The Thoughts of the Emperor Marcus Aurelius Antoninus Marcus Aurelius (Emperor of Rome),1892 **Thoughts of**

Marcus Aurelius Antoninus Marcus Aurelius,2017-03 The second century CE Roman emperor Marcus Aurelius was also a Stoic philosopher and his private *Meditations* written in Greek gives readers a unique opportunity to see how an ancient person indeed an emperor might try to live a Stoic life according to which only virtue is good only vice is bad and the things which we busy ourselves with are all indifferent The difficulties Marcus faces putting Stoicism into practice are philosophical as well as practical and understanding his efforts increases our philosophical appreciation of Stoicism **The Thoughts of the Emperor M. The *Thoughts* is a series of personal reflections by Marcus Aurelius Roman Emperor 161 180 CE written over a series of years in far flung places as he led the Romans in military campaigns quashed revolts and dealt with the other tribulations of governing the Empire It is best described as a spiritual journal containing a record of the emperor and s philosophical exercises The life changing principles of Stoicism taught through the story of its most famous proponent This book is a wonderful introduction to one of history and s greatest figures Marcus Aurelius His life and this book are a clear guide for those facing adversity seeking tranquility and pursuing excellence Ryan Holiday bestselling author of *The Obstacle is the Way* and *The Daily Stoic* *The Thoughts of Marcus Aurelius Antoninus* Marcus Aurelius,2008-11 Marcus Aurelius was Emperor of Rome from 121 to 180 *Thoughts of Marcus Aurelius* was written for school age children The author believed that children should be given the wisdom of great leaders from all eras Marcus Aurelius believed that human happiness arises in part from man s acceptance of his duties and responsibilities He believed that one should accept calmly what cannot be avoided and perform one s duties as well as possible It was the doctrine of Marcus Aurelius that most of the ills of life come to us from our own imagination that it was not in the power of others seriously to interfere with the calm temperate life of an individual and that when a fellow being did anything to us that seemed unjust he was acting in ignorance and that instead of stirring up anger within us it should stir our pity for him Oftentimes by careful self examination we should find that the fault was more our own than that of our fellow and our sufferings were rather from our own opinions than from anything real

The Thoughts of the Emperor Marcus Aurelius Antoninus Marcus Aurelius, 2014-04-01 Meditations literally thoughts writings addressed to himself is a series of personal writings by Marcus Aurelius Roman Emperor 161 180 CE setting forth his ideas on Stoic philosophy A central theme to Meditations is to analyze your judgement of self and others and developing a cosmic perspective As he said You have the power to strip away many superfluous troubles located wholly in your judgement and to possess a large room for yourself embracing in thought the whole cosmos to consider everlasting time to think of the rapid change in the parts of each thing of how short it is from birth until dissolution and how the void before birth and that after dissolution are equally infinite He advocates finding one's place in the universe and sees that everything came from nature and so everything shall return to it in due time It seems at some points in his work that we are all part of a greater construct thus taking a collectivist approach rather than having an individualist perspective Another strong theme is of maintaining focus and to be without distraction all the while maintaining strong ethical principles such as Being a good man His Stoic ideas often involve avoiding indulgence in sensory affections a skill which will free a man from the pains and pleasures of the material world He claims that the only way a man can be harmed by others is to allow his reaction to overpower him An order or logos permeates existence Rationality and clear mindedness allow one to live in harmony with the logos This allows one to rise above faulty perceptions of good and bad
