Thinking About Addiction Hyperbolic Discounting And Responsible Agency Social Philosophy:

Thinking about Addiction Craig Hanson, 2009 What is addiction Why do some people become addicted while others do not Is the addict rational In this book Craig Hanson attempts to answer these questions and more Using insights from the beginnings of philosophy to contemporary behavioral economics Hanson attempts to assess the variety of ways in which we can and cannot understand addiction Special consideration is given to a challenging and controversial proposal dubbed hyperbolic discounting Hanson proposes some modifications to the hyperbolic discounting view that permit it to explain not only addiction but also a variety of psychological maladies such as self deception *Thinking about Addiction* Craig Hanson, George Ainslie, 2009 What is addiction Why do some people become addicted while others do not Is the addict rational In this book Craig Hanson attempts to answer these questions and more Using insights from the beginnings of philosophy to contemporary behavioral economics Hanson attempts to assess the variety of ways in which we can and cannot understand addiction Special consideration is given to a challenging and controversial proposal dubbed hyperbolic discounting Hanson proposes some modifications to the hyperbolic discounting view that permit it to explain not only addiction but also a variety of psychological maladies such as self deception *New Perspectives on Pragmatism and Analytic Philosophy*. Rosa M. Calcaterra, 2011-04 The strong influence of pragmatism in the early 20th century international debate its subsequent and apparently inexorable decline and its recent revival are intertwined with the fate of other currents of thought that have marked the development of contemporary philosophy This volume clarifies the most recent events of this development focusing on key theoretical issues common both to American classic philosophical tradition and analytical thought Many essays in this volume belong to what we can call new pragmatism namely a pragmatist perspective that is different from the postmodernist neo pragmatism la Rorty The volume shows that both pragmatists and analytic thinkers stress the importance of logic and scientific method in order to deal with philosophical problems and seek for a clarification of the relation between our ethical values and our understanding of natural facts Moreover the anti skeptic attitude that characterizes pragmatism as well as most part of analytic philosophy and their common attention to the problems of language and communication are emphasized The more sophisticated tools for addressing both theoretical and methodological problems developed by analytic philosophy are pointed out and the essays show the possible integration of these two forms of speculation that for too a long time mutually disregarded one another **Values and Powers** Krzysztof Piotr Skowroński, 2009 The Value Inquiry Book Series VIBS is an international scholarly program founded in 1992 by Robert Ginsberg that publishes philosophical books in all areas of value inquiry including social and political thought ethics applied philosophy aesthetics feminism pragmatism personalism religious values medical and health values values in education values in science and technology humanistic psychology cognitive science formal axiology history of philosophy post communist thought peace theory law and society and theory of culture Book Jacket **Arguments and Analysis in**

Bioethics Matti Häyry, 2010 Values in Bioethics ViB co sponsored by the International Association of Bioethics makes available original philosophical books in all areas of bioethics including medical and nursing ethics health care ethics research ethics environmental ethics and global bioethics A Lab of My Own Neena B. Schwartz, 2010-01-01 What was it like to be a woman scientist battling the old boy s network during the 1960s and 1970s Neena Schwartz a prominent neuroendocrinologist at Northwestern University tells all She became a successful scientist and administrator at a time when few women entered science and fewer succeeded in establishing independent laboratories She describes her personal career struggles and those of others in academia as well as the events which lead to the formation of the Association of Women in Science and Women in Endocrinology two national organizations which have been successful in increasing the numbers of women scientists and their influence in their fields The book intersperses this socio political story with an account of Schwartz s personal life as a lesbian and a description of her research on the role of hormones in regulating reproductive cycles In a chapter titled Don t Ask Don t Tell she examines the evidence from a scientist s point of view for the hormonal and genetic theories for homosexuality Other chapters provide advice on mentoring young scientists and a discourse on why it matters to all of us to have more women doing and teaching science She also describes the process of putting together an interdisciplinary Center on Reproductive Science at Northwestern which brought together basic and clinical scientists in an internationally recognized program of research and practice **Sex, Love, and Friendship** Adrienne Leigh McEvoy, 2011-08 The joke is that all the prostitutes go on vacation when the philosophers come to town The reason that the other conventioners do it philosophers just talk about it And talk about sex and love and friendship is what the contributors to this volume do They talk and argue split hairs and clarify all trying to advance our understanding of this most interesting practice of the human species Some of the best minds on three continents from four nations and eighteen of the United States discuss such topics as adultery commitment cross dressing gender politics date rape family friendship friends as lovers gayness love marital pluralism marriage prostitution religiously motivated anti queer sentiments same sex marriage seduction and self respect Rather than preach participants probe our attitudes and practices involving these issues with the aim of better understanding the broad range of sexual practices of our species The result is a collection of stimulating essays that can enliven class discussions as well as provide guidance for the sexually perplexed The work is accessible to readers from high school through college and beyond **Social Justice, Poverty and Race** , 2011-01-01 A clear understanding of social justice requires complex rather than simple answers It requires comfort with ambiguity rather than absolute answers This is counter to viewing right versus wrong just vs unjust or good vs evil as dichotomies This book provides many examples of where and how to begin to view these as continuums rather than dichotomies Niccolò Machiavelli Leonidas Donskis, 2011 Preliminary Material AGAINST ALL THE ODDS MACHIAVELLI ON FORTUNE IN POLITICS Timo Airaksinen BORDER VALUE MORALITY AND SEMANTICAL COHERENCE IN MACHIAVELLI S PRINCE Hubert Schleichert NICCOL

