Chapter 7: Inferences

Mastery Test 1

You are in Student View! You are seeing your class as students do.

Click on the inference that is most logical, based on the information given in the selection.

(1) Shortly after the young woman sat down in the bus, she lit a cigarette. (2) The man next to her waved some smoke away, nudged her, and pointed to the sign at the front of the bus.

(3) The woman did not turn to look at the man and continued smoking calmly. (4) The man got up and spoke to the bus driver, who continued driving and shook his head. (5) At the next stop, the man, looking disgusted, got off the bus.

B3. Click on the logical inference.

- a. The man had never smoked. ✖
- b. The smoke was bothering the man.**
- c. The man had recently given up smoking.

The correct answer is **b.**

The fact that the man "waved the smoke away" (sentence 2) suggests that the smoke was bothering him. There is no support for answer a or c.

1 of 3 answers correct ○
