writers including Oscar Wilde A E Housman Baron Corvo Vernon Lee Michael Field and Lucas Malet The collection builds on recent critical developments in fin de si cle literature including major interventions in the areas of Decadence sexuality and gender studies and asks for instance how did late nineteenth century writing schematise the libidinal and somatic dimensions of economic exchange How might we define the relationship between eroticism and the formal economies of literary production performance And what relation exists between advertising consumer culture and dissident sexuality in fin de siecle literary discourses This book marks an important contribution to 19th Century and Victorian literary studies and enhances the field of fin de si cle studies more generally
