Worship And Mission After Christendom:

Worship and Mission After Christendom Alan Kreider, Eleanor Kreider, 2009-08-01 In this time of post Christendom worship and mission are to be integrated anew This is the view of Alan Kreider Eleanor Kreider Worship and Mission After Christendom looks at how we can re think our understanding of worship and of mission In Worship and Mission After Christendom authors Alan Kreider Eleanor Kreider discuss how mission is now emerging as God s mission where God is calling all Christians to participate in His plan and how Worship is changing too becoming more narrative based telling the story of God and celebrating His works both past and present to inspire us to live in hope as people of God **Mission after Christendom** Ogbu U. Kalu, Peter Vethanayagamony, Edmund Kee-Fook Chia, 2010-03-12 In 1910 Protestant missionaries from around the world gathered to explore the role of Christian missions in the twentieth century In this collection leading missiologists use the one hundred year anniversary of the Edinburgh conference as an occasion to reflect on the practice of Christian mission in today s context a context marked by globalization migration ecological crisis and religiously motivated violence The contributors explore the meaning of Christian mission the contemporary context for mission work and new forms in which the church has engaged and should engage in its missionary task From these essays a vision of twenty first century mission begins to emerge one that is aware of issues of race gender border spaces migration and ecology This renewed vision gives strength to the future of shared Christian ministry across nations and traditions Church After Christendom Williams Stuart Murray, 2013-08-01 How will the western church negotiate the demise of Christendom Can it rediscover its primary calling recover its authentic ethos and regain its nerve If churches are to thrive or even survive disturbing questions need to be confronted and answered In conversation with Christians who have left the church and with those who are experimenting with fresh expressions of church Stuart Murray explores both the emerging and inherited church scenes and makes proposals for the development of a way of being church suitable for a postdenominational postcommitment and post Christendom era With chapters on mission community and worship Church After Christendom offers a vision of church life that is healthy sustainable liberating peaceful and missional **Interpreting the Old Testament after Christendom** Jeremy Thomson, 2021-07-23 How would you describe the Old Testament Offensive violent patriarchal archaic difficult boring obsolete Many Christians don t bother with it anymore Yet these ancient books were in Jesus lifeblood and they provided the thought world of those early followers who wrote about him in what became the New Testament This book challenges those stereotypes of Israel s Scriptures by exploring their significance in the apostolic writings and by demonstrating the importance of whole books for nuanced interpretation It takes readers on a tour through four key books before considering the wider issues of interpretation that readers must consider in order to hear God s Spirit speaking afresh to a range of contemporary concerns including racism and the environment **Missional Worship, Worshipful Mission** Ruth A. Meyers, 2014-12-12 Too many Christians still think that worship is only a Sunday morning

activity done inside the church while mission involves how the church engages the outside world But Ruth Meyers argues that a dynamic relationship exists between worship and mission that gathering as God's people includes at its heart our being sent out into the world in God's name Meyers explores this relationship by taking readers through the various parts of the worship service gathering proclaiming the Word praying for the world celebrating the Eucharist and going forth to continue participating in God's mission in the world In each chapter Meyers includes stories of worship practices in different churches and considers how the actions of worship relate integrally to mission *Missional Worship* Worshipful Mission emphasizes that missional worship is not a set of techniques but rather an approach to worship and congregational life in which God's mission permeates every aspect of what the church does **God After Christendom?** Brian Haymes, Kyle Gingerich

Hiebert, 2017-03-08 In the face of what appears to be a widespread questioning of the practical usefulness of serious theological reflection on the nature and purposes of God the authors of this intriguing book argue that a return to the sources of the Christian tradition represents nothing less than a rich trove of resources for Christian living By revisiting the story of speech about God in scripture and in the living tradition of the church the authors argue that we are thereby enabled to confront the contemporary temptations that too often unwittingly remake God in our own image In this way the authors provocatively suggest that at least part of what Christian discipleship involves today is bound up with the task of unlearning some of the ways of speaking of God that have become so familiar to us By learning to reread the texts of the Christian tradition particularly in its most vital and creative moments the authors suggest that we might become better equipped to faithfully read the signs of our own times *Missional Discipleship After Christendom* Andrew R. Hardy, Dan

Yarnell, 2018-03-14 It is not a changing culture reduced resources or a rescinding Christian memory that creates the greatest challenges for the church in the West It is the lack of a clear commitment to the intentional authentic and contextual expressions of missional disciple making which will shape current and future generations of followers of Jesus to express the values of the Kingdom today This book offers stimulating historical biblical and theological reflections on discipleship and considers some of the possibilities and opportunities afforded to us by our post Christian context Missional discipleship allows the *missio Dei* to shape us in our engagement our practices and sustain us in the lifelong journey of becoming and developing disciples that follow Jesus today *Hospitality and Community After Christendom* Andrew Francis, 2012-09-01

