Hearing Eyes, Seeing Ears K. J. Donnelly, 2025-02-06 This book approaches music in audiovisual culture as a complex merged signal rather than as a simple addition to the images of film The audiovisual is central to modern culture with screens and speakers including headphones dominating communication leisure and drama While this book mostly addresses film it also deals with sister media such as television and video games registering that there is a common core of synchronized image and sound at the heart of these different but related media The traditions of sound and what Michel Chion calls audiovision 1994 including principles of accompaniment and industrial processes from film have been retained and developed in other media This book engages with the rich history and varied genres different traditions and variant strategies of audiovisual culture However it also points to and emphasizes the common core of flat moving images and synchronized sound and music which marks a dominant in electronic media culture what might be called screen and speaker diaphragm culture Addressing music as both diegetic and non diegetic as both songs and score the analyses presented in this book aim to attend the precise interaction between music and other elements of audiovisual culture as defining overall configurations While many writings about music in audiovisual culture focus on what it communicates its processes are more complicated and can form a crucial semi conscious or perhaps unconscious background While music's effect might be far from simple and unified part of screen music's startling effect comes from its unity with the image Cross modal crosstalk between sound and image forms a whole new signal of its own Each chapter marks a case study making for a varied collection that embraces rich history and different traditions as well as the distinct aesthetic boldness of different genres and formats K J Donnelly is Professor of film and film music at Southampton University UK He is Author of *The McGurk Universe The Physiological and Psychological in Audiovisual Culture* 2023 and Co Editor of *Folk Horror on Film* 2023 and *Contemporary Musical Film* 2019 among other works

The Musicality of Narrative Film D. Kulezic-Wilson, 2015-04-14 *The Musicality of Narrative Film* is the first book to examine in depth the film music analogy Using comparative analysis Kulezic Wilson explores film's musical potential arguing that film's musicality can be achieved through various cinematic devices with or without music

Film/Music Analysis Emilio Audissino, 2017-10-14 This book offers an approach to film music in which music and visuals are seen as equal players in the game The field of Film Music Studies has been increasingly dominated by musicologists and this book brings the discipline back squarely into the domain of Film Studies Blending Neoformalism with Gestalt Psychology and Leonard B

Meyer's musicology this study treats music as a cinematic element and offers scholars and students of both music and film a set of tools to help them analyse the wide ranging impact that music has in films

Intersecting Film, Music, and Queerness Jack Curtis Dubowsky, 2016-04-08 Intersecting Film Music and Queerness uses musicology and queer theory to uncover meaning and message in canonical American cinema This study considers how queer readings are reinforced or nuanced through analysis of musical score Taking a broad approach to queerness that questions heteronormative and homonormative patriarchal structures binary relationships gender assumptions and anxieties this book challenges existing interpretations of what is progressive and what is retrogressive in cinema Examined films include Bride of Frankenstein Louisiana Story Rudolph the Red Nosed Reindeer Blazing Saddles Edward Scissorhands Brokeback Mountain Boys Don't Cry Transamerica Thelma Louise Go Fish and The Living End with special attention given to films that subvert or complicate genre Music is analyzed with concern for composition intertextual references absolute musical structures song lyrics recording arrangement and performance issues This multidisciplinary work featuring groundbreaking research analysis and theory offers new close readings and a model for future scholarship

Today's Sounds for Yesterday's Films K.J. Donnelly, Ann-Kristin Wallengren, 2016-04-08 In recent years there has been something of an explosion in the performance of live music to silent films There is a wide range of films with live and new scores that run from the historically accurate orchestral scores to contemporary sounds by groups such as Pet Shop Boys or by experimental composers and gothic heavy metal bands It is no exaggeration to claim that music constitutes a bridge between the old silent film and the modern audience music is also a channel for non scholarly audiences to gain an appreciation of silent films Music has become a means both for musicians and audiences to understand this bygone film art anew This book is the first of its kind in that it aims to bring together writings and interviews to delineate the culture of providing music for silent films It not only has the character of a scholarly work but is also something of a manual in that it discusses how to make music for silent films

