Mary Penelope Duckworth, 2004-01-25 Although Mary is a preeminent figure in Christianity and one of the most celebrated women in history to many Christians she seems distant and unapproachable a porcelain perfection of abstract motherhood that is irrelevant to their everyday existence Still interest in Mary is high as evidenced by retreats pilgrimages liturgical

formulations and church discussions on her Many Christians are hearing new wisdom in her Magnificat and are searching for ways to integrate her into their lives of faith Although we inevitably look at Mary from a twenty first century perspective in this book Duckworth shows that our appreciation will be deeply enriched if we remember the sources that have influenced our tradition and try to comprehend the grand sweep of Marian devotion As descendants of that tradition we can look to Mary not only as the mother of our Lord but as the mother of a growing changing church that is finding its way to a contemporary appreciation of her many dimensions Duckworth addresses six of those dimensions Mary as prophet matriarch theologian disciple intercessor and paradigm in this compelling work that combines theology history devotion and meditation on biblical texts *Between East and West* Muge Galin,1997-07-31 Considers how Lessing s exposure to a particular aspect of tasawwuf the classical Sufi Way has shaped her work Impresses upon the reader the degree to which Lessing is seriously offering her space fiction utopias as plausible and even necessary alternatives to our present Western ways of life **The Ecstasies of St. Francis** John Haule,2004-07 The Great Initiates encompasses long centuries of human existence and reflects our great search the greatest search of all the quest for the spirit This book describes the motivations behind external history the growth of religious striving the rise and fall of cultures and indicates their importance for us today It reflects the lives and deeds of human beings of extraordinary stature Rama Krishna Hermes Moses Orpheus Pythagoras Plato and Jesus In these pages one witnesses spiritual adventure of a depth and intensity rarely experienced by creative human beings even in their most exalted moments This excitement of discovery which breathes through The Great Initiates may well explain its continuing popularity after over a century **The Essence of Rumi** John Baldock,2005-10-11 Get drunk on Love for Love is all that exists Unless you make Love your business you will not be admitted to the Beloved Divan i Shams i Tabriz 455 A1 54 The thirteenth century saint Jalaluddin Rumi has been called the greatest mystical poet of any age and his work compared to that of Dante and Shakespeare Over a period of 25 years he composed over 70 000 verses of poetry on the subjects of divine love mystic passion and ecstatic illumination Rumi was also a master story teller as this comprehensive exploration of his work so rewardingly reveals Primarily an introduction to Rumi and the path of self surrender it is arranged in such a way that it guides the reader from the poet s outer historical world to the inner spiritual essence of his teaching The Essence of Rumi offers us the opportunity to overcome the limitations of our human view of the world and transform our sensory eye into the poet s all seeing Ocean of Reality **The Divining Heart** Patricia C. Wright,Richard D. Wright,1994-07-01 Building on the principles and practices presented in The Divining Mind Richard Wright s first book on dowsing coauthored by T Edward Ross II authors Richard and Pat Wright define dowsing as the process of uncovering information through the medium of the self The Wrights believe as do many dowsers that the ability to dowse is innate but they also feel that its proper development is contingent upon the parallel unfoldment of the spiritual qualities in our nature Through this process the dowser becomes increasingly cognizant of the interconnectedness of all aspects of life and begins to

play his or her part as an agent of healing and positive change Includes detailed information on Responsibility in dowsing Practical dowsing Earth energies Planetary stewardship Healing and prayer The supersensory worlds An indispensable guide for the advanced dowser as well as a beginner s sourcebook Sufism Deepshikha Shahi,2020-06-22 In an effort to attain a global character the contemporary academic discipline of International Relations IR increasingly seeks to surpass its Eurocentric limits thereby opening up pathways to incorporate non Eurocentric worldviews Lately many of the non Eurocentric worldviews have emerged which either engender a derivative discourse of the same Eurocentric IR theories or construct an exceptionalist discourse which is particularly applicable to the narrow experiential realities of a native time space zone as such they fall short of the ambition to produce a genuinely non derivative and non exceptionalist Global IR theory Against this backdrop Sufism A Theoretical Intervention in Global International Relations performs a multidisciplinary research to explore how Sufism as an established non Western philosophy with a remarkable temporal spatial spread across the globe facilitates a creative intervention in the theoretical understanding of Global IR *Wisdom for the Soul* Larry Chang,2006 Five Millennia of Prescriptions for Spiritual Healing **Translating Rumi into the West** Amir Sedaghat,2023-02-28 Focusing on Rumi the best selling Persian mystical poet of the 13th century this book investigates the reception of his work and thought in North America and Europe and the phenomenon of Rumimania to elucidate the complexities of intercultural communication between the West and the Iranian and Islamic worlds Presenting tens of examples from the original and translated texts the book is a critical analysis of various dimensions of this reception outlining the difficulties of translating the text but also exploring how translators of various times and languages have performed and explaining why the quality of reception varies Topics analysed include the linguistic and pragmatic issues of translation comparative stylistics and poetics and non textual factors like the translator s beliefs and the political and ideological aspects of translation Using a broad theoretical framework the author highlights the difficulties of intercultural communication from linguistic semiotic stylistic poetic ethical and sociocultural perspectives Ultimately the author shares his reflections on the semiotic specificities of Rumi s mystical discourse and the ethics of translation generally The book will be valuable to scholars and students of Islamic philosophy Iranian studies and translation studies but will appeal to anyone interested in the cultural dichotomies of the West and Islam **A Heart of Wisdom** Maurice Friedman,2012-02-01 Drawing on almost half a century of immersion in the world s great religions coupled with an ever deepening understanding of the philosophy and phenomenology of religion the author takes a dialogical approach through which religious reality is not seen as external creed and form or as subjective inspiration but as the meeting in openness presentness immediacy and mutuality with ultimate reality Religion has to do with the wholeness of human life The absolute is found not just in the universal but in the particular and the unique When it promotes a dualism in which the spirit has no binding claim upon life and life falls apart into unhallowed fragments religion becomes the great enemy of humankind Joining the Sisterhood Tobin Belzer,Julie

Pelc,2012-02-01 Young Jewish women engage in almost every aspect of religious and cultural Jewish life yet their unique perspectives have remained largely invisible Through poetry and personal essays Joining the Sisterhood sheds light on the lives of these young women as they search for both personal and universal truths By writing about their thoughts and experiences the women in this anthology join the sisterhood of women who work toward justice in their homes synagogues and communities **The Writers Directory** ,2013