This book aims to show how nurturing hospitality in the discipleship community leads to growth It seeks to re-examine the challenge biblically and in radical Christian movements presented by the pre Christendom church in its patterns of hospitality and community to so re-work these to be more effective in mission personally and corporately after Christendom The book re-examines Jesus' intentions the wider biblical material and congregational practices of sharing Communion as well as drawing on radical church history to demonstrate that despite increasing marginalization hospitality and community are essential to the church's nature well-being and mission It goes on to use many practical examples as well as leadership

strategies to enable congregations to restore hospitality and community to its necessary place. It also provides an accessible theology as well as some original liturgies to underpin Christian life as we move forward after Christendom.

Theology After Christendom Joshua T. Searle, 2018-02-14 Christianity must be understood not as a religion of private salvation but as a gospel movement of universal compassion which transforms the world in the power of God's truth. Amid several major global crises including the rise of terrorism and religious fundamentalism and a sudden resurgence of political extremism Christians must now face up fearlessly to the challenges of living in a post truth age in which deceitful politicians present their media spun fabrications as alternative facts. This book is an attempt to enact a transformative theology for these changing times that will equip the global Christian community to take a stand for the gospel in an age of cultural despair and moral fragmentation. The emerging post Christendom era calls for a new vision of Christianity that has come of age and connects with the spiritual crisis of our times. In helping to make this vision a reality Searle insists that theology is not merely an academic discipline but a transformative enterprise that changes the world. Theology is to be experienced not just behind a desk in an armchair or in a church but also in hospitals in foodbanks in workplaces and on the streets. Theology is to be lived as well as read.

Community Engagement after Christendom Douglas G. Hynd, 2022-02-25 The post Christendom era in the English speaking world has seen a significant reduction in access to political power by the churches a slow loss of their social and cultural influence and a shredding of their moral standing from abuse scandals and other public failings. Community Engagement after Christendom directly addresses these challenges proposing a different approach to the relationship between church and society. Church agencies today are often entangled in contracting with the state and its private partners to deliver government policy and services. This means they can be increasingly vulnerable to external pressure. So what resources can they and their agencies draw upon to reshape community engagement in a difficult unsettling context? Community Engagement after Christendom proposes a multifaceted approach. It begins by reading Scripture afresh through questions shaped by the present situation. Douglas Hynd then explores the story of Anabaptist public servant Pilgram Marpeck identifying how his critique of Christendom can help reshape our understanding today. Finally he looks at the current experience of church related agencies and Christian advocacy suggesting fresh imaginative ways forward.

Sacraments after Christendom Andrew Francis, Janet Sutton, 2021-02-09 Before COVID 19 reshaped the way we looked at the world and life's big questions the Western church was already being pushed from the center to the margins of society. We are entering a time which the experts call after Christendom. New and emerging churches are appearing and many traditional congregations are struggling. How can we do all that Jesus wants us to do as we follow him? Jesus was baptized and shared bread and wine with his disciples as the church does today. Most Christians believe baptism and the bread and wine moment are sacraments. What does that mean? There are many other Christians who believe that anointing confirmation marriage ordaining Christian leaders and penance or reconciliation are also sacraments. Are they? Why?

should we believe that Who tells us that we should This book takes a dynamic approach calling for a new way in thinking about discussing and sharing the sacraments How do our past practices measure up to the mission of God today What is the Holy Spirit saying What are you going to do This book sets the agenda Mission after Pentecost (Mission in Global Community) Amos Yong,2019-10-15 Bringing Pentecostal theology into the Bible and mission conversation Amos Yong identifies the role of the divine spirit in God s mission to redeem the world As he works through the Bible from Genesis to Revelation Yong emphasizes the global missiological imperative People of all nations reaching out to people of all nations Sidebars include voices from around the globe who help the author put the biblical text into conversation with twenty first century questions offering the church a fresh understanding of its mission and how to pursue it in the decades to come

On Mission with Jesus Graham Cray,2024-01-22 January 2024 marks the 20th anniversary of the start of the Fresh Expressions movement which spread internationally and denominationally from its origins in the Church of England Graham Cray was its first National Leader Countless new forms of church have emerged through Fresh Expressions the Church Army New Wine and various pioneer network On Mission with Jesus offers a theological understanding of the missional nature of the church which will undergird and inform local practice and assist ministerial and pioneer training Its central argument is that the Church s inherited understanding of itself imprisons the imagination of local congregations and in ten chapters Graham Cray seeks to establish a new self understanding for local congregations 1 Updating Default Settings 2 Sharing in the Mission of God 3 Making Disciples 4 Following the Spirit 5 Shaping the Church 6 Anticipating the Future 7 Joining the family Business 8 Being a Pilgrim People 9 Recognising Jesus in the Church 10 Becoming a Jesus on Mission Shaped Church

