Toward An Anabaptist Political Theology Law Order And Civil Society Theopolitical Visions:

Toward an Anabaptist Political Theology A. James Reimer, 2014-10-13 A James Reimer's 1942 2010 theopolitical project intended to be a fully theologically conceptualized political theology offers a constructive and creative contribution to this burgeoning field of theological inquiry Reimer's thesis for this theologically derived politics focuses on the necessity to take seriously the biblical Trinitarian foundations for all Christian social ethics but also on the importance of astute and faithful engagement by Christians in public institutional life including the political realm While Reimer understood himself to be working as an Anabaptist and hoped to invite that tradition to embrace a more positive view of civil institutions than has historically been the case he was not limited by that tradition or beholden to take only its sources into account Ever alert to the problems inherent in every kind of reductionism and especially so in cases where theology is reduced to either ethics or politics Reimer's political theology pursues the investigation of theological realities that are to serve as the engine the generative force of a political theology that seeks to articulate both a critical and a positive constructive approach to public political life and institutions

Foolishness to Gentiles Michael L. Budde, 2022-01-06 What happens to the Gospel when you put other loyalties into positions of power in Christian life and practice You get deformations distortions and caricatures of Christianity killing in the name of love defense of worldwide systems of domination idolization of the nation instead of the membership in the global body of Christ and baptism of exploitative and destructive economic ideologies You get much of what world sees as contemporary Christianity in other words Too often however the inadequacies of contemporary Christian life especially in the United States are seen as separate issues in need of improvement or reform Foolishness to Gentiles invites readers to see the pathologies of the churches not as a series of disconnected problems but predictable outcomes of deep defects of Christian formation commitments and theology Having mortgaged so much of the integrity of the Gospel in the pursuit of imperial and national citizenship and having allowed the powers of race and capital to divide the unity of the church Foolishness to Gentiles calls Christians into deeper reflection repentance and redirection In a series of essays new and previously unpublished previously unpublished in English and published previously in specialized venues Foolishness to Gentiles opens doors to deeper theological and socio political reflection and some guideposts for more adequate practices of Christian discipleship in a variety of contexts and circumstances

Solidarity with the World Carolyn A. Chau, 2016-11-15 Is Christian mission even possible today In a secular age is it possible to talk about the goodness of God in a compelling way How should the church proceed Carolyn Chau explores the question of Catholic mission in a secular age through a constructive interpretation of the work of two celebrated Catholic thinkers philosopher Charles Taylor and theologian Hans Urs von Balthasar arguing that Taylor and Balthasar together offer a promising path for mission today Chau attends to Taylor's account of the conditions of belief today and the genesis of the sociohistorical limits on contemporary God talk as well as his affirmation of certain aspects of Western modernity's culture From Balthasar Chau sifts out the distinctiveness of his view

of the human person as defined by mission and his encouragement of a kenotic self understanding of the church In the end Chau claims that if modern persons in secular Western societies are seeking fulfillment and integrity Christian spirituality remains a rich resource on offer Preaching the Manifold Grace of God, Volume 1 Ronald J. Allen, 2022-06-08 Preaching the Manifold Grace of God is a two volume work describing theologies of preaching from the historical and contemporary periods Volume 1 focuses on historical theological families Orthodox Roman Catholic Lutheran Reformed Anabaptist Anglican Episcopal Wesleyan Baptist African American Stone Campbell Friends and Pentecostal Volume 2 focuses on families that are evangelical liberal neo orthodox postliberal existential radical orthodox deconstructionist Black liberation womanist Latinx liberation Mujerista Asian American Asian American feminist LGBTQAI Indigenous postcolonial and process In each case the author describes the circumstances in which the theological family emerged and describes the purposes and characteristics of preaching from that perspective **Between the Icon and the Idol** Artur Mrowczynski-Van Allen, 2013-11-14 The totalitarian state clearly intends to eliminate all those forms of organic community that rival the absolute loyalty of the individual to the state This god is a jealous god Mrowczy ski Van Allen s diagnosis is therefore no less relevant after the fall of the Berlin Wall And his proposed cure is no less salutary He appeals to the work of Grossman and other voices from the East to oppose the idolatry of the deified self with the icon which opens up a distance in which giving and forgiving can occur Eastern voices are so helpful because they refuse to quarantine theological questions the borders between theology politics and literature are fluid and porous because they are all a part of an integrated life The holism of totalitarianism must be opposed by another kind of holism that replaces the idol with the icon At the same time the aspiration of secularism to separate politics from theology and power from love must be opposed by a politics based on an opening of human persons to God and to each other the kind of self donation found in Grossman and for Christians on the Cross From the Foreword by William T Cavanaugh *Religious and Theological Abstracts* , 2005 *Recovering from the Anabaptist Vision* Laura Schmidt Roberts, Paul Martens, Myron A. Penner, 2020-02-20 This volume performs a critical and vibrant reconstruction of Anabaptist identity and theological method in the wake of the recent revelations of the depth of the sexual abuse perpetrated by the most influential Anabaptist theologian of the 20th century John Howard Yoder In an attempt to liberate Anabaptist theology and identity from the constricting vision appropriated and reformulated by Yoder these essays refuse the determinative categories of the last half century supplied by and carried beyond Harold Bender s *The Anabaptist Vision* While still under the shadow of decades of trauma a recontextualized conversation about Anabaptist theology and identity emerges in this volume that is ecumenically engaged philosophically astute psychologically attuned and resolutely vulnerable The volume offers a Trinitarian and Christological framework that holds together the importance of Scripture tradition and the lived experience of the Christian community as the contributors examine a wide variety of issues such as Mennonite feminism Anabaptist queer theology and Mennonite theological methods These essays interrogate the operations of power

violence exclusion and privilege in methodology in this changed context offering self critical constructive alternatives for articulating Anabaptist theology and identity Secular Nonviolence and the Theo-Drama of Peace Layton Boyd

Friesen,2022-02-10 What happens when a five century tradition of Christian pacifism no longer needs Jesus to support nonviolence Why does secularity cause this dilemma for Mennonites in their theology of peace Layton Boyd Friesen offers an ancient theology and spirituality of incarnation as the church s response to the non resistance of Christ He explores three key aspects of von Balthasar s Christology to help Mennonite peace theology regain its momentum in the secular age with a contemplative union with Christ This volume argues that the way to regain a Christ formed pacifism within secularity is to contemplate and enter the mystery unveiled in the Chalcedonian Definition of Christ as interpreted by Hans Urs von Balthasar In this mystery the believer is drawn into real time participation in Christ s encounter with the secular world

Experiments in Love Emily Ralph Servant,2021-03-12 Could it be that the stories we tell in our churches weaken our efforts to be congregations who take risks in mission for the sake of love In this thought provoking book Emily Ralph Servant suggests that the work of today s leaders is to explore new stories listen to new voices and open ourselves up to the Spirit s work of transformation Experiments in Love engages in a three way dialogue with feminist and liberation theologians the social and behavioral sciences and the Anabaptist tradition Out of this vibrant conversation emerges the story of a God who takes the risk of being radically present to a vulnerable world Because of God s courageous presence with us we can also take the risk of being vulnerably present to others as God invites us all to participate in God s community of life love and flourishing **Freedom and Discipleship** Daniel S. Schipani,1989 **Recovering from the Anabaptist Vision** Laura
