music look like in an account of music history that aspires to be truly global The studies presented in this volume aim to promote post European historical thinking They are based on the idea that a global history of music cannot be one single hegemonic history They rather explore the paradigms and terminologies that might describe a history of many different voices The chapters address historical practices and interpretations of music in different parts of the world from Japan to Argentina and from Mexico to India Many of these narratives are about relations between these cultures and the Western tradition several also consider socio political and historical circumstances that have affected music in the various regions The book addresses aspects that Western musical historiography has tended to neglect even when looking at its own culture performance dance nostalgia topicality enlightenment the relationships between traditional classical and pop musics and the regards crois s between European Asian or Latin American interpretations of each other s musical traditions These studies have been derived from the Balzan Musicology Project Towards a Global History of Music 2013 2016 which was funded by the International Balzan Foundation through the award of the Balzan Prize in Musicology to the editor and designed by music historians and ethnomusicologists together A global history of music may never be written in its entirety but will rather be realised through interaction practice and discussion in all parts of the world [AP World History: Modern Premium, 2024: Comprehensive Review with 5 Practice Tests + an Online Timed Test Option](#) John McCannon,2023-07-04 Provides chapter reviews of world history from prehistoric to modern times test taking strategies study tips five full length practice tests with answers and access to online resources *AP World History: Modern Premium, 2022-2023: Comprehensive Review with 5 Practice Tests + an Online Timed Test Option* John McCannon,2022-02-01 Looking for more ways to prep Check out Barron s AP World History Podcast wherever you get your favorite podcasts AND power up your study sessions with Barron s AP World History on Kahoot additional free prep to help you ace your exam Be prepared for exam day with Barron s Trusted content from AP experts Barron s AP World History Modern Premium 2022 2023 includes in depth content review and online practice It s the only book you ll need to be prepared for exam day Written by Experienced Educators Learn from Barron s all content is written and reviewed by AP experts Build your understanding with comprehensive review tailored to the most recent exam Get a leg up with tips strategies and study advice for exam day it s like having a trusted tutor by your side Be Confident on Exam Day Sharpen your test taking skills with 5 full length practice tests 2 in the book and 3 more online Strengthen your knowledge with in depth review covering all Units on the AP World History Modern Exam Reinforce your learning with practice questions at the end of each chapter Online Practice Continue your practice with 3 full length practice tests on Barron s Online Learning Hub Simulate the exam experience with a timed test option Deepen your understanding with detailed answer explanations and expert advice Gain confidence with scoring to check your learning progress
