The Vikings Reimagined Tom Birkett, Roderick Dale, 2020-01-20 The Vikings Reimagined explores the changing perception of Norse and Viking cultures across different cultural forms and the complex legacy of the Vikings in the present day Bringing together experts in literature history and heritage engagement this highly interdisciplinary collection aims to reconsider the impact of the discipline of Old Norse Viking Studies outside the academy and to broaden our understanding of the ways in which the material and textual remains of the Viking Age are given new meanings in the present The diverse collection draws attention to the many roles that the Vikings play across contemporary culture from the importance of Viking tourism to the role of Norse sub cultures in the formation of local and international identities Together these collected essays challenge the academy to rethink its engagement with popular reiterations of the Vikings and to reassess the position afforded to reception within the discipline Shaetlan Prof. Dr. Viveka Velupillai, Roy Mulla, 2025-05-15 Shaetlan Dis is da first bilingual grammar o Shaetlan da language at predaets English ithin Shetland da maist norderly bit o da UK Da language is o mixed ancestry wi Norn an Scots as its main input languages bit wi a linguistic history shaepit bi closs contact wi da Low Country Germanic languages becis o da intense Hanseatic an fysheen traedes Shaetlan is b n braaly stigmatised ower da
