Thinking Fast And Slow By Kahneman Daniel Farrar Straus And Giroux 2011 Hardcover:

The Undoing Project Michael Lewis, 2016-12-06 Brilliant Lewis has given us a spectacular account of two great men who faced up to uncertainty and the limits of human reason William Easterly Wall Street Journal Forty years ago Israeli psychologists Daniel Kahneman and Amos Tversky wrote a series of breathtakingly original papers that invented the field of behavioral economics One of the greatest partnerships in the history of science Kahneman and Tversky's extraordinary friendship incited a revolution in Big Data studies advanced evidence based medicine led to a new approach to government regulation and made much of Michael Lewis's own work possible In *The Undoing Project* Lewis shows how their Nobel Prize winning theory of the mind altered our perception of reality

The Natural Law of Cycles James H. Bunn, 2017-07-28 The Natural Law of Cycles assembles scientific work from different disciplines to show how research on angular momentum and rotational symmetry can be used to develop a law of energy cycles as a local and global influence Angular momentum regulates small scale rotational cycles such as the swimming of fish in water the running of animals on land and the flight of birds in air Also it regulates large scale rotation cycles such as global currents of wind and water James H Bunn introduces concepts of symmetry balance and angular momentum showing how together they shape the mobile symmetries of animals Chapter 1 studies the configurations of animals as they move in a head first direction Chapter 2 shows how sea animals follow currents and tides generated by the rotational cycles of the earth In chapter 3 Bunn explores the biomechanical pace of walking as a partial cycle of rotating limbs On a large scale angular momentum governs balanced shifts in plate tectonics Chapter 4 begins with an examination of rotational wind patterns in terms of the counter balancing forces of angular momentum The author shows how these winds augment the flights of birds during migrations A final chapter centres on the conservation of energy as the most basic principle of science Bunn argues that in the nineteenth century the unity of nature was seen in the emergent concept of energy not matter as the source of power including the movements of animals and machines In each chapter Bunn features environmental writers who celebrate mobile symmetries This book will interest students naturalists and advocates of the environmental movement

Faith Never Stands Alone Ronald Higdon, 2023-01-03 The relationship between faith and action has troubled Christians since there have been any Christians to be troubled Is there such a thing as faith without works Can faith be grown and if so how Ron Higdon drawing on a lifetime of ministry experience and study sets out to help with these questions He teaches that faith is a risky business it is always connected to action it doesn't protect us from life's difficulties and tragedies In fact it appears faith can be hard work Each chapter includes introductory ideas with biblical sources followed by reflection a section of quotations to drive your thinking a few conclusions and then thought questions This is a practical book designed and intended to help you live out your life as a Christian It is suitable for individual reading and study but also well laid out for small group or Sunday School usage

(You)r Life Christo B. Vermeulen, *The Axe An Inquiry to the Citizenry of this World* If all men and women are created

equal and born to be free why then are most men and women locked inside a socioeconomic dungeon of inequality Succumbed to bondage they live lives of quiet desperation equality and freedom only a distant thought Can these liberties be freed Can these liberties be secured The axe placed on the root of these liberties must be removed The time has come Together this undeniable conviction must be the force behind the swift removal Personal Socio Economic Reality liberation for the ordinary citizenry must become the business of the ordinary citizenry This is a call to Action A call to LEARN LIVE and LEAD (You)r Money Christo B. Vermeulen,2014-03-03 You r Money Rootless Fruitless and MeaningVille is an innovative guide for parents teachers mentors guardians and children an imaginative blueprint for a child s Personal Economy The teachings in You r Money will help your child develop his or her financial thinking and understanding which leads to prudent financial decision making and actions This work is less about finances and money than it is about the child s mind his thinking about money and the colorful crystallization of his world and money views The child friendly format of You r Money is intentionally devoted to cultivate and mature the child s financial character It includes fundamental lessons from the past four millennia the discovery and development of financial character and the deployment of a financial blueprint With real life examples and colorful illustrations it s a fun and appealing challenge Encourage your children to immerse themselves in this work and give them the edge they need to take charge of their financial destiny Author Christo B Vermeulen wants to develop and deploy the Personal Economy of children everywhere A percentage of the proceeds from this book will be channeled to further the goal of the Global Financial SHIFT Project helping all children succeed globally
