Toward a Christian Theology of Religious Pluralism Jacques Dupuis, 1997 The results from a lifetime of study reflection and experience in both Europe and Asia is this comprehensive examination of Christian theological understandings of world religious pluralism Copyright Libri GmbH All rights reserved **Toward a Christian theology of religious pluralism** Jacques Dupuis, 1999 Christianity and the Religions Jacques Dupuis, 2002 In this incisive and important volume Jacques Dupuis offers new insights on the most important issue facing Christian theology today giving an account of Christian faith as Christians go more deeply along the road of dialogue and collaboration with the followers of other religious traditions His task is to square a dogmatic circle How does one do justice to the Gospel claim that Jesus the Christ is the final and universal savior of all humankind in every age while also doing justice to the experience that truth grace holiness and power are experienced in other religious traditions In the first six chapters Dupuis reviews the history of the Western Christian tradition s teaching on other religious Ways through the breakthrough at Vatican Council II In chapters 7 and 8 he reviews the critical issues of uniqueness of Christ and Christian proposals to account for the mediation of salvation in other religious Ways He discusses also the relationship between the Reign of God the Church and the Religions In chapter 9 he explores the nature and role of dialogue in a pluralistic society In chapter 10 offers sage reflections on interreligious prayer

The Myth of Christian Uniqueness John Hick, Paul F. Knitter, 2005-01-25 A new model of Christian theology the pluralistic model is taking shape moving beyond the traditional models of exclusivism Christianity as the only true religion and inclusivism Christianity as the best religion toward a view that recognizes the possibility of many valid religions In this volume a widely representative group of eminent Christian theologians Protestant and Catholic male and female from East and West First and Third Worlds explores genuinely new attitudes toward other believers and traditions expanding and refining the discussion and debate over pluralistic theology Contributors are Gordon D Kaufman John Hick Langdon Gilkey Wilfred Cantwell Smith Stanley J Samartha Raimundo Panikkar Seiichi Yagi Rosemary Radford Ruether Marjorie Jewitt Suchocki Aloysius Pieris Tom F Driver and Paul F Knitter Toward a Christian Theology of Religious Pluralism Jacques Dupuis, 1997 The results from a lifetime of study reflection and experience in both Europe and Asia is this comprehensive examination of Christian theological understandings of world religious pluralism **No Other Name?** Paul F.

Knitter, 1985-01-01 **Encountering Religious Pluralism** Harold Netland, 2001-08-14 Harold Netland traces the emergence of the pluralistic ethos that challenges Christian faith and mission interacting heavily with philosopher John Hick and providing a framework for developing a comprehensive evangelical theology of religions *The Pluralism of Paul Knitter and the Pluralistic Inclusivism of Jacques Dupuis* James Shyamol Gomes, 2010 Acknowledging the contemporary challenges of religious pluralism this study emerges from the following new situations and the experiences of the diversity of religions and cultures There has been renewed discussion on Christianity s relation to other religious traditions We cannot

deny also the transforming effect of Vatican II and the renewed importance of the presence of truth and holiness in other faiths In this situation the manyness of religious ways at the Christian doorsteps and theologians are seeking how to make sense of these other religious paths The place and role of Christianity in the midst of many religious ways demand serious Christian commitment and renewed theological reflection This study is inspired by the publications of Paul Knitter's pluralism and Jacques Dupuis inclusive pluralism to continue to wrestle with the question of God's one saving plan for all and Christianity's relation with religious others They are calling for a greater sensitivity toward an urgent attention to and a serious dialogue with the diverse religious and cultural realities of Asia or other parts of the world The author shows that Knitter develops a theology of religious form the pluralist position 1 a move away from insistence on the superiority or finality of Christ and Christianity and 2 toward a recognition of the independent validity of other religious ways By contrast Dupuis pluralistic inclusivism upholds both 1 the universal constitutive character of the Jesus Christ event in the order of salvation and 2 the positive saving significance of the religious within the single manifold plan of God for humankind

gospel proclamation and dialogue Such a view of mission shaped by promise offers the paradox of God being both revealed and hidden in the cross as a distinctive contribution to an interreligious dialogue centered on the ambiguity and hiddenness of God