Communities of Peace. Danielle Poe,2011-04 This volume examines the many ways in which violence domination and
oppression manifest themselves This examination opens the way to creative suggestions for overcoming injustice The authors
in this volume also describe the features of a just community and inspire readers to implement peaceful transformation

For Our Children Anders Nordgren,2010-01-01 This book provides an overview of different ethical views on animal
experimentation Special attention is given to the production and experimental use of genetically modified animals It proposes
a middle course between those positions that are very critical and those very positive This middle course implies that animal
experiments originating in vital human research interests are commonly justified provided that animal welfare is taken
seriously Some animal experiments are not acceptable since the expected human benefit is too low and the animal suffering
too severe This position is supported by an argument from species care according to which we have special obligations to our
children and other humans due to special relations The book tries to bridge the gap between animal ethics and animal
welfare science by discussing various conceptions of animal welfare function centered feeling based and those focusing on
natural living The theoretical starting point is imaginative casuistry This approach stresses the role of moral imagination and
metaphor in ethical deliberation accepts a plurality of values and recognizes the importance of case by case balancing In the
discussion of genetically modified animals both intrinsic ethical concerns and animal welfare concerns are addressed

Containing (un)American Bodies Mary K. Bloodsworth-Lugo,Carmen R. Lugo-Lugo,2010 This work addresses
constructions of Americanness and American citizenship within a framework of the United States led War on Terror and a
post 9 11 era We examine how particular bodies came to be deemed as threatening and the discursive constructions of
terrorism that unfolded Given the reemergence and deployment of dualisms particular bodies were constructed as American
while others were construed to be un or anti American Racialized and sexualized bodies were positioned as threats to the
security of the nation while the nation s citizenry overwhelmingly adopted and reinforced the rhetoric provided by its
leadership Preface *Cutting Through the Surface* ,2009-01-01 This book examines the role of philosophy and philosophers
in bioethics Academics often see bioethical studies as too practical while decision makers tend to see them as too theoretical
The purpose of this collection of new essays by an international group of distinguished scholars is to explore the troubled
relationship between theory and practice in the ethical assessment of medicine health care and new medical and genetic

technologies The book is divided into six parts In the first part philosophers consider the definition of bioethics the nature of applied ethics more generally and the possibility of combining utilitarian and liberal strands of thinking in moral and political studies In the second part authors discuss the place and justification of principles in bioethics and the significance of medical and nursing experience in moral decision making The third part addresses the complementary or contradictory as the case may be principles of dignity autonomy precaution and solidarity and their use in theoretical and practical settings In the fourth part public health measures and experimental research are defended against traditional moral concerns Part five scrutinizes parental responsibilities in bearing and rearing children especially the reasons for and against human reproduction in individual cases In part six enhancements to human nature by various means are analyzed Following in the footsteps of four previous collections in the Values in Bioethics special series by the same editorial team Scratching the Surface of Bioethics Bioethics and Social Reality Ethics in Biomedical Research and Arguments and Analysis in Bioethics this book compiled in honor of Professor Matti Häyry's 50th birthday drills into the core of the discipline to show the philosophical depths that lie under the polished surface of policy driven everyday bioethics

The Continuing Relevance of John Dewey Larry A. Hickman, 2011 The present volume encapsulates the contemporary scholarship on John Dewey and shows the place of Dewey's thought on the philosophical arena The authors are among the leading specialists in the philosophy of John Dewey from universities across the US and in Europe
