Winter Soldier: Iraq and Afghanistan Iraq Veterans Against the War, Aaron Glantz, 2008-09-01 The only way this war is going to end is if the American people truly understand what we have done in their name Kelly Dougherty executive director of Iraq Veterans Against the War In spring 2008 inspired by the Vietnam era Winter Soldier hearings Iraq Veterans Against the War gathered veterans to expose war crimes in Afghanistan and Iraq Here are the powerful words images and documents of this historic gathering which show the reality of life in Afghanistan and Iraq Iraq Veterans Against the War argues that well publicized incidents of American brutality like the Abu Ghraib prison scandal and the massacre of an entire family of Iraqis in the town of Haditha are not the

isolated incidents perpetrated by a few bad apples as many politicians and military leaders have claimed They are part of a pattern the group says of an increasingly bloody occupation Here is the war as it should be reported seeing the pain refusing to sanitize an unprovoked attack that has killed over one million people All over America are victims who have returned from this conflict with hideous wounds wounds that turn the lives of the entire family upside down And the American people are not seeing this Until now Winter Soldier an enormously important project of Iraq Veterans Against the War cuts this debacle to the bone exposing details hard to come by and even harder to believe This is must reading for patriots who have already begun the effort to insure that this never happens again Phil Donahue Winter Soldier makes us feel the pain and despair endured by those who serve in a military stretched to the breaking point by stop loss policies multiple combat tours and a war where the goals and the enemies keep shifting and also make s us admire the unbreakable idealism and hope of those men and women who still believe that by speaking out they can make things better both for themselves and for those who come after them San Francisco Chronicle Formed in the aftermath of the US invasions of Iraq and Afghanistan Iraq Veterans Against the War IVAW was founded in 2004 to give those who have served in the military since September 11 2001 a way to come together and speak out against an unjust illegal and unwinnable war Today IVAW has over seven hundred members in forty nine states Washington DC Canada and on military bases overseas Aaron Glantz is an independent journalist who has covered the Iraq War from the front lines He is the author of How America Lost Iraq Tarcher and a forthcoming book on the Iraq War from the University of California Press Anthony Swofford is the author of Jarhead A Marine s Chronicle of the Gulf War and Other Battles Breaking Ranks Matthew C. Gutmann,2010-08-04 Breaking Ranks brings a new and deeply personal perspective to the war in Iraq by looking into the lives of six veterans who turned against the war they helped to fight Based on extensive interviews with each of the six the book relates why they enlisted their experiences in training and in early missions their tours of combat and what has happened to them since returning home The compelling stories of this diverse cross section of the military recount how each journey to Iraq began with the sincere desire to do good Matthew Gutmann and Catherine Anne Lutz show how each individual s experiences led to new moral and political understandings and ultimately to opposing the war An Anthropology of War Alisse Waterston,2009 The contributors reflect on their ethnographic work at the frontlines and recount not only what they have seen and heard in war zones but also what is being read studied analyzed and remembered in such diverse locations as Colombia and Guatemala Israel and Palestine Iraq Afghanistan and Haiti They reflect on the important issue of accountability and offer explanations to discern causes patterns and practices of war Soul Repair Rita Nakashima Brock,Gabriella Lettini,2012-11-06 The first book to explore the idea and effect of moral injury on veterans their families and their communities Although veterans make up only 7 percent of the U S population they account for an alarming 20 percent of all suicides And though treatment of post traumatic stress disorder has undoubtedly alleviated suffering and allowed many service members returning from combat to transition to

civilian life the suicide rate for veterans under thirty has been increasing Research by Veterans Administration health professionals and veterans own experiences now suggest an ancient but unaddressed wound of war may be a factor moral injury This deep seated sense of transgression includes feelings of shame grief meaninglessness and remorse from having violated core moral beliefs Rita Nakashima Brock and Gabriella Lettini who both grew up in families deeply affected by war have been working closely with vets on what moral injury looks like how vets cope with it and what can be done to heal the damage inflicted on soldiers consciences In Soul Repair the authors tell the stories of four veterans of wars from Vietnam to our current conflicts in Iraq and Afghanistan Camillo Mac Bica Herman Keizer Jr Pamela Lightsey and Camilo Mej a who reveal their experiences of moral injury from war and how they have learned to live with it Brock and Lettini also explore its effect on families and communities and the community processes that have gradually helped soldiers with their moral injuries Soul Repair will help veterans their families members of their communities and clergy understand the impact of war on the consciences of healthy people support the recovery of moral conscience in society and restore veterans to civilian life When a society sends people off to war it must accept responsibility for returning them home to peace

War and the Politics of Ethics Maja Zehfuss, 2018 Contemporary Western war is represented as enacting the West s ability and responsibility to help make the world a better place for others in particular to protect them from oppression and serious human rights abuses That is war has become permissible again indeed even required as ethical war At the same time however Western war kills and destroys This creates a paradox Western war risks killing those it proposes to protect This book examines how we have responded to this dilemma and challenges the vision of ethical war itself exploring how the commitment to ethics shapes the practice of war and indeed how practices come in turn to shape what is considered ethical in war The book closely examines particular practices of warfare such as targeting the use of cultural knowledge and ethics training for soldiers What emerges is that instead of constraining violence the commitment to ethics enables and enhances it The book argues that the production of ethical war relies on an impossible but obscured separation between ethics and politics that is the problematic politics of ethics and reflects on the need to make decisions at the limit of ethics
