Travers Mort Louise Michel:

Prison Narratives from Boethius to Zana P. Phillips, 2014-07-24 Prison Narratives from Boethius to Zana critically examines selected works of writers from the sixth century to the twenty first century who were imprisoned for their beliefs Chapters explore figures lives provide close analyses of their works and offer contextualization of their prison writings

Feminism's Empire Carolyn J. Eichner, 2022-06-15 Feminism s Empire investigates the complex relationships between imperialisms and feminisms in the late nineteenth century and demonstrates the challenge of conceptualizing pro imperialist and anti imperialist as binary positions By intellectually and spatially tracing the era s first French feminists engagement with empire Carolyn J Eichner explores how feminists opposed yet employed approaches to empire in writing speaking and publishing In differing ways they ultimately tied forms of imperialism to gender liberation Among the era s first anti imperialists French feminists were enmeshed in the hierarchies and epistemologies of empire They likened their gender based marginalization to imperialist oppressions Imperialism and colonialism s gendered and sexualized racial hierarchies established categories of inclusion and exclusion that rested in both universalism and ideas of nature that presented colonized people with theoretical yet impossible paths to integration Feminists faced similar barriers to full incorporation due to the gendered contradictions inherent in universalism The system presumed citizenship to be male and thus positioned women as outsiders Feminism s Empire connects this critical struggle to hierarchical power shifts in racial and national status that created uneasy linkages between French feminists and imperial authorities

Revolution and Women's Autobiography in Nineteenth-Century France Kathleen Hart, 2021-11-08 Here for the first time is a book devoted exclusively to the topic of women s autobiography in nineteenth century France Tracing the rise of autobiography in relation to women s domestic confinement Kathleen Hart demonstrates how Flora Tristan George Sand and Louise Michel transformed the genre Inspired by Romantic socialism each of these remarkable autobiographers links the story of her personal development to socio historic change In the wake of the 1830 Revolution Tristan chronicles social unrest as she relates her progressive transformation into humanity s Woman Guide in Peregrinations of a Pariah 1838 Writing in the aftermath of the 1848 Revolution Sand consolidates her role as a mediator between the rich and the poor in Story of My Life 1854 A legend of the 1871 Paris Commune Michel establishes herself as the poet and prophet of a mythical Revolution yet to come in her Memoirs 1886 Exploring the dynamic interplay between revolution and feminist acts of self affirmation Revolution and Women s Autobiography in Nineteenth Century France will appeal to scholars of history French culture literature and women s studies

Uncanonical Women Wendy Greenberg, 2023-12-14 In English here is presented for the first time an examination of the text and context of five nineteenth century French women poets Elisa Mercoeur 1808 1835 Marceline Desbordes Valmore 1786 1859 Louisa Siefert 1845 1877 Louise Ackermann 1813 1890 and Louise Michel 1830 1905 will demonstrate that in spite of mentoring by various literary historic or even family figures these writers found their own voices A striking example

is Louisa Siefert who in spite of bold intertextuality displays an unmistakably feminine persona whose originality poignantly draws the reader's attention. These poets had many obstacles to overcome as women identified poets. For example, Louise Ackermann's own husband did not want her to write and for this reason she remained silent during her whole years of marriage. Louise Michel is a different case as an analysis of the short poem *Bouche close* (Le Livre du Baigneur, 1873-1880) will demonstrate. In short, *Uncanonical Women* explores a crescendo of poetic voice from the initial timid solicitations of Elisa Mercoeur to the bold self-sufficient defiance of Louise Michel. The implication of my original findings that uncanonical poets can surpass cultural marginalization is that the book will target both a traditional and modern readership. Major themes and clear language and tools that delineate identifiably personal style of true writers and the poetic persona of each is unique. Mercoeur in ambition, Desbordes-Valmore in domesticity, Siefert in anguish, Ackermann in pessimism and Michel in leadership.

