Unfinished Conquest The Guatemalan Tragedy:

Unfinished Conquest Victor Perera, 1995-11-14 Spanning the years of civil war in Guatemala this book portrays an embattled country facing the third cycle of a conquest that began when the conquistadors arrived in the sixteenth century As personal narrative weaves with reportage and oral testimony readers are introduced to the victims champions and villains of a society torn apart by violence and injustice

Unfinished Conquest Victor Perera, 1993

Outspoken Nan Levinson, 2003-10-10 Among these sometimes unlikely defenders of free speech are Rick Nuccio a diplomat who disclosed secret information about the torture of Jennifer Harbury's husband and related government misconduct in Guatemala Daisy Sanchez a Puerto Rican journalist who risked going to prison to protect her sources Penny Culliton a high school teacher who was fired for discussing gays and lesbians in literature Michael Willhoite author of the children's book *Daddy's Roommate* which was the most banned book in the country for two years running Steve Johnson a fireman who fought for his right to read *Playboy* at work and Annie Sprinkle a former porn star who defended her performance piece *Post Porn Modernist* as art

Modern Genocide Paul R. Bartrop, 2019-09-12 This book provides an indispensable resource for anyone researching the scourge of mass murder in the 20th and 21st centuries effectively using primary source documents to help them understand all aspects of genocide This illuminating primary source collection closely examines and analyzes primary documents related to genocides focusing on genocidal events from the beginning of the 20th century to the present Thematically organized into eight sections each document comes with an introduction and analysis written by the author that helps provide the crucial historical background for the users of this title to learn about the complexities of genocide The first section considers a range of definitional matters relating to genocide crimes against humanity and war crimes the second section relates to warnings of impending genocide and how they have been received the third considers atrocities and how they have been perpetrated the fourth is an examination of examines a range of resistance initiatives that have been taken in response to genocide the fifth looks at reactions to genocide from outside actors the sixth considers the ways in which states have intervened to stop genocide the seventh relates to post genocide justice measures and the eighth section relates to how states and NGOs have sought to prevent genocide

Encountering Genocide Paul R. Bartrop, 2014-06-30 Cutting edge in its scope and approach this unique volume offers first person accounts of modern genocides to enable readers to more fully examine genocidal experiences and better understand the horror of such events From the atrocities of the Holocaust to the ongoing horrors in Darfur genocide has been a gruesome and all too prominent fixture of modern history There is no better way to examine and understand these events than through the accounts of those involved This unique collection of primary sources features 50 documents some of which have never before been made public These firsthand accounts diary entries memoirs oral testimony original interviews and more illuminate 10 genocides of the 20th and 21st centuries as they were experienced by victims perpetrators and bystanders The book begins with the Herero Genocide 1904-1907 and ends with a

consideration of the atrocities in Darfur Each of the 50 documents features a brief introduction that provides basic and essential information such as who created it as well as when where and why The work concludes with an analysis comprised of scholarly commentary additional contextual information and a list of questions that will serve as a springboard for student discussion of history and of the nature of survival in the face of evil **Eduardo Halfon and the Itinerary of Memory**

Marilyn G. Miller,2024-09-30 Arguably all of Guatemalan writer Eduardo Halfon s fictional works deal with quandaries of translation even in their original versions The award winning author of fifteen books claims to have lost his mother tongue when his family fled to the United States after his tenth birthday This displacement echoing the displacement of his four grandparents from different corners of the Jewish diaspora to Guatemala gives Halfon like his ancestors before him good reason to consider translation a natural environment for his creative work and for life itself Indeed Halfon s uncanny ability to translate his family s history into fictions that resonate across the globe with readers in Spanish English and several other languages helps explain why he has received numerous prizes in the United States Spain Guatemala and even France some as a Latin American author others as a Latino or Jewish author Marilyn G Miller has written the first study to focus exclusively on this important voice in Jewish Latin American letters Only after returning to Guatemala and regaining his command of Spanish through reading literature did Halfon begin to build his life as a writer and translator Nonetheless the author admits that one thing is stubbornly true and it s this every sentence that I write every verb or adjective that I painstakingly insert or remove every literary thought that I have while writing always begins and ends in English Halfon s translated works are never parallel texts however Thus translation and its side effects foreign words linguistic lacunae multilingual modes of perception offer us crucial keys to understanding the author s fictional world as a vehicle for retelling and surviving Jewish trauma and finding his own particular plurilingual voice **The Maya of Morganton** Leon

