Heat, a History On Barak, 2024-08-27 With an unrelenting barrage of record breaking temperatures dominating the headlines an enigma arises despite the flames licking at our feet most people fail to fully grasp the gravity of environmental overheating What acquired habits and mechanisms grant us the capacity to turn a blind eye with an air of detachment Heat A History shows how scientific methods of accounting for heat and modern forms of acclimatization have desensitized us to climate change Ubiquitous air conditioning shifts in urban planning and changes in mobility all served as temporary remedies for escaping the heat in hotspots such as the twentieth century Middle East However all these measures have ultimately fuelled not only greenhouse gas emissions but also a collective myopia regarding the impact of rising temperatures Identifying the scientific abstractions and economic and cultural forces that have numbed our responses this book charts a way forward out of short term thinking and towards meaningful action

Vintage Alexandria Michael Haag, 2008 Using vintage photographs from the second half of the nineteenth century and first half of the twentieth many of them from private family albums this book brings to life the world of that vanished Alexandria a vibrant stylish and cosmopolitan city the largest port in the Mediterranean that was the prosperous gateway between Egypt and the world Seen here in the setting of their homes and gardens and on the city's streets and beaches the faces of those forgotten Alexandrians come to life the Greeks Italians Jews and all those others from around the Mediterranean whose energy and expertise helped modernize and develop Egypt and who planted their family roots in the city This was the luxuriant and evocative city celebrated by Constantine Cavafy E M Forster and Lawrence Durrell and they too are included in these pages along with photographs of scenes and people that were familiar to them Vintage Alexandria traces the development and growth of the city follows its story through the dramatic events of two world wars and above all provides a background to the city's place in twentieth century cultural history through the eyes of Alexandria's cosmopolitan citizens themselves Those citizens and others who passed through the city and appear in these pages included Antony Benaki the Greek cotton trader whose collection formed the basis of the famous Benaki Museum in Athens Robert Koch who isolated the cholera virus and developed a vaccine in an Alexandria laboratory the Greek children's writer Penelope Delta Claude Vincendon the third wife of Lawrence Durrell King Victor Emanuel III of Italy Eve Cohen the second wife of Lawrence Durrell and the model for Justine Safinaz Zulfikar later married to King Farouk as Queen Farida Rudolph Hess Hitler's deputy who attended school in Alexandria Jean de Menasce the best translator of T S Eliot Manfred von Richthofen the Red Baron the Egyptian film director Youssef Chahine the Egyptian and international film star Omar Sharif King Hussein of Jordan Rhona Haszard the post impressionist painter Ahmed Hassanein Pasha the Egyptian explorer and diplomat and Noel Coward the English writer and wit who sang at the Fleet Club in Alexandria and was mobbed by sailors