The Development of Popular Music Function in Film Anthony Hogg, 2020-12-23 This book offers a unique examination of the development of popular music function in film It assesses the contribution of popular music to the interpretation of the most significant films covering the period from rock n roll's initial introduction at the opening of Blackboard Jungle to the backlash against disco which followed soon after the release of Saturday Night Fever By dividing this period into five phases The Classical American Musical Phase The British Invasion Phase The New Hollywood Alienation Phase The Disco Phase and The Post Disco Conservative Phase the book pinpoints key moments at which individual developments occurred and lays out a path of expansion in popular music function Each chapter offers close analyses of this period's most innovative films examines the cultural historical technical and industrial factors peculiar to each phase and considers the influence of these upon the specific timing of functional advances

The Musicality of Narrative Film D. Kulezic-Wilson, 2015-04-14 The Musicality of Narrative Film is the first book to examine in depth the film music analogy

Using comparative analysis Kulezic Wilson explores film's musical potential arguing that film's musicality can be achieved through various cinematic devices with or without music When Music Takes Over in Film Anna Katharina Windisch, Claus Tieber, Phil Powrie, 2023 **Identifying and Interpreting Incongruent Film Music** David Ireland, 2018-11-04 This book explores the concept of incongruent film music challenging the idea that this label only describes music that is inappropriate or misfitting for a film's images and narrative Defining incongruence as a lack of shared properties in the audiovisual relationship this study examines various types of incongruence between a film and its music and considers the active role that it can play in the construction of a film's meaning and influencing audience response Synthesising findings from research in the psychology of music in multimedia as well as from ideas sourced in semiotics film music and poststructuralist theory this interdisciplinary book provides a holistic perspective that reflects the complexity of moments of film music incongruence With case studies including well known films such as *Gladiator* and *The Shawshank Redemption* this book combines scene analysis and empirical audience reception tests to emphasise the subjectivity context dependency and multidimensionality inherent in identifying and interpreting incongruent film music *Film Music in the Sound Era* Jonathan Rhodes Lee, 2020-02-13 *Film Music in the Sound Era* A Research and Information Guide offers a comprehensive bibliography of scholarship on music in sound film 1927-2017 Thematically organized sections cover historical studies studies of musicians and filmmakers genre studies theory and aesthetics and other key aspects of film music studies Broad coverage of works from around the globe paired with robust indexes and thorough cross referencing make this research guide an invaluable tool for all scholars and students investigating the intersection of music and film This guide is published in two volumes Volume 1 *Histories Theories and Genres* covers overviews historical surveys theory and criticism studies of film genres and case studies of individual films Volume 2 *People Cultures and Contexts* covers individual people social and cultural studies studies of musical genre pedagogy and the Industry A complete index is included in each volume **The Sounds of Silent Films** Claus Tieber, Anna Katharina Windisch, 2014-09-30 *The Sounds of Silent Films* is a unique collection of investigatory and theoretical essays that for the first time unite up to date research on the complex historical performance practices of silent film accompaniment with in depth analyses of relevant case studies **Experiencing Music and Visual Cultures** Antonio Cascelli, Denis Condon, 2021-01-31 Bringing the research of musicologists art historians and film studies scholars into dialogue this book explores the relationships between visual art forms and music The chapters are organized around three core concepts threshold intermediality and synchresis which offer ways of understanding and discussing the interplay between the arts of sounds and images Refuting the idea that music and visual art forms only operate in parallel the contributors instead consider how the arts of sound and vision are entwined across a wide array of materials genres and time periods Contributors delve into a rich variety of topics ranging from the art of Renaissance Italy to the politics of opera in contemporary Los Angeles to the popular television series *Breaking Bad* Placing these chapters in conversation this volume

develops a shared language for cross disciplinary inquiry into arts that blend music and visual components integrates insights from film studies with the conversation between musicology and art history and moves the study of music and visual culture forward

