Service-Oriented Mapping Jürgen Döllner,Markus Jobst,Peter Schmitz,2018-06-07 This book gathers various perspectives on modern map production Its primary focus is on the new paradigm of sharing and reuse which is based on decentralized service oriented access to spatial data sources Service Oriented Mapping is one of the main paradigms used to embed big data and distributed sources in modern map production without the need to own the sources To be stable and reliable this architecture requires specific frameworks tools and procedures In addition to the technological

structures organizational aspects and geographic information system GIS capabilities provide powerful tools to make modern geoinformation management successful Addressing a range of aspects including the implementation of the semantic web in geoinformatics using big data for geospatial visualization standardization initiatives and the European spatial data infrastructure the book offers a comprehensive introduction to decentralized map production

Bottleneckers William Mellor, Dick M. Carpenter II, 2016-12-13 Bottleneckers n a person who advocates for the creation or perpetuation of government regulation particularly an occupational license to restrict entry into his or her occupation thereby accruing an economic advantage without providing a benefit to consumers The Left Right and Center all hate them powerful special interests that use government power for their own private benefit In an era when the Left hates fat cats and the Right despises crony capitalists now there is an artful and memorable one word pejorative they can both get behind bottleneckers A bottleneckers is anyone who uses government power to limit competition and thereby reap monopoly profits and other benefits Bottleneckers work with politicians to constrict competition entrepreneurial innovation and opportunity They thereby limit consumer choice drive up consumer prices and they support politicians who willingly overstep the constitutional limits of their powers to create maintain and expand these anticompetitive bottlenecks The Institute for Justice s new book *Bottleneckers* coins a new word in the American lexicon and provides a rich history and well researched examples of bottleneckers in one occupation after another from alcohol distributors to taxicab cartels pointing the way to positive reforms

Prison Food in America Erika Camplin, 2016-12-08 America seems presently fascinated by prison culture and the inner workings of what happens behind clinked doors With TV shows creating binge watchers of us all and celebrities piquing public interest as they end up behind bars Americans seem to enjoy a good gawk at prison life Each year more than 13 million visitors still trek out to Alcatraz Island one of the most famous prisons in the world And why shouldn t they be curious about prison We as a nation currently incarcerate more people per capita than any other country and our prisons are notoriously rough violent and overcrowded At the same time we love our food take pictures of it post it socially and discuss our foodie favorites Rarely do we consider the food experiences of those for whom sustenance is more difficult to obtain particularly those incarcerated where choice and access is severely limited Prison food is often everything to prisoners It is the only marker of time throughout the day Food becomes commerce in the microeconomies behind prison walls It is often the only source of pleasure in a monotonous routine It creates sites of community when prisoners ban together to create recipes but also becomes a site of discord when issues surrounding fairness and equity arise in the chow hall *Prison Food in America* offers a high level snapshot of the fare offered behind bars its general guidelines and regulations fascinating stories about prisoners and food and the remarkable and varied ways food plays a role in the fabric of prison culture