Fink,2024-10-11 In 2003 Leon Fink published his oral history of Guatemalan and Mexican migrants in Morganton North Carolina and their fight for unionization in a poultry processing plant In the following years Fink remained in touch with many of the people he profiled in the book and in 2022 he returned to Morganton to interview them and talk with their children new migrants in the area and community leaders particularly women Their conversations covered a wide range of topics including labor struggles and victories grassroots and electoral political organizing social activism especially on issues affecting undocumented migrants class mobility for second generation migrants and new cooperative worker owned institutions including a bookstore a textile factory and a preschool This revised and expanded edition of The Maya of Morganton reveals what Fink found on his return to Morganton documenting two decades of continuity and change in a new preface and chapter Together the new and original material present a comprehensive yet intimate examination of the migrant experience in western North Carolina *Voices from Exile* Victor Montejo,1999 Elilal exile is the condition of thousands of Mayas who have fled their homelands in Guatemala to escape repression and even death at the hands of their

government In this book Victor Montejo who is both a Maya expatriate and an anthropologist gives voice to those who until now have struggled in silence but who nevertheless have found ways to reaffirm and celebrate their Mayaness Voices from Exile is the authentic story of one group of Mayas from the Kuchumatan highlands who fled into Mexico and sought refuge there Montejo s combination of autobiography history political analysis and testimonial narrative offers a profound exploration of state terror and its inescapable human cost *After the Coup* Timothy J. Smith, Abigail E Adams, 2011-08-11 This exceptional collection revisits the aftermath of the 1954 coup that ousted the democratically elected Guatemalan president Jacobo Arbenz Contributors frame the impact of 1954 not only in terms of the liberal reforms and coffee revolutions of the nineteenth century but also in terms of post 1954 U S foreign policy and the genocide of the 1970s and 1980s This volume is of particular interest in the current era of the United States re emerging foreign policy based on preemptive strikes and a presumed clash of civilizations Recent research and the release of newly declassified U S government documents underscore the importance of reading Guatemala s current history through the lens of 1954 Scholars and researchers who have worked in Guatemala from the 1940s to the present articulate how the coup fits into ethnographic representations of Guatemala Highlighting the voices of individuals with whom they have lived and worked the contributors also offer an unmatched understanding of how the events preceding and following the coup played out on the ground Contributors are Abigail E Adams Richard N Adams David Carey Jr Christa Little Siebold Judith M Maxwell Victor D Montejo June C Nash and Timothy J Smith A Beauty That Hurts W. George Lovell, 2014-05-14 Though a 1996 peace accord brought a formal end to a conflict that had lasted for thirty six years Guatemala s violent past continues to scar its troubled present and seems destined to haunt its uncertain future George Lovell brings to this revised and expanded edition of *A Beauty That Hurts* decades of fieldwork throughout Guatemala as well as archival research He locates the roots of conflict in geographies of inequality that arose during colonial times and were exacerbated by the drive to develop Guatemala s resources in the nineteenth and early twentieth centuries The lines of confrontation were entrenched after a decade of socioeconomic reform between 1944 and 1954 saw modernizing initiatives undone by a military coup backed by U S interests and the CIA A United Nations Truth Commission has established that civil war in Guatemala claimed the lives of more than 200 000 people the vast majority of them indigenous Mayas Lovell weaves documentation about what happened to Mayas in particular during the war years with accounts of their difficult personal situations Meanwhile an intransigent elite and a powerful military continue to benefit from the inequalities that triggered armed insurrection in the first place Weak and corrupt civilian governments fail to impose the rule of law thus ensuring that Guatemala remains an embattled country where postwar violence and drug related crime undermine any semblance of orderly peaceful life
