to seriously encounter the Beloved in prayer and reflection and anyone who desires to come to a deeper union with Christ in the Eucharist *Opening to God* David G. Benner,2010-09 Spiritual director Benner invites believers to discover openness to God as the essence of prayer spirituality and the Christian life Using the four movements of lectio divina he explores prayer as attending pondering responding and being **Touched by God** Luigi Gioia,2018-09-20 Luigi Gioia s second spiritual book deals with the art of contemplation Say it to God In Search of Prayer was chosen as the 2018 Archbishop of Canterbury s Lent Book and welcomed by many as an honest accessible guide to freshen their practice of prayer in the midst of busy modern life In Touched by God Gioia moves on to explore the art of contemplation He points out that contemplation is not a more advanced way of praying but a silent and loving attentiveness to God which has nothing in common with disembodied a historical and impersonal forms of spirituality Contemplation begins when we are touched by God through Scripture and become aware of his presence in us Gioia shows how this happens concretely in the lives of the characters of the Gospel of John his chosen guide to learn how to welcome God in our lives and interact with him Gioia s way to contemplation takes the reader not only through Scripture but also through plays and novels where God is never mentioned or is seen as absent distant or even as an enemy By engaging with both religious and non religious authors the reader can discover that contemplation is not some kind of spiritual wonderland but coexists with doubts thrives in the middle of struggles is discovered even in suffering dissolves guilt and leads to authentic self knowledge and compassion for every human being **Living in God** Nicholas Amato,2016-09-27 In addition to learning practices to dispose yourself to Gods presence you will be able to describe the experience and then live out of it You will also learn a method for tracking your actions and over a period of time learn how God is moving in your life and to where God may be calling you *The Way of Divine Encounter* DR. D. K. OLUKOYA,2015-01-27 Throughout the scriptures we have discovered some outstanding characters who remain symbols of excellence till date These characters attained great feats and broke new grounds after experiencing a life changing encounter with God The author with the pen of a ready writer skilfully draws powerful principles from their experiences These principles are laid bare for the modern day Christian to apply in their personal walk with God This book will help you experience the divine presence which will move your life forward You would receive spiritual vision The way of Divine Encounter will take you to a realm where demons will see you and tremble and evil powers will be frightened stiff when they discover the transforming power of an encounter with God The book will flag off a new passion for God in your life Noticing God Richard Peace,2012-05-25 Where is God How do we encounter God How do we know it is God we encounter and not some figment of our imagination Is it possible to know God in some sort of relational way Richard Peace believes it is But it requires a certain level of awareness a certain discipline of the heart Peace calls it the spiritual discipline of noticing God In this book he unpacks what it means to make a conscious practice noticing God in daily life He explores the various ways people experience and recognize God s presence including mystical encounters ordinary daily life

within our hearts through other people through Scripture nature and the church Throughout he returns to the question of discernment helping you understand how you can know that it is indeed God you are meeting in each of these places not just some fanciful figment of the imagination God is deeply present in our world and you can actually encounter him Here's how

Opening to God David G. Benner, 2012-02-27 Most Christians want to experience spiritual transformation But many are frustrated by the limited progress of our spiritual self improvement efforts We find our praying burdened by a sense of obligation and failure But prayer is not merely something we do prayer is what God does in us Prayer is not just communication with God it is communion with God As we open ourselves to him God does the spiritual work of transformation in us Spiritual director David Benner invites us to discover openness to God as the essence of prayer spirituality and the Christian life Prayer is far more than saying words to God all of life can be prayer when offered to God in faith and with openness Using the four movements of Lectio Divina Benner explores prayer as attending pondering responding and being Along the way he opens us to a world of possibilities for communion with God praying with our senses with imagination with music and creativity in contemplation in service and much more Learn how prayer can be a way of living your life Move beyond words to become not merely someone who prays but someone whose entire life is prayer in union with God

Contemplative Provocations Donald Haggerty, 2013-01-09 A great many religious people undertake at least for a time a serious dedication to prayer They are moved by a longing for a deeper encounter with God and the possibility of this beckons them as a distant light at night on the sea Yet far fewer in number become true contemplative souls for it is difficult to continue the quest for God in the face of many obstacles For those who are spiritually courageous and full of desire for God this book cannot but provoke them to begin or to persevere in this ultimate adventure in life the more complete discovery of the living God Thematically unified by the notion of God's ultimate transcendence to our limited human knowledge Contemplative Provocations offers a rich profusion of insights on the life of prayer and the pursuit of God A key to spiritual growth is the understanding that the hiddenness of God becomes a paradox in the experience of a soul seeking him wholeheartedly Rather than enjoying a more intimate familiarity with God the soul advancing in prayer is likely to experience more intensely more provocatively the concealment of God This surprising truth undergirds true contemplative prayer It is a reason why every contemplative soul and every saint is inflamed with a never satisfied thirst for God
