Yamamoto-Wilson,2013 Luther s 95 Theses begin and end with the concept of suffering and the question of why a benevolent God allows his creations to suffer remains one of the central issues of religious thought In order to chart the processes by which discourse relating to pain and suffering became marginalized during the period from the Renaissance to the end of the seventeenth century this book examines a number of books on the subject translated into English from mainly Spanish and Italian Combining elements of theology literature and history this book provides a fascinating perspective on one of the key conundrums of early modern religious history **Getting Intimate** Linn Sandberg,2011-04-08 This thesis focuses on the intersections of masculinity old age and sexuality from the perspectives of old men themselves how they understand and experience sex and sexuality in later life The study uses qualitative in depth interviews and body diaries an exploratory method that asked men write about their bodies in everyday life Twenty two men born between 1922 and 1942 participated in the study The aim of the thesis is two fold firstly to study sexual subjectivities of old men how old men articulate and make meaning around sexuality in later life Secondly the study aims to explore theoretically what a male body may become in relation to ageing in what ways the ageing male body could be a site for rethinking masculinity and the male body This aim was inspired by feminist theories in dialogue with the deleuzian concept becoming Similarly to gender age is understood to take shape and become intelligible in social and cultural contexts Furthermore the thesis stresses the significance of the specificities of the ageing body to the shaping of masculinity sexuality and subjectivity The body is therefore discussed as an open materiality beyond the binaries of culture and nature materiality This thesis discusses the concepts intimacy and touch

as central to how old men's sexual subjectivities take shape allowing for alternative conceptualisations of sexuality beyond erection and intercourse. Intimacy and touch are understood and discussed in several different ways. By orienting themselves to touch and intimacy the old men emerged as more mature, unselfish and with more serene sexual desires. This also involved them distancing themselves from the younger man, other men whom they perceived as more selfish, inconsiderate and with stronger sexual desires. Intimacy and touch could in this respect be understood as resources for shaping desirable heterosexual masculinity. An orientation to intimacy and touch enabled old men to appear as neither asexual nor as dirty old men. But the study also suggests that a turn to intimacy and touch may open up possibilities for rethinking and reconfiguring sexuality, masculinity and the male body. The ageing body then need not be understood as an obstacle but as an enabling site that provides opportunities for intimacy and touch. Moreover, the thesis presents affirmative old age as an alternative conceptualisation of old age beyond both the discourses of successful ageing and the discourses of old age as negativity and decline. As a theory of difference and bodily specificity, affirmative old age may be of interest for further feminist theorising.

Sam Keen is one of the most creative, profound thinkers of our time. I personally have learned and benefited immensely from his books. He brings to the men's movement a new kind of practical wisdom that should help both men and women. John Bradshaw, author of *Homecoming*. How does one become a real man? By joining a fraternity. Getting a letter in football. Conquering a lot of women. Making a lot of money. With traditional notions of manhood under attack today, men and women are looking for a new vision of masculinity. In this groundbreaking book Sam Keen offers an inspiring guide for men seeking new personal ideals of strength, potency and warrior ship in their lives. What does it really mean to be a man? *Fire in the Belly* answers that question by daringly confronting outdated models that impoverish, injure and alienate men. It shows instead how men can find their own path to understanding the unique mysteries of being male and in the process rediscover a new vitality and virility that will energize every aspect of their lives. Here is a look at men at work, at play, at war and in love, moving from brokenness to wholeness and building, nurturing, satisfying relationships with one another, their mates and their families. At no time in history have there been so many men looking for new roles, new attitudes and new ways of being. In this powerful and empowering book, author Sam Keen retells for modern times the ancient story of the search for what it means to be a man, a man with fire in his belly and passion in his heart. This book taught me things I didn't know, thawed out some feelings that had been frozen and made me remember things I thought I wanted to forget. The growing men's movement has added a voice and a book that captures the problems of being male and the promises of
