The Making of the Inclusive School Gary Thomas, David Walker, Julie Webb, 2006-04-19 Inclusion is a buzzword of the 1990s Politicians now stress their commitment to inclusion and social justice not competition For schools inclusion means accepting and educating all children irrespective of their difficulties The new inclusive mood is about including everyone in society's institutions It has created a growing demand for schools to find effective ways of including and teaching all children even those who at one time would have been sent to special schools The book combines a theoretical examination of inclusion and its rationale with the story of a group of schools in which teachers assistants and children have striven to make inclusion happen This new book explores the arguments for inclusive schools examines the international evidence about children's well being and academic progress in inclusive schools describes how the pioneers have developed their practice for inclusion presents the findings of an in depth 18 month study of a group of schools which
