Viola Concerto In C Minor Viola Or Piano:

Konzert für Viola und Orchester c-Moll Johann Christian Bach, 2022-04 Johann Christian Bach's Concerto in C minor has become one of the most popular viola repertory pieces. The piece is however not by J C Bach at all but rather a well intentioned fabrication of the Casadesus brothers. Henri and Marius. Henri Casadesus was an outstanding violist and presented this concerto in 1916 as a new discovery by J C Bach. It was subsequently revealed to be an invention of Casadesus himself inspired by J C Bach sources. This Edition Peters publication contains a piano reduction and offers the possibility of performance by viola cello or violin containing separate parts for these instruments. **Viola Concerto in C Minor (Ed. for Viola [Violin/Cello] and Piano) [Incl. CD]: Reconstructed by Henri Casadesus; CD: Orchestral Acc., Book & CD**, 2022-05. Attributed to Johann Christian Bach by Henri Casadesus who is widely believed to have composed the piece. This Concerto in C minor is presented with a piano reduction as well as a recorded orchestral accompaniment on CD. *Notes for Violists* David M. Bynog, 2021. *Notes for Violists: A Guide to the Repertoire* offers historical and analytical information about thirty five of the best known pieces for the instrument making it an essential resource for professional amateur and student violists alike. With engaging prose supported by fact filled analytical charts the book offers rich biographical information and insightful analyses that help violists gain a more complete understanding of pieces like B la Bart k s Concerto for Viola and Orchestra, Rebecca Clarke s Sonata for Viola and Piano, Robert Schumann s M rchenbilder for Viola and Piano op 113, Carl Stamitz s Concerto for Viola and Orchestra in D Major, Igor Stravinsky s l gie for Viola or Violin Unaccompanied and thirty other masterpieces. This comprehensive guide to key pieces from the viola repertoire from the eighteenth through the twentieth century covers concertos, chamber pieces and works for solo viola by a wide range of composers including Bach, Telemann, Mozart, Hoffmeister, Walton and Hindemith. Author David M Bynog not only offers clear structural analyses of these compositions but also situates them in their historical contexts as he highlights crucial biographical information on composers and explores the circumstances of the development and performance of each work. By connecting performance studies with scholarship this indispensable handbook for students and professionals allows readers to gain a more complete picture of each work and encourages them to approach other compositions in a similarly analytical manner. Concerto in C Minor Viola and Piano, 2021-07. String. Henri Casadesus was passionate about early instruments as we know from a number of photographs showing him with viola d amore. The subject of a manual he wrote entitled *Technique de la viole d amour*. The Concerto en Ut mineur was first published in 1947 by Mica Salabert. The first edition gives the so called original part for solo violoncello together with the score which according to the preface has been adapted for viola or cello or violin by Casadesus. However stylistic analysis of the piece together with some musicological research carried out after the appearance of the first edition reveals that the original version for violoncello on which the adaptation was supposed to be based cannot be attributed to Johann Christian Bach but is rather a work imitating his style written two centuries later. In spite of this
