English offers perhaps the richest vocabulary of all languages in part because its words are culled from so many languages. It is a shame that we do not tap this rich source more often in our daily conversation to express ourselves more clearly and precisely. There are of course thesauri but they mainly list common words. Other vocabulary books list difficult esoteric words that we quickly forget or feel self-conscious using. However, there is a bounty of choice words between the common and the esoteric that often seem to be just on the tip of our tongues. From the cover **The Joy of Words** Harry Shaw, 1984
