Winning Auditions 101 Strategies For Actors:

Winning Auditions Mark Brandon, 2005 Limelight This book isn't about methods. It's not another how-to book. It's a revelation, a shared collection of actors' trade secrets, tricks of the trade divulged by professionals in an experimental workshop that lasted nearly a year. You'll discover what actually sells you more than talent. You'll find out how powerful body language can be and even how influential color is in the audition room. You'll learn what keeps a photo on a casting director's desk and what keeps a casting director on your side. In short, you'll have 101 innovative ways to get what you've always wanted more of the parts you deserve. Inside Act Ken Womble, 2014-04-01 Why do some actors make it and others don't? Ken Womble sets out to find the answer to this question, one that has fascinated and tormented him for years. In his new book **INSIDE ACT: How Ten Actors Made It and How You Can Too**, Womble identifies what sets successful actors apart. For Womble, it's about the inner choices, the inside acts of working actors' acts that have propelled them to thriving careers in one of the most competitive professions on the planet. Ken Womble interviews actors Debra Monk, Eric Ladin, Krysta Rodriguez, Tony Yazbeck, James Earl Ray, Gary Beach, John Tartaglia, Robert Clohessy, Jose Llana, and Richard Portnow about their inside acts, the important choices of their acting careers. The interviews explore the intriguing journeys that have led these actors to successful careers and to Tony Emmy and Screen Actors Guild Awards, the most prestigious acting awards in theater and television. Actor interviews are followed by interviews with two of each actor's success team: the agents, managers, directors, and coaches who know them well. Womble then identifies the actor's most frequently used actions, skills, and beliefs, the keys to each actor's success. **101+ Tips and Tricks Every Prop Maker Should Know**

American television to the industrial practices that shape what we see on screen Specifically it frames the practice of colorblind casting as a potent lens for examining the interdependence of 21st century post racial politics and popular culture Applying a production as culture approach to a series of casting case studies from American primetime dramatic television including ABC's Grey's Anatomy and The CW's The Vampire Diaries Kristen Warner complicates our understanding of the cultural processes that inform casting and expounds the aesthetic and pragmatic industrial viewpoints that perpetuate limiting or downright exclusionary hiring norms She also examines the material effects of actors of color who knowingly participate in this system and justify their limited roles as a consequence of employment and finally speculates on what alternatives if any are available to correct these practices Warner's insights are a valuable addition to scholarship in media industry studies critical race theory ethnic studies and audience reception and will also appeal to those with a general interest in race in popular culture *The Complete Idiot's Guide to Acting* Paul Baldwin, John Williams Malone, 2001
