Protect and Defend Vince Flynn, 2007-10-30 New York Times bestselling author Vince Flynn returns with his most
explosive political thriller yet A tour de force of action packed suspense Protect and Defend delivers an all too realistic and
utterly compelling vision of nations navigating the minefield of international intrigue A true heavyweight in the political
thriller arena Minneapolis Star Tribune Vince Flynn has created a flesh and blood hero that readers can cheer for and a
finger blistering page turner they won't dare put down In Protect and Defend the action begins in the heart of Iran where
billions of dollars are being spent on the development of a nuclear program No longer willing to wait for the international
community to stop its neighboring enemy Israel launches one of the most creative and daring espionage operations ever
conceived The attack leaves a radioactive tomb and environmental disaster in the middle of Iran's second largest city An
outraged Iranian government publicly blames both Israel and the United States for the attack and demands retribution

Privately Iran's bombastic president wants much more. He wants America and Israel to pay for their aggression with blood. Enter Mitch Rapp, America's top counterterrorism operative. Used to employing deception, Rapp sees an opportunity where others see only Iranian reprisals that could leave thousands of Americans dead. Rapp convinces President Josh Alexander to sign off on a risky operation that will further embarrass the Iranian government and push their country to the brink of revolution. As part of the plan, CIA director Irene Kennedy is dispatched to the region for a clandestine meeting with Azad Ashani, her Iranian counterpart. But Rapp isn't the only one hatching plans. Iran's President Amatullah has recruited Hezbollah master terrorist Imad Mukhtar to do his dirty work. For decades, Mukhtar has acted as a surrogate for Iran, blazing a trail of death and destruction across the Middle East and beyond. When Kennedy's meeting with Ashani goes disastrously wrong, Rapp and Mukhtar are set on a collision course that threatens to engulf the entire region in war. With the clock ticking, Rapp is given twenty-four hours, no questions asked, to do whatever it takes to stop Mukhtar and avert an unthinkable catastrophe. Kill Shot For months, Mitch Rapp has been steadily working his way, bullet by bullet, through a list of the men responsible for the slaughter of 270 civilians, including his own girlfriend in the Pan Am Lockerbie bombing. His next target, a Libyan diplomat, should be easy. Prone to drink and currently in Paris without a bodyguard, Rapp quickly tracks the man down and sends a bullet into his skull while he is sleeping. But in the split second it takes the bullet to leave the silenced pistol, everything changes. The door to the hotel room is kicked open, and gunfire erupts all around Rapp. When the news breaks that Libya's Oil Minister has been killed, along with three innocent civilians and four unidentified men, the French authorities are certain that a wounded gunman is still on the loose in Paris. As the finger-pointing begins, Rapp's handlers have only one choice: deny any responsibility for the incident and race to do damage control. Rapp has become a liability, and he must not be taken alive by the French authorities. But alone in Paris, on the run from the authorities and from his own employers, Mitch Rapp must prepare to fight for his life.

Third Option: Mitch Rapp is sent on his final mission. But he doesn't know that the ultimate target of this mission is himself. Mitch Rapp, the CIA's top counterterrorism operative, is sent on his final mission to eliminate a European industrialist who has been selling sensitive equipment to one of terrorism's most notorious sponsors. But he doesn't know that the ultimate target of this mission is himself. Set up by forces within the US who do not want the next Director-elect of the CIA to take over and therefore need a disaster for the present regime, Mitch refuses to die. The conspirators have made an awful miscalculation. They have enraged one of the most lethal and efficient killers the CIA has ever produced. Now they will pay. **Extreme Measures** Vince Flynn, 2008-10-21
