

ADVANCE PRAISE FOR **WHY WOMEN** SHOULD RULE THE WORLD

"Smart, funny, and tough—Dee Dee Myers may not have ruled the world, but she held her own at the highest levels of the White House. Here she shows how she did it, what she learned, and what all women should know about how to succeed and lead in a world where the deck is all too often stacked against them." —*George Stephanopoulos, ABC News, chief Washington correspondent and author of Tell Me!*

"Women around the world are rewriting history at a ferocious pace with or without permission. Though provocatively titled, *Why Women Should Rule the World* is so polemic, but a deeply researched, evocative rendering of this transformation in progress. Dee Dee's own personal and professional history is a frontline testimonial to women creating their own reality and in so doing changing the world's." —*Mary Maffei, former counselor to President George W. Bush and Vice President Dick Cheney*

"Just like Dee Dee Myers herself, this jewel of a book is sober-minded, funny, and most certainly timely. Avoiding the pitfalls of feminist manifestos, *Why Women Should Rule the World* nevertheless settles old scores with butter-knife ease. Myers makes a spirited case that 'women power' is the most neglected political resource in our arid times." —*Douglas Brinkley, New York Times bestselling author of The Great Deluge*

"If I had needed to be convinced that women should rule the world, Dee Dee Myers's smart and sensible book certainly would have done it. Drawing from interviews with women leaders in a variety of fields, extensive research, and her own 'first woman' experiences, Myers presents a compelling case, with more than a few laughs along the way, for why we would all be better off with more women running things." —*Cobie Smulders, ABC News, New York Times bestselling author of Poisoning Madison*

[The Presidents vs. the Press](#) Harold Holzer, 2021-08-24 An award winning presidential historian offers an authoritative account of American presidents attacks on our freedom of the press including a new foreword chronicling the end of the Trump presidency. The FAKE NEWS media Donald Trump has tweeted is not my enemy it is the enemy of the American People. Has our free press ever faced as great a threat? Perhaps not but the tension between presidents and journalists is as old as the republic itself. Every president has been convinced of his own honesty and transparency every reporter who has covered the White House beat has believed with equal fervency that his or her journalistic rigor protects the country from danger. Our first president George Washington was also the first to grouse about his treatment in the newspapers although he kept his complaints private. Subsequent chiefs like John Adams Abraham Lincoln Woodrow Wilson and Barack Obama were not so reticent going so far as to wield executive power to overturn press freedoms and even to prosecute journalists. Theodore Roosevelt was the first president to actively manage the stable of reporters who followed him doling out information steering coverage and squashing stories that interfered with his agenda. It was a strategy that galvanized TR's public support but the lesson was lost on Woodrow Wilson who never accepted reporters into his inner circle. Franklin Roosevelt transformed media relations forever holding more than a thousand presidential press conferences and harnessing the new power of radio at times bypassing the press altogether. John F Kennedy excelled on television and charmed reporters to hide his personal life while Richard Nixon was the first to cast the press as a public enemy. From the days of newsprint and pamphlets to the rise of Facebook and Twitter each president has harnessed the media whether intentional or not to imprint his own character on the office. In this remarkable new history acclaimed scholar Harold Holzer examines the dual rise of the American presidency and the media that shaped it. From Washington to Trump he chronicles the disputes and distrust between these core institutions that define the United States of America revealing that the essence of their confrontation is built into the fabric of the nation. **Feminist Pedagogy, Practice, and Activism**