Many Paths Eugene Hillman, 2008-06-01 In *Many Paths* Eugene Hillman a pioneer in the area of interreligious dialogue and Catholic thought argues that the wider ecumenism to which Christians were summoned by Vatican II may prove to be the most radically demanding of the Council's many calls It requires a reexamination of christology of ecclesiology of missiology and a coming to terms with the reality of religious pluralism By exploring religion's historico-cultural dimensions examining the Church's tradition and practice vis-à-vis other cultures and religions and explicating the challenges of a post-Vatican II ministry *Many Paths* makes a vital contribution to the development of interreligious dialogue

[Christianity and Religious Plurality](#) Wilbert R. Shenk, Richard J. Plantinga, 2016-10-11 Over the past two centuries the Christian faith has spread to all continents Although more global than ever Christians are religious minorities in most societies Religious freedom is hardly universal In the past fifty years millions of people have been uprooted from their traditional homelands in Asia Africa and Latin America Some have emigrated to Western Europe and North America The West has become the scene of cultural linguistic and religious variety on a scale unimagined in 1900 Today the full range of faiths and religious practices from all continents are present in Europe and North America Christians are challenged to come to terms with this changed situation These developments have intensified religious plurality Christians all over the world are being urged to understand and engage with this new situation This volume highlights this new reality and specifies some sources for engagement not least among them the Judeo-Christian scriptures fundamental to all Christianities that emerged out of religious plural contexts On the basis of their faith in the Triune God disclosed in this text all followers of Jesus Christ must interact with these opportunities in today's radically context-sensitive world

[To Unite the Scattered Children of God](#) Stephen Finlan, 2022-11-07 *To Unite the Scattered Children of God* is an accessible exploration of hope for the spiritual uniting of humankind in worship and in other ways from Isaiah on down to present times Several prophets shared this hope Many nations shall join themselves to the Lord on that day and shall be my people Zech 2:11 To an even greater degree Jesus set in motion a universalizing power Jesus and Paul inspired hope for the uniting of Jews Samaritans and Gentiles into one fold in the unity of the faith The book also builds upon the work of Teilhard de Chardin regarding the convergence of the human race under the spiritual influence of Christ the omega point of evolution Insights from pneumatology process theology personalism interfaith discussions and world peace advocacy add to the discussion

[One Christ-Many Religions](#) S. J. Samartha, 2015-06-29 Here is a wise radical and illuminating book on the obstacles that a rigid interpretation of orthodox christological doctrines presents to dialogue with persons of other faiths *One Christ Many Religions* examines religious pluralism today and in the light of its implications for the global community suggests the contours of a revised christology more credible to Christians and their neighbors of other faiths Samartha argues that the problem with the christological

dogmas of the first Ecumenical Councils is not their truth so much as their interpretation and the un-Christian zealotry they seem to engender in Christians. Sensitive to charges of sentiments of racial and cultural superiority that stem from Christians believing themselves uniquely authorized agents of God, Samartha challenges us to admit the truth of these accusations and to revise our understanding of Jesus. Without such christological revisions, Samartha fears Christianity may cease to be Christian, may become enfeebled in the pursuit of justice for the oppressed, alienated from the deeper challenge of Jesus, sealed off from the truths of other religions and ultimately may be barred from experiencing the rich and mysterious encounter of God.

Pluralism: The Future of Religion Kenneth Rose, 2013-03-28

Theology of religions has defaulted in the last two decades to an epicyclic inclusivism which seeks to undermine pluralism with claims that it is covertly triumphalistic and that it mirrors the logic of exclusivism. With the exception of pioneers in the field such as John Hick and Paul Knitter, most major figures in this theological field have retreated from pluralism and promote versions of particularism and inclusivism.

Pluralism: The Future of Religion argues for an apophatic pluralism that is motivated by the insight that it is impossible to secure universal assent for changeable bodies of religious teachings. This insight implies the non-finality and consequent departicularization of all religious teachings and their inclusivistic defenses. These conclusions point us inevitably toward pluralism and lead us out of the inclusivistic impasse of contemporary theology in religions.
