New Serial Titles ,1961 **Serial Titles Newly Received** Library of Congress,1952 **José Rizal, the Philippines, and Greco-Roman Antiquity** Andreas T. Zanker, 2025-10-15 This volume is the first extended investigation of the classicism of Jos Rizal 1861 1896 the de facto national hero of the Philippines and explores how Greco Roman antiquity was harnessed by Rizal and other Philippine artists and thinkers at the end of the Spanish colonial period Rizal lived at a crucial juncture in his nation s history and Zanker argues that Rizal s writing and thought represents a rich and evolving example of late colonial classical reception The volume illustrates how the forms of knowledge associated with Greco Roman antiquity were put to creative and powerful new tasks in the attempts of Rizal and his contemporaries to redefine the relationship between Spain and its most distant colony It not only explores the presence of Greco Roman antiquity in Rizal s novels but also his lesser known works in a roughly chronological order Besides covering the entirety of Rizal s surviving works Zanker considers the role of antiquity in the paintings of Juan Luna and in Rizal s parsing of his friendship with his Austrian collaborator Ferdinand Blumentritt Jos Rizal the Philippines and Greco Roman Antiquity is of interest to students and scholars of Classics particularly Classical Reception and the colonial era Philippines as well as Latin American Studies Southeast Asian Studies and Postcolonial Studies more broadly
