encyclical *Humanae vitae* On Human Life held up Very well says philosopher Janet Smith and her colleagues in *Why Humanae Vitae Is Still Right* A sequel to Smith's classic *Why Humanae Vitae Was Right* this new volume shows how the ethical theological spiritual and sociological case for Paul VI's controversial document remains strong indeed how it's in some ways even stronger today following Pope John Paul II's *Theology of the Body* and in light of the problems caused by the sexual revolution In addition to essays by Dr Smith herself the book features contributions by other renowned experts and scholars such as Mary Eberstadt author of the best selling *Adam and Eve after the Pill* George Weigel Therese Scarpelli Corey Michael Waldstein Christopher West Obianuju Ekeocha author of the best selling *Target Africa* Maria Fedoryka Deborah Savage Derek Doroski Angela LaFranchi William Newton Joseph Atkinson Michele M Schumacher and Peter Colosi *Why Humanae Vitae Is Still Right* includes the Krakow Document composed under the supervision of Cardinal Karol Wojtyla later Pope John Paul II which provided research by moral theologians and other experts that helped to shape *Humanae vitae* to be a more personalistic document

Jaroslav Kupczak, 2014 Gift and Communion offers a critical presentation of John Paul II's theology of the body understood in the light of Christian theological tradition The main thesis of the book is that John Paul II's theology of the body forms a new inspiring approach to Christian ethics and the theology of marriage and family as well as to theological anthropology A central thrust of Gift and Communion is to treat theology of the body as it deserves in all its philosophical and theological seriousness and to present it as an important stage in the historical development of Catholic theology **Unpopular**

Catholic Truths Oswald Sobrino, 2003-08 The beliefs of the Catholic Church are under constant attack This book boldly asserts the reasonableness of several unpopular Catholic truths in the teeth of these attacks The author presents an intelligent and assertive case for Catholic teaching on abortion sexuality and contraception This book does not shy away from presenting the reasons why Catholics limit the priesthood to males in an age that sees any exclusivity as unjust discrimination In a time when many question the historical origins of the papacy this book dares to present the New Testament evidence showing that Peter was indeed the first bishop of Rome from whom papal authority derives **Catholic**

Schools and the Future of the Church Kathleen Engebretson, 2014-02-27 During the first decade of the 21st century the Catholic Church in the developed world has faced a decline in its moral authority increasing accusations of irrelevance to a secular age and a steep and steady decline in commitment among successive generations from the 1960s on Despite this Catholic schools have multiplied and grown in popularity and educational achievement The book sets out a programme for the contribution of Catholic schools to the future of the Church covering such topics as the religious education curriculum in its cognitive and affective aspects the sacramental life of the school selection of staff the issue of staff and Catholic witness and many other topics Engebretson argues that Catholic schools are a powerful key to the future of the Church and shows how within their diversity Catholic schools can be ecclesial communities which have at their heart the building up of the Church Priestly Identity

Thomas J. McGovern, 2010-04-01 It is generally accepted that since the end of Vatican II there has been a crisis in the Catholic priesthood This is reflected in two areas in particular defections from the priesthood and a serious decline in vocations primarily in the developed countries of the West John Paul II has addressed this situation many times during his pontificate especially in *Pastores dabo vobis* where he offers a clear theological vision and a program of formation to overcome the current crisis of priestly identity In his new book McGovern offers a deep analysis of the Pope's theology of priesthood drawing not only from *Pastores dabo vobis* but also from his Holy Thursday Letters and other

important writings on this topic In this study the author deals with core aspects of priestly identity under three main headings theological spiritual and pastoral in the context of service to the lay faithful and the evangelization required of the Church in the new millennium **Procreation and the Spousal Meaning of the Body** Angel Perez-Lopez, 2017-02-15 This book attempts to aid those who are serious about the study of Pope Saint John Paul II's theology of the body It is directed especially to those who teach it at both an academic and a parish level It offers them the necessary scholarly background to be able to faithfully present John Paul II's work understanding it with depth and in continuity with Saint Thomas Aquinas and the Second Vatican Council Ecce Educatrix Tua Danielle M. Peters, 2009-12-01 Ecce Educatrix Tua discusses the Apostolic Letter *Novo millennio ineunte* NMI wherein John Paul II outlined the path the Church should adopt in the third millennium The necessity to rediscover the full practical significance of Chapter 5 of the Dogmatic Constitution on the Church *Lumen Gentium* dedicated to the universal call to holiness NMI 30 is at stake John Paul II stressed that a concrete pedagogy of holiness is required including a spiritual path without which external structures will serve very little purpose NMI 43 The Polish Pontiff invited ecclesial movements to present their original pedagogy of holiness cf NMI 31 Peters highlights the Blessed Virgin Mary as educator in a pedagogy of holiness from the teachings of John Paul II and Father Joseph Kentenich founder of the Schoenstatt Movement
