Eighteen Woody Allen Films Analyzed Sander H. Lee,2015-10-02 This new textbook is an abridgment of the author's earlier Woody Allen's Angst Philosophical Commentaries on His Serious Films McFarland 1997 invaluable Choice Five main topics are explored the desire of many of his characters to ground their lives in traditional ethical values despite their realization that such values may no longer be certain the opposition between pessimism and optimism throughout his films gender issues relating to romantic love sexual desire and the ongoing changes in our cultural expectations of both men and women the idea that contemporary American society is rapidly descending into barbarism precisely because of societal failure to maintain a sense of individual moral responsibility and a critique of psychoanalysis as a method for understanding human behavior Instructors considering this book for use in a course may request an examination copy here *The*

Reluctant Film Art of Woody Allen Peter J. Bailey,2016-05-27 For five decades no American filmmaker has been as prolific or as paradoxical as Woody Allen From *Play It Again Sam* 1972 to *Midnight in Paris* 2011 and *Blue Jasmine* 2013 Allen has produced an average of one film a year yet in many of these movies Allen reveals a progressively skeptical attitude toward both the value of art and the cultural contributions of artists In this second edition Peter J Bailey extends his classic study to consider Allen's work during the twenty first century He illuminates how the director's decision to leave New York to shoot in European cities such as London Paris Rome and Barcelona has affected his craft He also explores Allen's shift toward younger actors and interprets the evolving critical reaction to his films authoritatively demonstrating why the director's lifelong project of moviemaking remains endlessly deserving of careful attention **Woody Allen** Kimball King,2014-01-21
