Hoopes, 1969 The most popular of all American watercolorists and the artist who has had the most profound influence on watercolor painting in America has always been Winslow Homer This beautiful volume is the first study devoted exclusively to Homer's work in this medium Published in cooperation with the Brooklyn Museum and The Metropolitan Museum of Art the book includes virtually the entire Winslow Homer watercolor collection of both museums The artist began in the English watercolor tradition subdued color applied in delicate washes with discreet brushwork but his vigorous individual talent turned to the vibrant color free brushwork and bold spontaneous washes that have since dominated American watercolor painting The full range of Homer's work is encompassed in this volume the subtle controlled coastal scenes painted during his residence in an English fishing village the powerful deep toned hunting and fishing pictures painted in the Maine woods and the explosion of tropical color in his late watercolors of the Caribbean the most famous and influential of all his work Printed abroad the color reproductions are unique in their fidelity to the paintings which were photographed especially for this book under the supervision of the cooperating museums from Back cover [Winslow Homer Watercolors](#) Helen A. Cooper, 1987-01-01 Traces the development of Homer as a watercolorist shows a selection of his landscapes seascapes and portraits and discusses his distinctive style and techniques *Winslow Homer: Watercolors* Nicolai Cikovsky, Jr., 2013-09-03 From the beautiful mountains and streams of Canada and the Adirondacks to the sandy beaches of New England from the picturesque

coasts of English villages to the sunny shores of the Bahamas Winslow Homer captured in his paintings the true magnificence of nature For more than thirty years between 1873 and 1905 Winslow Homer turned to watercolors during his working vacations concentrating on capturing the spirit of each place he visited with both spontaneity and intensity Many of Homer s most beautiful paintings focus on the interaction between humans and nature a hunter carrying a deer on his shoulders a man fishing from a small canoe a girl lounging and reading in the grass a young man driving cattle a fisherman s family anxiously watching for his return It is Homer s understanding of this important relationship between humans and nature that makes his paintings so intriguing Winslow Homer Watercolors reproduces the best of these paintings Large color plates allow these reproductions to be appreciated almost as much as the originals Accompanying the more than 100 color plates is an eloquent introduction and detailed chronology of Homer s life and artistic development This stunning volume allows one to experience nature through the eyes of one of America s greatest painters It is a vision of nature from a century ago that is still appreciated today **Winslow Homer** ,1986 **Winslow Homer Watercolors** Winslow Homer,1983 **Winslow Homer watercolors** Donelson F. Hoopes,1969 **Winslow Homer Watercolors** ,1978 The Watercolors of Winslow Homer Miles Unger,Winslow Homer,2001 Of his more than 700 watercolors over 140 are reproduced here dating from the 1870s to the turn of the century and ranging from pastoral to narrative Unger s text provides insight into the artist s technical mastery and discusses the importance of Homer s watercolors within the larger body of his work