Gospel Witness David M. Gustafson,2019-02-14 In light of our increasingly post Christian Western contexts David Gustafson offers a mission oriented ecclesiology that moves from missional theory to practices of missional engagement Introducing God s human drama as a way to explain the gospel within God s redemptive story he outlines specific ways for pastors and church leaders to shape a gospeling culture within their congregations Gustafson expertly lays the foundations of and approaches to evangelism that are seminal and apt for the church today *Of Water and the Spirit* Phillip

Tovey,2015-09-03 According to the latest official figures the popularity of Baptism is on the rise The opportunities that this presents for mission are clear Phillip Tovey surveys the Church s understanding and practice of baptism from the days of the New Testament to today s secular society and explores the missional dimension of the liturgy of baptism *From*

'Mission-Shaped' to 'Jesus-Shaped' Church Susan Beverley Cross,2025-03-10 Hospitality is often invoked without question in Church of England discourse but the importance of the practice to contemporary mission has not been subject to detailed analysis This book provides otherwise elusive in depth theological examination of the scope of Christian understandings of hospitality From feasting in the Hebrew Scriptures and foot washing in the New Testament to online Communion during the COVID 19 pandemic hospitality is more than welcome or the evangelistic hospitality of the Alpha Course or Messy Church So

this book encompasses racism ageing poverty tragedy storytelling minds bodies and belonging as well as the implications of allying food to Christian formation It shows that Christian hospitality has relevance not only to mission but also to ecclesiology eschatology disability theology and social and ecological justice *Mission in Marginal Places: The Theory* Michael Pears,2016-09-01 This first book in the series presents a thought provoking foundation for contemporary mission Drawing on key theological missiological and social scientific ideas it discusses the fundamentals that provide a basis for place dependent reflective praxis amongst people occupying social margins This fascinating work re energises debate around questions of why and how mission in marginal places should be planned and implemented **An Open Place** Daniel Schrock,Marlene Kropf,2012-11-01 Written from an ecumenical standpoint as a practical aid for moving those experienced in individual spiritual direction toward group practices This book responds to the movement to expand spiritual direction beyond the classic on with one model Group spiritual direction has the potential to offer the rich experience of individual spiritual direction to a much wider audience yet very little has been written to provide guidance for starting such groups This book responds to that challenge It outlines ways that a diverse and ecumenical group of spiritual directors worked to initiate groups in multiple contexts It examines the many variables among directors directees even meeting spaces that affect and enliven this ministry And it summarizes pitfalls success and discoveries Fully Engaged James R. Krabill,Stanley W. Green,2015-07-01 Does your church look and sound and feel like mission Mission happens when congregations fully align themselves with God s purposes As the missional church movement matures Anabaptists bring a time honored theological tradition a contemporary spiritual vitality and practical stories of witness to the conversation How are churches and individuals living out Christ s call to engage locally and globally And how is it changing them in the process Featuring the voices of missional Mennonite leaders Fully Engaged offers stories and analysis about how mission is taking shape in local congregations and contexts A diverse chorus of Anabaptist pastors and laypeople explores the roots tools and applications of the missional movement From nurturing church planting to creating a missional culture to preaching for missional engagement Fully Engaged offers insights and ideas for churches looking for direction Missa Est! Eugene R. Schlesinger,2016-12-15 The twenty first century church cannot afford to neglect mission When church and culture no longer share a common outlook the only way forward is mission Pope Francis recognizes this in his call for a missionary conversion of the church Responding to this invitation is a constructive work in ecclesiology addressing the relationship between liturgy and mission in the church s life It advances a notion of the church grounded in both liturgy and mission where neither is subordinated to nor collapsed into the other The church s liturgical rites disclose and enact the church s identity as a missionary community Close examination of the sources at the heart of traditional communion ecclesiology Trinitarian theology the sacraments of initiation and eucharistic theology yields an ecclesiology in which the church is constituted by both liturgy and mission These are two distinct ways of participating in the triune life of God which is revealed in the paschal

mystery The church's pilgrimage to God's kingdom takes it through the world in mission The church as the body of Christ is given away to God and to the world for the world's salvation The result is a contemporary restatement of traditional ecclesiology transposed into a missional key
