Volkswagen Beetle Richard Copping,2014-09-10 Few cars have achieved the iconic status of Volkswagen s classic and much loved Beetle yet its origins are intertwined with the dark days of Nazism This book looks at those origins at the marque s initial post war rescue by the British and the effect of early VW Director General Heinz Nordhoff s forward looking desire to perfect one model rather than spread the company s talent over a range of designs at the impact of radical minded advertising campaigns and at the Beetle s never to be beaten production record for a single model of nearly 22 million cars Bringing the reader right up to the present day marque expert Richard A Copping recounts the Beetle s story in a lively and authoritative manner guaranteed to delight devotee and casual browser alike
