Malice Liam Llewellyn, 2018-06-04 Marvin Heemeyer was a blue collar man whose greatest joy in life was to see his muffler repair shop prosper When he felt the government of Granby Colorado was conspiring against him and the success of his business he decided to take action He did not take his vengeance by walking into the town hall with a gun Nor did he build bombs and deliver them to local politicians No Marvin was more ingenious than that He put his welding skills to work In so doing Marvin Heemeyer made history as one of the most original complex controversial and misunderstood criminals in history Malice is the story of his life leading up to his one of a kind crime Exhaustively researched author Liam Llewellyn portrays the story in its entirety then poses an alternative interpretation Malice challenges the reader to ask such questions as Do governments conspire against individuals In the wake of enormous tragedy do governments tell the truth What is a criminal Do two wrongs make a right *Official Gazette of the United States Patent and Trademark Office* ,2000

Broken Irelands Mary M. McGlynn, 2022-10-17 While the national narrative coming out of Ireland since the 2008 economic crisis has been relentlessly sanguine fiction has offered a more nuanced perspective from both well established and emerging authors In *Broken Irelands* McGlynn examines Irish fiction of the post crash era addressing the proliferation of writing that downplays realistic and grammatical coherence Noting that these traits have the effect of diminishing human agency blurring questions of responsibility and emphasizing emotion over rationality McGlynn argues that they reflect and respond to social and economic conditions during the global economic crisis and its aftermath of recession austerity and precarity Rather than focusing on overt discussions of the crash and recession McGlynn explores how the dominance of an economic worldview including a pervasive climate of financialized discourse shapes the way stories are told In the writing of such authors as Anne Enright Colum McCann Mike McCormack and Lisa McInerney McGlynn unpacks the ways that formal departures from realism through grammatical asymmetries like unconventional verb tenses novel syntactic choices and reliance on sentence fragments align with a cultural moment shaped by feelings of impotence and rhetorics of personal responsibility
