Virtual Reference Training The Complete Guide To Providing Anytime Anywhere Answers:

Virtual Reference Training Buff Hirko, Mary Bucher Ross, 2004-03-29 Provides librarians with the resources needed to help their patrons use virtual reference sources with hands on learning activities exercises and assessment tools

Competencies for Science Librarians David Stern, 2013-10-18 This book explores the expectations and resources available to develop a set of important core skills needed for this profession Leading authorities in the field of librarianship offer their extensive experience and insight to help beginners to understand precisely what actual measurable skills are required to become a successful career science librarian Librarians currently working in the area will gain the data they need to be able to effectively collaborate with more experienced people Topics include reviews of key concepts basic skills terminology ACRL instruction competencies teams and assessment of services It also provides the latest knowledge on trends standards terminology professional associations and a brief literature review and recommended readings for familiarizing librarians with their job responsibilities Besides job competencies the book reviews collection development reference issues in depth research assistance cataloging and metadata faculty liaison and outreach career development concerns continuing education tracks and issues in collaboration assistance This source also provides extensive references and tables and figures to clearly present information This book is a valuable resource for beginners who wonder what they need to know as they start their careers or are considering this as an area of concentration and as a refresher and professional development track for current librarians working with more experienced people in the area This book was published as a special issue of *Science Technology Libraries*

Technology in Libraries Roy Tennant, 2008 Essays on the use of technology in libraries

Reference and Information Services Richard E. Bopp, Linda C. Smith, 2011-05-23 Reflecting the dramatic changes shaped by rapidly developing technologies over the past six years this new fourth edition of *Reference and Information Services* takes the introduction to reference sources and services significantly beyond the content of the first three editions In Part I Concepts and Processes chapters have been revised and updated to reflect new ideas and methods in the provision of reference service in an era when many users have access to the Web In Part II Information Sources and Their Use discussion of each source type has been updated to encompass key resources in print and on the Web where an increasing number of freely available sources join those purchased or licensed by libraries A number of new authors are contributors to this new edition bringing to their chapters their experience as teachers of reference and as practitioners in different types of libraries Discussions of services in Part I integrate digital reference as appropriate to each topic such as how to conduct a reference interview online using instant messaging Boxes interspersed in the text are used to present scenarios for discussion to highlight key concepts or to present excerpts from important documents Discussions of sources in Part II place more emphasis on designing effective search strategies using both print and digital resources The chapter on selection and evaluation of sources addresses the changing nature of reference collections and how to evaluate new types of sources Each

chapter concludes with an updated list of additional readings to guide further study A new companion website will provide links to Web accessible readings and resources as well as additional scenarios for discussion and example search strategies to supplement those presented in the text *The Evaluation and Measurement of Library Services* Joseph R.

Matthews,2017-10-27 This guide provides library directors managers and administrators in all types of libraries with complete and up to date instructions on how to evaluate library services in order to improve them It s a fact today s libraries must evaluate their services in order to find ways to better serve patrons and prove their value to their communities In this greatly updated and expanded edition of Matthews seminal text you ll discover a breadth of tools that can be used to evaluate any library service including newer tools designed to measure customer and patron outcomes The book offers practical advice backed by solid research on virtually every aspect of evaluation including quantitative and qualitative tools data analysis and specific recommendations for measuring individual services such as technical services and reference and interlibrary loan New chapters give readers effective ways to evaluate critical aspects of their libraries such as automated systems physical space staff performance management frameworks eBooks social media and information literacy The author explains how broader and more robust adoption of evaluation techniques will help library managers combine traditional internal measurements such as circulation and reference transactions with more customer centric metrics that reflect how well patrons feel they are served and how satisfied they are with the library By applying this comprehensive strategy readers will gain the ability to form a truer picture of their library s value to its stakeholders and patrons **The Virtual Reference**

Handbook Diane Kaye Kovacs,2007 Rebecca Brumley provides this book with CD Rom with solutions new ideas for service in your library and comparisons to measure your policies against **Virtual Reference Service** R. David Lankes,Philip Nast,2008 Shares experts best practices forward looking models and advice on new developments in virtual reference Discusses the building of consortia motivational and coaching activities for staff instant messaging options creation of subject specific taxonomies interpersonal communications improvement and more Virtual Reference Best Practices M. Kathleen Kern,2009 Outlines the tools and decision making processes that help libraries evaluate tailor and launch virtual reference services that are a perfect fit for the community and a library This book provides a checklist of issues to consider suggests plans for sustainability of services and outlines the pros and cons of collaborating in a consortium *The Virtual Reference Desk* R. David Lankes,2006 The Virtual Reference Desk is based on the peer reviewed lead papers from the November 2004 virtual reference conference in Ohio Divided into sections management evaluation and standards technology resources research and policy the book features chapters written by recognized leaders in the reference information field Your Library Goes Virtual Audrey P. Church,2007 This step by step guide is essential for both those exploring the concept of virtual school libraries and for those who want to enhance and expand theirs It summarizes the latest information about student and teacher use of electronic resources and addresses the concept of virtual school libraries in the context of

program administration information access and delivery and learning and teaching This must have resource will serve as a guide to developing virtual school libraries that become enriching and useful presences within schools and their communities

Reference and Information Services in the 21st Century Kay Ann Cassell, Uma Hiremath, 2006 Striking an ideal balance between the practical and the theoretical this text will appeal to LIS educators students and both novice and experienced professionals BOOK JACKET **Library & Information Science Abstracts** ,2008 The Australian Library Journal ,2005
