CLAIMED puts Mick just where they want her but they've got another thing coming. She's a S A M O Agent for the Human National Security Agency and she has no intention of giving that up. Mick has her hands full juggling pack politics, managing a violent uprising, and trying not to die, but why does the idea of a lifelong mating terrify her more than anything else? And when did compelling green eyes staring out of a furry muzzle become the most appealing sight she'd ever seen? With the trouble bubbling in the MagKaen civil war becoming more and more certain, according to that bubble-headed vampire, the good races have decided to reveal themselves to the humans while the baddies have moved into a full-out Oh-heck-no. There has to be some way that Mick can keep the peace without giving up the very essence of her soul in the process. And well, if she ends up falling in love while she's at it, that might not be such a cataclysmic event either.