Underground Passages Jesse Cohn, 2015-01-26 An exhaustive study of the richly textured resistance culture anarchists create to sustain their ideals and identities amid everyday lives defined by capital and the state, a culture prefiguring a post-revolutionary world and allowing an escape from domination even while enmeshed in it. Whether discussing famous artists like Kenneth Rexroth, John Cage and Diane DiPrima or relatively unknown anarchist writers, Jesse Cohn clearly links aesthetic dynamics to political and economic ones. This is cultural criticism at its best. Jesse Cohn is the author of *Anarchism and the Crisis of Representation: Hermeneutics, Aesthetics, Politics* and an associate professor of English at Purdue University North Central in Indiana.

French Women Poets of Nine Centuries Norman R. Shapiro, 2008-09-22 Original texts and translations are presented on facing pages allowing readers to appreciate the vigor and variety of the French and the fidelity of the English versions. Divided into three chronological sections spanning the Middle Ages through the sixteenth century, the seventeenth and eighteenth centuries, and the nineteenth and twentieth centuries, the volume includes introductory essays by noted scholars of each era's poetry along with biographical sketches and bibliographical references for each poet.

BOOK JACKET

Mademoiselle Louise Michel Patrick LOISEAU, 2020-11-27 At the end of 2018, with the invective common sense, intellectual and social authoritarian regression under way, increasingly identified with the five-year period of Sarkozy, Hollande and Macron, the real progressives that is to say trade unionists and revolutionaries as enemies to be defeated at least in regard to morality and expression, it is urgent to face this attempt to ideologically crush the portraits of those who have shown us the way to make our society other than a financial market or a feudal state. Mademoiselle Louise Michel is one of these extraordinary characters. I call her Mademoiselle as her publisher did in 1886 out of respect and to keep in mind as well the common observation that Louise Michel was not a revolutionary certainly but also a sensitive and engaging person who said of herself: I do not deserve it since I follow my inclinations like all beings and all things do but I am not a monster either. We are all the product of our times that's all. Each of us has his qualities and defects, it is the common law but no matter what we are, if our work is great and covers us with its light, it's not about us, in what we start, it's about what will

leave for humanity when we are gone **Histoire de ma vie** Louise Michel, 2000 The Roland Legend in Nineteenth Century French Literature Harry Redman Jr., 2021-12-14

The year was 778 Charlemagne starting homeward after an expedition onto the Iberian Peninsula left his nephew Count Roland in command of a rear guard As Roland and his troops moved through the Pyrenees a fierce enemy swooped down and annihilated them Whether the attackers were Moors Basques Gascons or Aquitainians is still disputed The massacre soon passed into legend preserved but at the same time expanded and interpreted in oral tradition and written accounts Dormant after the late Middle Ages the legend began to inspire literary works even before the discovery and publication of the Oxford manuscript *Chanson de Roland* in 1837 The French Revolution and Empire temporarily relieving Roland of his religious aura hailed him as a patriot belaboring his country's foes The Romantics made him either a dauntless irrepressible extrovert or a noble victim struck down while making the world a better place As the twentieth century dawned a few authors scoffed at hero worship but others held up Roland as a heroic example that might help his countrymen live with the humiliation of their defeat in the Franco Prussian War and then as World War I approached retake their lost territories Fascinating as the Roland legend is in itself no one has looked into the nonacademic French literature to which it has given rise in modern times Harry Redman now shows how writers with varying outlooks and approaches and divergent purposes drew upon the legend from 1777 to the end of World War I A monumental enterprise based on primary research the book is of extraordinary value to scholars interested in the Old French epic and to all those concerned with more recent literary periods

Biological Time, Historical Time, 2018-11-26 Biological Time Historical Time presents a new approach to 19th century thought and literature by focussing on the subject of time it offers a new perspective on the exchanges between French and German literary texts on the one hand and scientific disciplines on the other Hence the rivalling influences of the historical sciences and of the life sciences on literary texts are explored texts from various scientific domains medicine natural history biology history and multiple forms of vulgarisation are investigated Literary texts are analysed in their participation in and transformation of the scientific imagination Special attention is accorded to the temporal dimension this allows for an innovative account of key concepts of 19th century culture
