Books-in-Brief: The Qur'anic Worldview AbdulHamid AbuSulayman,2013-01-01 This is a carefully reasoned positive and largely reflective work Looking back at the various stages of Islamic historical development AbuSulayman puts forward a thesis that focuses on the recovery of what is termed the Qur'anic worldview By this is meant an ethical monotheistic and purposeful perspective on the world and those within it Our faith will only be complete when we have become utterly sincere in our love for God a love expressed in a pure passionate love for goodness and truth in this world It was the strict internalization of this perspective and close adherence to the principles of the Qur'an which AbuSulayman contends played a key factor in galvanizing the devout and intensely God conscious followers of fledgling Islam to achieve the successes that they once did the profound historical and global impact of which is still the subject of much study and admiration today The rebirth of Islamic identity through this Qur'anic worldview is the key requirement of our times and a prerequisite for any future healthy and viable development of Muslim societies