Sound and Image Andrew Knight-Hill, 2020-05-26 Sound and Image Aesthetics and Practices brings together international artist scholars to explore diverse sound and image practices applying critical perspectives to interrogate and evaluate both the aesthetics and practices that underpin the audiovisual Contributions draw upon established discourses in electroacoustic music media art history film studies critical theory and dance framing and critiquing these arguments within the context of diverse audiovisual practices The volume s interdisciplinary perspective contributes to the rich and evolving dialogue surrounding the audiovisual demonstrating the value and significance of practice informed theory and theory derived from practice The ideas and approaches explored within this book will find application in a wide range of contexts across the whole scope of audiovisuality from visual music and experimental film to narrative film and documentary to live performance sound design and into sonic art and electroacoustic music This book is ideal for artists composers and researchers investigating theoretical positions and compositional practices which bring together sound and image

The McGurk Universe K.J. Donnelly, 2023-01-01 This book reconsiders audiovisual culture through a focus on human perception with recourse to ideas derived from recent neuroscience It proceeds from the assumption that rather than simply working on a straightforward cognitive level audiovisual culture also functions more fundamentally on a physiological level directly exploiting precise aspects of human perception Vision and hearing are unified in a merged signal in the brain through being processed in the same areas This is illustrated by the startling McGurk Effect whereby the perception of spoken sound is changed by its accompanying image and counterpart effects which demonstrate that what we see is affected by different sounds accompanying sounds This blending of sound and images into a whole has become a universal aspect of culture not only evident in films and television but also in video games and short Internet clips Indeed this aesthetic formation has become the dominant of this period The McGurk Universe attends to how audiovisual culture engages with and mediates between physiological and psychological levels

Reinventing Sound Enrique Encabo, 2015-10-28 Recent years have witnessed a true technological revolution with a global impact upon all areas of society from entertainment to education Technology changing and evolving at increasing speed undoubtedly shapes ways of seeing the world something which requires profound reflection in terms of how reality is understood It is undeniable that in this audiovisual world music plays a leading and prominent role This is particularly notable when considering the importance of music in relation to the way it is featured on mobile devices and as manifested in terms of other communication technologies its impact on new narrative forms and the prominence of audiovisual fiction in advertising and the new ways of creating receiving and disseminating music on the Internet This book is divided into two sections New Media New Audiences and Music Cinema and Audiovisual Practices New Approaches and the sixteen essays brought together here are the work of an

international group of scholars who deal with different geographical and cultural contexts One of the highlights of this volume is its interdisciplinary re reading of a complex phenomenon that is undoubtedly a fundamental part of contemporary culture As such this collection will be of particular interest to both scholars and non specialist readers Music in Films about the Shoah Elias Berner,2024-09-02 This book focuses on the aural and musical sphere of fictional audio visual reconstructions of the Holocaust a defining event in the history of the 20th century Musicology has seen an increasing number of works on the function of film music and the construction of identity in media contexts in recent years This project analyses the use of music in feature films about the Shoah The analysis of the sound of Nazi violence as well as the escape from and resistance against it not only reveals a lot about the construction of the filmic characters emotive states but also tells us more about our own relationship to the past The author understands the soundtrack of these films as an affective mediator of time which connects filmic representations of the past with the present Analysis focuses on the soundtracks of four films Schindler s List The Pianist Taking Sides and Inglourious Basterds **Feeling Film** Beth Carroll,2016-11-25 This book questions the de facto dominance of narrative when watching films Using the film musical as a case study this book explores whether an alternative spatial understanding of film can offer alternative readings to narrative For instance how do film aesthetics influence our interaction with the film Can camera movement and music make us feel cinema Can the film world bleed into our own Utilising film musicals ranging from those by Fred Astaire and Ginger Rogers to von Trier s Dancer in the Dark 2000 Feeling Film A Spatial Approach investigates how we might go about understanding the audience s spatial relationship with film aesthetics what it might look like and the tools needed to conduct analysis The Sounds of Silent Films Claus Tieber,Anna Katharina Windisch,2014-09-30 The Sounds of Silent Films is a unique collection of investigatory and theoretical essays that for the first time unite up to date research on the complex historical performance practices of silent film accompaniment with in depth analyses of relevant case studies
