most important covenants in the Bible They are not the only ones but it is these two covenants that go most deeply into our survival or failure as individuals and as a species The last third of the book analyzes various aspects of public life today in the light of covenantal teaching and suggests ways to strengthen commitment to them The author's goal is to get this book into the hands of people who share his concerns and who would like to revive the influence of public ethics

The Sacred Exchange Mary L. Zamore, 2019-05-21 The newest addition to the CCAR Press Challenge and Change series this anthology creates a rich and varied discussion about ethics and money Our use of and relationship with money must reflect our religious values this book aims to start a comprehensive conversation about how Judaism can guide us in this multi faceted relationship
